TELEGRAPH LINES PARTLY RESTORED

Service Is Spasmodic, However, and Many Wires Are Still Out of Commission.

WIRELESS AIDS SITUATION

Five Thousand Phones Are Out of Commission and Pacific States Company Calls for All Repair Men in State.

te Northern Washington points.

Most of the trouble experienced by the Western Union is south of falemmany poles of the company being down and the service to fan Francisco being intermittent. Officials of the company say that unless the storm becames worse normal conditions will prevail by next Manday.

Wiretenn In Uard. Lines of the Federal Telegraph Company are entirely out of commission and the only service that company is maintaining in the receiving of meanings by wireless from Man Prancisco, anges by wireless from Man Prancisco, their station in the Board of Trade haiding being utilized for that purpose. Their wires to San Francisco pose. and Scattle are lost and, as they com-municate with Spelians through Se-attle, that town is out of their reach. The sending station of the Federal The sending stations of the Federal Wireless people is still out of commission, although last night the efficials of the company raid that temperary regains would be made at the Lents shallon this morning, so that Seattle and San Francisco could be communicated by a continued and San Francisco could be communicated by the company was the first and seattle and seat The Federal Telegraph Company was in communication with San Francisco for half an hour late yesterday, but service was ugain discontinued at 5-30. Officials of this company are at a less to discover where the greatest damage to their service lines has been done.

to their service lines has been done. Pastal Service Resumen.

The Pental Telegraph Campany toepoced their Han Francisco and Eastern Rises at 6:30 had night, as well as
local way wires between this city and
the California line.

A large furce of men under the ditention of Hen Durker, chief of the wire
division of the Partiand district. Are
working out of Portland to distant
points. Up to t o'clock last night only
commercial felegraph lines were working to distant points out of Partland.

It has been found that the greater
portion of the trushle of the Postal
company by between here and Woodburn, Or, many poles being found down burn. Or, many poles being found down between these two places. There is trathin also between Woodburn and Salem, but south of Salem there is bit-

Needed Manganese Can Only Be Secured via Black Sea Shipments.

WASHINGTON, Jan. 26 .- The scare Suropean war is causing great uneasiness among class bottle manufacturers, and Lorenzo Walford, president of the Old Dominion Glass Company, at the Willard "Some manufacturers have only enough chamicals to run until Spring and more enough to go beyond November.

"Manganess is the only chamical howen that will pre-fore flint or white glass. While manganese is mined in West Virginia, it contains so much from that it is worthless for glass manufacture. The manganess for making the same of the shock and windswept Sandy boulevard—a misnomer yesterday.

"First time we've had a full jury here on time in years," complained Constable Andy Weinberger. "Now where it Sam Hill's the judget" it was 5.28. An hour passed. try of chemicals as a result of the

oil has advanced rapidly; antimony, another important chemical, has jumped from 5 cents a pound to more than 36 cents Limber has gone up 55 a thousand. The result, glass manufacturers have found, is their cost of manufacture increased 30 per cent. Higher prices were inevitable. Window glass manufacturers were the first to annumic an advance, they were followed by the makers of beer bottles, and now the manufacturers of milk jars have increased their prices 30 per cent."
