ROSARIAN TRIP POPULAR. RESERVATIONS POUR IN FROM ALL OVER OREGON. Many Marching Organizations to Be Represented in Excursion to Honolulu in April.

The announcement Tuesday by Dean Vincent, prime minister of the Rosarians, that the date for the sailing of the Rosarian excursion to Honolulu had been definitely set for April 15, precipitated upon him a flood of calls for reservations already at his desk and telephone most of the time while he was in his office.

Even before the date had been set with certainty, reservations came in steadily, but the volume was as nothing compared to the rush that began yesterday.

It is believed that it may develop very soon, said Mr. Vincent, between answering telephone calls yesterday afternoon, "that when we set the limit of the party, reservations will be up to the limit, if the interest that is being shown now is any criterion."

Marching bodies similar in organization to the Rosarians in all parts of the state are taking an active interest in the trip, and it is certain that most of them will be substantially represented on board the Great Northern when she sails out of Portland next April.

A. T. Fraley, president of the Eugene Radiators, wrote yesterday to Mr. Vincent announcing that members of the Radiators already want reservations for six, and that other members are considering the trip, with practical certainty of taking reservations later.

The Albany Phœnix, another of the younger organizations in the state, is expected to communicate with Mr. Vincent soon on the probability of some of its members making the trip.
