DAY ALL FOR AMATEURS

Message to Be Flashed to 25,000 Licensed Operators on Eve of Washington's Birthday, for Widespread Delivery.

WASHINGTON, Feb. 13 .- A demo stration of radio preparedness will be given by the 25,000 amateur licensed operators in the United States, begin-ning Monday night, February 21, at 11 o'clock, central time. At that hour a message in keeping with the spirit of the following day, the anniversary of the birth of George Washington, will be flashed from a station near the Rock Island Arsenal, Illinois, for relay throughout the United States. Government officials here, Army and Navy officers particularly have given

Navy officers particularly, have given the plan their unanimous indorsement, but will refrain from actual participa-tion in the movement. This will be left entirely to the amateur operators, wireless associations and Boy Scout or-ganizations, the latter being used to deliver the messages throughout their respective territories. A copy of the message will be handed personally to each Governor and to Mayors of the

larger cities.
In working out the plans officers of the wireless associations have pointed to radio communication as the quickest means of arousing the country in time of danger. They contrast their work with the performance of Paul Revere, who used the best means then avail-able to spread an order for mobilization

The message will be read at Lexing-ton, Mass., and Mount Vernon, Va., the ne of Washington, with appropriate emonies, under the auspices of the Boy Scout organization.
