June Meeting of Alumni Expected to Settle Football Question-Older Hends Make Pence Possible.

SAN FRANCISCO, Jan. 20.—Alumpi and friends of the University of Call-fornia and Stanford University were more than gratified at the news that the two institutions finally had suc-ceeded in adjusting their differences and had agreed to continue their ath-jetic relations at least for the next six months

This means that rowing, baseball, track athietics and other Spring sports will see the two rivals in competition as of old until June 39 of this year. when the present agreement termi-nates. Under the circumstances no mention is made of football. This was unnecessary, as football is a Fall sport. It is the consensus of opinion that the situation was well handled in this mentionize. Word to this effect was re-cuived in Portland yesterday from the South

"We are ready for the Dallas, Or, basketball team now," said Captain Ray Toomey last night, after he had his Multnomah Amateur Athletic Club athletes out for practice. "Our full strength will be put into the lineup, as we know we are up against a pretty stiff proposition. Dallas defeated the University of California aggregation by six points, while we were just able to secure a 17-to-15 verdict." The game will be played in the Winged "M" gymnasium tomorrow night.
