As a result of another 1-cent increase in the price of gasoline, made effective yesterday, the standard motor fuel is now retailing at prices ranging from 16 to 17% cents a gallon at the various filling stations. As the boulevard is well provided with drains at this particular point it is believed there must be a spring. The dirt and mud slid into the ravine with a terrific roar carrying trees with it. PREPAREDNESS IS UPHELD

Singer, Appearing at Heilig, and Who Is Descendant From Indian Tribe, Describse Scenes in Battle-Torn Europe.

BY JOSEPH MACQUEEN. "I was in Berlin, Germany, when the ig war broke out in the Summer of 1914. I passed six weeks at London, England, and saw wounded soldlers brought from the war front to their home hospitals. I experienced the atmosphere of war, its tension, "its and think that it is a terrible thing, I believe in National preparedness for our beloved America. I speak as an

American woman."
So said Miss Myrtle Ashby, singer, last night, in one of the parlors of the Nortdnia Hotel. Miss Ashby, a lyric soprano, sings tonight at the Heilig Theater as soloist with the Apollo Club male chorus, William H. Boyer, conductor.

Miss Ashby has the highest right to call herself an American young woman, since by birth she is a descendant from an Indian tribe in Alaska.

Singer Good-Looking Brunette. Singer Geed-Lecking Brunette.

She was born at Juneau, Alaska, and is a good-looking brunette. She is shy about this American-Indian blood of hers, but brightened up when it was recalled to her that Mrs. Woodrow Wilson, wife of the President of the United States, is proud of the fact that she (Mrs. Wilson) is descended from the Indian Princess Pocahontas. I also told her that many of the early settlers in Oregon were of Indian and white extraction and that today no other American pioneers in Oregon are more honored than they.

"Weil," said Miss Ashby to me, appealingly, "I'm part American-Indian, of course, but please don't make the fact very prominent, will you? I hope the sudience at the Apollo Club concert will like me because of my singing, not because I am partly of Indian blood."

Study Carried on in Berlin, "My mother was in Berlin, Germany, about five years ago and after seeing that I had got settled into a nice, comfortable boarding-house, and had met my voice teacher, Richard Lowe, my mother went home to America." said Miss Ashby, in her gentle, slivery

woice.

"Early in August, 1914, when I was practically alone in Berlin, war conditions reigned, and I went to the American Embassy, obtained transportation to the United States, via England and Holland. Berlin literally swarmed over with soldiers when I left it and London was just the same.

"Now. I assure you, I am not interested financially or otherwise in any munitions factory. Therefore, I can be classed as one who has come from war-stricken Europe, with the firm conviction that we in America had better see to our National defense, so that we can take care of what we have, I mean defense, not defiance."

War Blocks Professional Career,

War Blocks Professional Career, Miss Ashby was to have been pro-fessionally engaged in German opera, had the war not intervened. Most folks forset that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dult misery in the kidney region, severe headaches rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. The Treatment of

Influenza or La Grippe

It is quite refreshing these days to read of a clearly defined treatment for Influenza or Ls Grippe. In an article in the "Lancet-Clinic," Dr. James Bell, of New York City, says he is convinced that too much medication is both unnecessary and injurious. When called to a case of la grippe, the natient is usually seen when the fever is present, as the chill which occasionally ushers in the disease, has practically passed away. Dr. Bell then orders that the bowels be opened freely with salts, "Actoids" or citrate of magnesia. For the high fevor, one anti-kammia tablet every three hours is quickly followed by complete relief. Ask for A-K Tablets. They are also unexcelled for headache, neuralsia and all pains.
