Very often this state of things is brought on by poor elimination. Constipation is the underlying cause of many a case of "nerves" as any doctor will tell you.

Once get rid of constipation permanently and you will be amazed at the transformation in your health and spirits. Laxatives and cathartics won't cure you of constipation.

They give only temporary relief and tend to form a habita which is exceedingly dangerous.

But you will find in Nujol a rational means of restoring normal, healthful bowel activity. Nujol is a pure white mineral oil conforming to all the requirements of the Lane treatment for constipation, which physicians everywhere are now prescribing as the safest and most effective means of restoring normal bowel activity.

It is not a laxative but a lubricant. Being entirely mechanical in its action it may be taken in any quantity without harm.

Nujol is colorless, odorless, and tasteless.

Write for booklet, "The Rational Treatment of Constipation." If your druggist hasn't it, we will send a pint bottle of Nujol prepaid to any point in the United States on receipt of 75c-money order or stamps.
