

## JEWISH CAMPAIGN BEGINS THURSDAY

All Banks and Daily Newspapers Are Designated to Receive Contributions.

### APPEAL GOES BROADCAST

Receipts Will Be Cabled Each Day to Poland and Galicia to Relieve Hunger of Millions Near Starvation.

**HOW TO REMIT FUNDS.**  
Contributions to the fund for the relief of the suffering and starving Jews in Eastern Europe may be sent to Ben Selling, treasurer relief committee, to any bank in the city of Portland, or to any newspaper in the city of Portland. Checks should be made out to Jewish relief fund or to Ben Selling, treasurer.

Following a session lasting several hours, the local citizens' committee which is directing the work of raising funds for the relief of the starving millions of Jews in the European zone decided that the best results would be obtained if a number of agencies were designated for the collection and custody of funds. Accordingly, every bank in the city and all the daily newspapers will be asked to become auxiliary workers in the actual task of securing the proposed sum of \$25,000, the mark set by the local committee as Portland's share of the National relief fund, which, it is hoped, will reach \$5,000,000.

In addition to the banks and the press, the committee asked Ben Selling, treasurer of the local Jewish committee, to act as treasurer of the general citizens' committee and to see that the money collected is forwarded to the National relief fund treasurer in New York from day to day, so that no time will be lost in placing the funds at the disposal of the relief distributing agencies in Poland, Galicia and other places of acute suffering. Checks should be made out to the "Jewish Relief Fund," if sent to a bank or newspaper, or to "Ben Selling, Treasurer," if sent to a newspaper. Cash contributions may be left at the same receiving places as the checks. Each day's proceeds of the campaign will be wired to Felix J. Warburg, treasurer of the National committee, who, in turn, will cable the funds to the distributing stations in the war-stricken provinces.

**Campaign Opens Thursday.**  
The official opening of the relief campaign will be on Thursday. The task of gathering in the cash offerings will be continued for some time. The plan to have the entire campaign culminate and be wound up in one day originally discussed, has been modified for the reason that it was felt that the time for preparation was entirely too short to reach the entire citizenship of Portland.

To give the movement the widest possible publicity, the citizens' committee, after listening to reports of the conditions among the war-stricken Jews, requested Rabbi Jonah B. Wise to prepare a written appeal to the public at large. In this appeal it will be shown that not a cent of overhead expenses will enter into the matter of collection and distribution of the relief funds. All the work, material, supplies and cost of administration will be borne by the local and general committees, so that the money will go to the actual relief of distress, dollar for dollar received.

This appeal was in preparation last night and it will be sent to the citizens of Portland, men and women in all walks of life, so that each person appealed to will be fully informed of the urgent need of quick action and of liberal support as circumstances will permit.

This personal appeal will go into the mail, this morning, and the actual campaign is on Thursday the committee hopes to see a hearty response from all classes and conditions. In sum both large and small. Quite a number of public-spirited men and women have already notified the individual members of the citizens' committee that they are ready to write checks just as soon as the announcement is made where the subscriptions may be sent. Several checks were tendered at the meeting yesterday afternoon.

**Man Gives Heirloom.**  
The most unique contribution of all, and one that touched the relief workers deeply, came from an old man who said he didn't have a cent in money beyond the payment of his current month's rent, so he inclosed his gold watch and chain and told the committee to realize what cash it could of the watch and forward the proceeds to the general committee. Ben Selling, to whom the timepiece, a family heirloom, was delivered, said it would be at auction, thinking that in this way more could be realized than in any other way.

"This man's donation certainly came from the heart," said Mr. Selling, "and was no doubt inspired by what took place at the great mass meeting held a short time ago in New York, where men and women, in their eager desire to help the cause, stripped rings from their fingers and jewelry from their persons and laid it on the speakers' table. Wealthy women even tore diamond earrings from their ears and priceless ornaments from their hair, and this was after they had emptied their purses of all the money they had."

In order to arouse interest among the business and commercial organizations of the city, Rufus C. Holman, County Commissioner, who was added to the membership of the committee, volunteered to head a list of speakers who will appear at various club meetings and luncheons during the next week or so and appeal directly for voluntary contributions.

Other members of the committee are to get in touch with prominent churchmen of all denominations. The general plans of the committee contemplate making a concerted effort to realize as much as possible through special free-will offerings in all the local churches Sunday. The actual call for funds will be directed in so many churches as possible this coming Sabbath.

**Everyone Should Drink Hot Water in the Morning**  
Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water, with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of Limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.  
To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment, and, above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.—Adv.
