A total of \$7440.50 has been collected, and the complete amount needed, \$9000, is the captain's say, already in sight. It is hoped that today will complete the work. Several of the women took a rest yesterday, but will be on hand today with renewed energy.

Mrs. John A. Bell's team keeps the lead so far, having \$1067 to show for its efforts in scattering information regarding the good done by the association, and in collecting funds for the budget. Other teams have generous sums to their credit and will strive today to get into the banner class.

The contract was approved in March, 1914, and the logging concern had until January, 1916, to complete the contract.
