

MORE AMERICANS REACHING BORDER

Train Bearing Refugees, Under Guard of Carranza Soldiers, at El Paso.

SMELTERMEN COME HOME

Security of Troops at Chihuahua Confirmed—Consul Edwards Asks Protection for Mormon Colonists in South.

EL PASO, Tex., Jan. 14.—Fifty-two Americans, including several women and children, arrived here tonight at 7:15 o'clock from Chihuahua City, the first train of this kind since the outbreak of the Carranza revolution last Monday.

More than 100 Americans still remain in what is considered the danger zone. The latter, it was hoped, would reach American territory aboard a special train Monday on a train which, according to reports received by United States officials, arrived at Peralta tonight. The refugees who arrived tonight on the special train passed through Chihuahua City today.

"It is good to get home," said several refugees as they left from the fine grounds into American territory.

American Soldiers Killed. The train bearing the refugees also brought two American soldiers who were killed in an encounter with members of the Carranza train guard, 15 miles south of the border.

Another Soldier Missing. The train bearing the refugees also brought two American soldiers who were killed in an encounter with members of the Carranza train guard, 15 miles south of the border.

All the employees of the American Fueling & Engineering Company, who were working at the El Paso Company on the train.

The security of troops at the Chihuahua state capital was confirmed by arrivals, who said that 250 men were about the total of the Carranza forces there.

General Villa previously had held up trains in his earlier career as a bandit.

Another Soldier Missing. The train bearing the refugees also brought two American soldiers who were killed in an encounter with members of the Carranza train guard, 15 miles south of the border.

Refugees Appear on Streets. Mexicans who, for the sake of safety, were required to stay within doors last night during the demonstrations, today appeared on the streets in large numbers.

INFANTRY WAS REMOVED FROM THE STEAMSHIP SANTA MARIA AT JAMAICA BY A BRITISH MERCHANT VESSEL

Clark, who had served 12 months in the Canal Zone, was proceeding to Washington under orders to report to the Adjutant-General and was in full uniform when he was temporarily removed from the Santa Maria, which flies the American flag.

CZAR DEMANDS VICTORY

ARMY AND NAVY TOLD PEACE HAS NO OTHER PRICE. However Great Are Sufferings and However Numerous Are Victims War Must Go on to End.

LONDON, Jan. 14.—Reuter's Petrograd correspondent says that Emperor Nicholas, in an imperial order to the Russian army and navy on the occasion of the Russian New Year day, proclaimed that there can be no peace without victory.

"On the threshold of the year 1916, I send to you my greetings, my brave warriors. In heart and thought I am with you while you battle in the trenches, imploring the aid of the most high on your work, your valor and your courage. Remember this: Our beloved Russia cannot be assured of her independence and her rights; cannot enjoy the fruits of her labors or develop her resources unless a decisive victory has been won over the enemy."

"Let us therefore impress upon your minds and consciences that there can be no peace without victory. However great the sufferings and however numerous the victims the struggle may cost us, we must bring victory to our mother country."

"I have had occasion to meet certain regiments on the fields of Moudschan and Vilska (south of Vilna), which had become famous because of the battles fought there in September last and I realized how wars were the heart, how high was the spirit and how firm was the determination of all to do their duty in the defense of the country. I enter on the new year with firm confidence in the success of God, in the moral power, in the unshakable resolution and fidelity of the whole Russian nation, and in the martial valor of my army and navy."

WARSHIPS TO BE RUSHED

EMERGENCY FUND FAVORABLY REPORTED IN HOUSE. Ships to Be Unleashed for New Battleships Double Shifts to Be Put on California.

WASHINGTON, Jan. 14.—To speed up construction at the Mare Island and New York Navy-yards of battleships Nos. 42 and 44, the House Naval committee ordered reported favorably a proposed bill to authorize \$1,000,000 for the appropriation for the ships in use in enlarging building slips and other work preparatory to laying the keels of the new vessels.

Mare Island would get \$100,000 to enlarge the slip now occupied by the fuel ship Kanawha, which will be launched within a few months. It is estimated that the keel of the battleship could be laid in September or early in October.

New York would get \$100,000 for increasing the facilities now employed in building the battleship California, which will be launched in August or September. Double shifts will be set to work on the California as soon as the weather permits.

Contracts for the structural steel, armor and minor engines for both new ships already have been let and the department now is preparing specifications for the main engines and electrical equipment.

MINERS' WAGES INCREASED

Montana, Minnesota and Michigan Men Are Affected. BUTTE, Mont., Jan. 14.—A voluntary wage increase of 25 cents a day was granted today to 25,000 mine and smelting employees in Montana, Michigan and Great Falls. The increase dates from January 1. The Butte & Superior Company, the W. A. Clark company and other concerns, it is announced, have agreed to the increase, which will remain in effect as long as copper is 25 cents or more a pound.

DELIVER, Jan. 14.—All the larger mining companies operating in Minnesota and Michigan from ranges have announced an approximately 10 per cent pay increase for all miners, effective February 1. The increase will affect 21,000 employees of the Steel and Iron Company, Republic Iron & Steel and other concerns.

STORM FLOODS HAMBURG

Sea Water Is Blown Up Elbe River, Damaging German Port. HAMBURG, via London, Jan. 13.—All street traffic here is tied up by unprecedented floods, caused by a west storm blowing water from the sea back into the Elbe river. Many cellars have been filled with water, and the streets in the lower portion of the city are flooded to a depth of 18 inches. The storm reached its height at 11 o'clock Thursday night with the water in the Elbe at 15 feet 2 inches.
