ILLINOIS STREAMS TURN TO TORRENTS

Boats and Rafts Take Place of Autos and Wagons and Many Are Marooned.

WATER SUPPLY POLLUTED

Gigantic Ice Field Strikes Viaduc at Kansas City and Other Bridges Throughout Kansas Are in Danger.

CHICAGO, Jan. 21.—Northern Illinois today faced flood conditions such as have not been experienced for a decade. Small streams were swollen into tor rents and larger rivers overflowed their banks and inundated thousands of acres, marooned hundreds of homes, threatened pollution of water supplies and did damage estimated at many

hundred thousand dollars.

Joliet and nearby towns suffered from the overflow of the Dosplanes River and its tributaries, which sub-merged, the village of Rockdale be-neath six feet of water, swept a bridge at Channahon and inundated the lower section of Joliet.

Aurora in Greatest Danger.

In the valley of the Fox River, from Eigin to Ottawa, there was flood damage, the greatest danger being at Aurora, where whole sections of the city were submerged and for a time the artesian wells which supply the city with drinking water were threatened with poliption.

With pollution.

Parther north, the Rocke River and its confluents went on a rampage and threatened the destruction of interurban and steam railroad bridges. In Rockford a schoolhouse was surcounded by the flood and the children were preby the Rood and the children were pre-vented from attending. Boats and rafts took the place of wagons and au-tomobiles in many towns and cities. No loss of life was reported, but many persons were assisted from their

Chicagoans Told to Boll Water.

In Chicago a warning to boil water was issued by the health authorities because of possible sewage pollution and all day firemen were kept busy pumping out flooded basements.

Dispatches from Kansas City say that, released by last night's warm rain, a gigantic ice field poured down the Kansas River today. It struck the new Twenty-third-street viaduct that partly spans the river, and carried away 120 feet of falsework and threw the weight of an entire cantilever on two small groups of piles. The west end of the structure had fallen 10 feet this afternoon. It was feared the bridge would be carried out. The bridge would mean disaster for the local bridge.

At points along the Kansas River, hundreds of workmen were stationed, protecting other bridges. Explosives were used to break the ice at several places.

LIGHTNING HITS OIL TANKS Oklahoma Suffers Heavy Damage From Flood and Storm.

OKLAHOMA CITY, Okia, Jan. 21.— Five persons were drowned numerous others endangered, much property was destroyed and train service was de-moralized in Oklahoma today by rain-swollen streams. The damage centered in Murray County and in the Healdton oil fields.

James Shenner, of Sulphur, Okla, a wealthy bachelor, was drowned in the flood that passed down Rock Creek following a cloudburst. Mrs. Edward O. Cleveland and three of her children lost their lives in the destruction of their home and store north of Sulphur. Numerous other persons in the rural districts, marconed by the flood water, were rescued in boats. In the Healdton oll fields operators

in the Healdton oil fields operators and pipe-line companies apparently sustained heavy losses from lightning. Nine tanks of oil were reported burning today, but wire communication was paralyzed before details of the damage could be learned. Smoke from the burning oil hung like a storm cloud over the entire district throughout the

MINERS TO ASK INCREASE

Two-Year Bituminous Agreement Also May Be Demanded.

INDIANAPOLIS, Ind., Jan. 21.—It was learned here tonight from usually well-informed leaders in the United Mine Workers of America that those in control of the organization expect the convention to adopt a scale for the bitu-minous coal fields which will call for at least 10 cents a ton increase in

There is also a likelihood, according to some of the leaders that a two-year agreement will be demanded. The anthracite miners are also asking for a two-year contract, so that both agreements, if made for that term, will expire at the same time.

PROVIDENCE, R. I., Jan. 21.—Another unsuccessful effort was made by the prosecution today in the trial of Mrs. Elizabeth Mohr and two negroes for the murder of her husband, Dr.

for the murder of her husband, Dr. C. Franklin Mohr, to have the alleged confessions of the accused negroes admitted as evidence against her.

The court had previously ruled out this evidence as affecting Mrs. Mohr, but Attorney-General Rice moved today that, in view of the testimony of George W. Healis, Dr. Mohr's negro chauffeur, which he said "showed a conspiracy," all evidence which had been admitted only as concerning Victor Brown and Henry H. Spellman, the negro defendants, be now considered by the jury against the widow as well.

At the hour of adjournment Miss Gertrude Stevenson, a Boston newspaper writer, was on the stand. She testified that she interviewed the three negroes—Brown, Spellman and Healisin jail, and that Brown wrote something on a slip of paper, which he said was to be his "alibi." Miss Stevenson and he asked her to give the paper to his sister, and also requested the witness to get Mrs. Mohr to send him an attorney.

umberland avenue, which is well known to many Americans, has been com-mandeered by the Ministry of Muni-tions for administration offices.

BUCHAREST, Roumania, via Berlin and London, Jan. 21 .-- An Anglo-French corporation, with a capital of about \$96,000,000, has been formed to buy up all available grain, so that the central powers will be unable to import needed supplies. It is not known what use will be made by the allies of the proposed purchased.

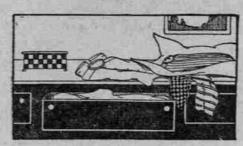

Officials pointed out today that where insurance was paid on cargo, indemnity for its destruction usually went to the insurance companies rather than to the owners, but it was said there were many arguments in justification of a different course in the case of loss of life.

Germany has offered indemnity for the Lusitania victims, but acceptance by the United States hinges on the settlement of all issues growing out of the tragedy. The Solicitor-General, Sir George Cave, explained that the purpose of the bill was to put an end to the situation which enabled German companies to continue business here during the war and to hoard their profits for their own benefit in the economic struggle which might be expected to follow the conclusion of peace.

"I have reason to believe that British property in Germany is being treated in a very high-handed way," the Solicitor-General continued. "While there is no desire to confiscate enemy property in this country, it is desirable that the hand of the state should be placed on such property, and that it be kept safe until it is known what has happened to British property in Germany."
