In lifting the Willard-Fulton grapple from New Orleans that proud and ancient citadel probably will go the way of Nineveh and Tyro. It was a terrible blow to deal an unsuspecting city that was in no sense prepared for any such death-dealing blow. Suppose you lived in a town where you expected to have a chance to see Willard and Fulton fight, and then suppose without warning—but there is enough tragedy in this world without piling any more on.

A majority of the members of the Y a majority of the members of the New York Giants are strong for the game. Most of them are mighty predicted, While Manager McGraw plays golf himself, he believes it is bad for the player during the playing season. McGraw figures the player who does 18 holes under the hot sun in the morning burns up a considerable amount of mental and physical energy that he should expend on the ball field in the afternoon. Regardless of McGraw's feelings in the matter, a number of his players have continued the game against his wishes. against his wishes.

Wouldn't It Make You Mad?

Suppose you went to one of our "leading" clothiers and bought a suit for \$25.00 and the very next day you saw that same suit at the same store "on sale" at \$19.85—wouldn't that make you mad? Well, that happens every season. There are only two reasons for "reducing" prices either the clothes are undesirable and unseasonable or they were marked with an extra excessive profit originally.
