## GRIDIRON HUE FOR 1916 IS CHANGED

Washington's Threat to Quit Brings Possibility of All-Coast Conference.

### STANFORD IS CONSIDERED

University May Not Be Able to Force Conference Members Into Line. Developments Are Expected at Meeting December 2.

SPOKANE, Wash, Nov. 18 -- (Spedail)-The threat of the University of Washington to sever athletic relation with other colleges of the Pacific Morthwest to case the same rule, passed by Washington, harring freshmen from achietic teams, is not passed by the centerence efficially, may not have the effect of ferring the conferense members into line as J. Arthur-Tennger, Washington's graduate-man-

ager, is queted as having process.

It may, treated, bring about an all-Chart conference, but not along the lines of the one proposed some time hads, which was to consist of the Uni-variation of California, Washington and Oregon; C. A. C. and Washington Male.

Stanford University, hitherto ignored Bianford University, hitherto ignored in the reskuning may play a surprising part. Branford, it is announced, will be represented at the Portland sendwormen December 2 and 2. Hander consequence December 2 and 2. Hander corresponds on in values outselfor an examination tickets on sale in concepts with the reserved sent sale at the A. G. Spaiding Brow. store, 245 storeact, head of athleties, was quoted by a Portland writer as being solidly with W. S. C. and against doing anything that would be injurious to W. B. C. winterest.

With the Oregon Aggies and Washington State admittadly hand-in-glove
with the University of Oregon, logieally with these rather than with
Washington and the University of California; with the votes of Whitman
and Idaho admittadly safe against hareard Idaho, and the Caling Call Humphries' Submarines won their and Maho admittedly safe against harring freemen; with Stanford flat-factedly against the California anti-freshmun dictum, and with Stanford known
to be in long and frombly correspondtion with Vashingtob State, it is boliaved here that there may be some
developments at Fertiand that J. Arthur
Faunger and his backers had never
dreamed of.

## W. A. HARRIMAN IS VISITING PORTLAND

Union Pacific Vice-President Getting Acquainted With Affairs of O.-W. R. & N.

TOUR IN WEST IS NEAR END

Railway Official, Returning East From Exposition Accompanied by Wife, Consults With Purchasing Agent in Portland.

W. A. Harriman, vice-president and director of purchases and supplies of the Union Pacific system, is visiting Portland for a new days and is taking advantage of the opportunity to acquaint himself with the affairs of the O.-W. R. & N. Company, which is owned by the Union Pacific. With Mrs. Harriman, he is at the Portland Hotel.

Mrs. Harriman, he is at the Portland Motel.

Mr. and Mrs. Harriman have been on a tour of the western part of the United States for the last few months. They have just come from the exposition at San Francisco and are traveling in his office car "Arden."

Mr. Harriman is a son of the late E. H. Harriman, who, in his day, was regarded as the "railroad wizard." He is only 15 years of age, but is one of the most active members of the Union Pacific board of directors.

As bead of the purchasing department of the Union Pacific, he also has jurisdiction over the purchases of the Overon Short Line and of the O.-W. R. & N. Company.

Mr. Harriman was besought yesterday by several local lumber men who were eager to learn whether the Union Pacific intends to purchase new tie material this Winter.

"I have been away from my office in New York for more than two months, he explained, "and don't know what the needs of the system in that particular are."

He was in consultation, also, with G. W. Saul, purchasing agent for the O.-W. R. & N. Company, to whom Mr. Harriman referred all inquiries regarding the purchases for the local end of the Union Pacific system.

Mr. and Mrs. Harriman will be here for several days, after which they will leave for Omsha, stopping at various places en route to look over the railroad property.

SPOKANE HIGHWAYMEN CONFESS CAREER OF CRIME.

## Experts Say: "Asphalt-Base"

Engineers of both Packard and Ford organizations, Lieutenant Bryan, a Government expert, and other authorities, declare that motor oil made from Western crude gives best results.

The majority of Pacific Coast motorists have known this for years. They are using Zerolene in preference to any other oil because they have found it highest in lubricating efficiency.

But the crude can't do it all. Standard refining methods—the result of more than forty years experience are largely responsible for the superior lubrication Zerolene gives your motor.

Zerolene made from asphalt-base, selected California petroleum-won highest competitive awards at both Expositions.
