RODGERS' RETURN IS HOPE

With Quinn on First, Bill at Second. Ward at Short, Stumpf or Hollicker at Third, Bates' Absence Won't Cripple.

After all is said and done, Ray Bates, the Beaver thirdsacker, may be wearing a Federal League uniform when it comes time to play bell next Spring.

According to latest reports from Patterson, N. J., Bates' home, P. T. Fowers, president of the Newark Feds, and Bates are holding daily sessions in the magnate's office. Fowers already has Ray's terms and the only hitch seems to be over the length of the contract demanded by the Beaver.

Bates wants a three-year contract with his signature to a contract of two years' duration.

When Manager McCredie, of the Beavers, was informed of Bates' friendliness with the Fed owner yesterday, he mersily amilied and declared that he didn't think that Bates would connect with a Federal League contract.

"Over the border lies Spring—and its roses: Over the border lies Spring—and Ty Cobb; Ty Cobb and Matry and Wagner and Barry, Jacksen and Johnson and Crawford and Wood;

Foster Sanford,

Yale has fallen back so far in football that only an unusual leader can lift her up again. And yet she has the best man in the business for this particular job standing on her doorstep. After all is said and done, Ray Bates,

the Fortland boss.

This young fellow Hollicker seems to be a great ballplayer and if he lives up to his advance notices, he would have no trouble in filling Baies' place. Besides, I would switch Stumpf to third, which sack I believe he can held down better than he did either short or second base. With Quinn on first base, Bill Bedgers at second base, if we get him back and I am aimost certain we will: "Chuck" Ward at shortstop and Stumpf or Hellicker at third. I hardly see how Bates' absence will cripple us to any great extent. I can Germany, by bembarding unfortified. I hardly see how Bates' absence will eripple us to any great extent. I can also get Martin from the Philadelphia Nationals if I want him, and it is said that he is a pretty good infielder."

Despite the fact that McCredie has a sterling young catcher in Fish, of the Phillies, and is almost certain of getting him, he will tote Al Bartholmey, the Fortland semi-pro, to the Spring camp.

Manager Walter said yesterday that if Fish comes he should have no trouble in showing either Carisch or Fisher into the discard. What he would do with young Bartholemy in this case is probmatical. Al probably would be farmed out for a time.

"Bartholemy does show up well with the stick, but I think that about a month's work in a league of lower classification than the Coast would be all that he would need," said Walter.
