

UNIVERSITY PLANS TO EXTEND EDUCATION

President Campbell Will Submit New Idea to Board of Regents Today.

MORE TO BE BENEFITED

Cutting Living Expenses, Increasing Loan Funds for Deserving Students, Are Plans to Be Worked Out to Aid Instruction.

UNIVERSITY OF OREGON, Eugene, Or., Jan. 17.—(Special).—When the board of regents meet in their annual meeting tomorrow and the message of President P. L. Campbell is read, there will be submitted for their consideration a proposition democratizing higher education.

This will mean a plan for the systematic education of student living expenses and co-operation with the high schools of the state, whereby education is made practically inexpensive to the youth of the state.

How Plan is to Work Out. To accomplish this a plan has been suggested by the faculty for inexpensive living among the students.

Legislation Empowering Commission to Lay Out and Procure Rights of Way for Trunk Thoroughfares Declared Need.

SALEM, Or., Jan. 17.—(Special).—A state bond issue for making permanent road improvements and an increased tax levy to provide for maintaining state highways and for redemption of the bond issue, are recommended by E. J. Cantine, chief deputy engineer, in his annual report submitted today to the State Highway Commission.

Attendance an Increase. It will be shown in the President's report that the attendance at the university increased 9 per cent this year over that of last year.

It had been thought that the stress of economic conditions existing at the beginning of the first semester would lower the registration mark of former years.

A plan for the erection of a \$40,000 building for the engineering department, according to plans and specifications already submitted, will be presented to the regents along with many other important matters.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides, resulting in the latest application of its untried research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headaches, stuffy from a cold, foul tongue, nasty breath, acid stomach, cash, indigestion, are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have a low color, blood disorders and sickly complexions are urged to get a quart of phosphate of lime from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Adv.

Various Forms Of Headache

It is necessary in order to treat headaches properly to understand the causes which produce the affection, says Dr. J. W. Ray, of Blockton, Ala. Continuing, he says, "Physicians cannot even begin the treatment of a disease without knowing what causes give rise to it, and we must remember that headache is to be treated according to the same rule. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the suffering caused by the trouble has been removed. To answer this purpose, anti-kamina tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and relief in the most severe cases of headache, neuralgia and particularly the headaches of women."
