Military Activity Follows Denial That Terms of Surrender Were Accepted.

KING STAYS WITH ARMY

Consul in Paris Announces That War Will Be Continued to Bitter End—Queen and Princesses in Italy.

PARIS, Jan. 20.—The Geneva correspondent of the Temps says that according to dispatches from Vienna, an active renewal of military operations has been undertaken by the Austrians in Montenegro.

PARIS, Jan. 21.—The Montenegrin Consul in Paris makes the official announcement that all negotiations between Montenegro and Austria have been broken off, and that Montenegro has decided to fight to the bitter end.

Austrian Conditions Refused. The official announcement from the consulate at Paris says: "Lazar Mouchekovitch, the Prime Minister, and the Minister of Foreign Affairs of Montenegro, arrived at Brindisi last night, accompanied by Queen Milena and the Princesses on their way to France. He telegraphed to Louis Bruni, Montenegrin charge d'affaires at Paris, that the King and the government had energetically refused all the Austrian conditions, and that Montenegro would continue the war to the bitter end."

King Nicholas and his two sons remain with the troops to organize the resistance and facilitate, in case of necessity, the retreat of the valorous army. The King expresses the hope that the allies eventually will provide him with effective aid in extricating the army, as has already been done for the Serbian army.

Insinuations Cause Distress. "The malevolent insinuations of which Montenegro has been the victim, founded on partisan news from the enemy, have distressed the King's government. M. Mouchekovitch hopes that the last tragic experience undergone by his country will show her heroic fidelity to her allies."

The Premier is waiting at Brindisi for the diplomatic body, which is due to arrive there tomorrow, and with the members of which he will travel to Lyons."
