## **Nervous Period**ical Headaches

This trouble commonly called "sick headache, is said to be due to the retention of ures in the system. Often it it is stated that a poor condition of the blood is a cause of these headaches, or that it is a nervous condition; and in certain cases, no doubt this is true.

Where treatment is demanded, it is more for the pain than anything else, and Dr. A. F. Schellschmidt of Louisville, has sound anti-kamnia tablets to give prompe and satisfactory relief. "Rest should be insisted upon," he says, "and the patient should go to bed, darken the room, and all the attendants and family should be as quiet as possibles. An emetic will sometimes shorten the attack. The bowels should be kept open with "actoids"; a hot hath and a therough rub-down with a coarse towel, often give grateful rollef. Two anti-kamnia tablets when the first signs appear, will usually prevent ine attack. During an attack, one tablet every hour or two will shorten the attack and relieve the usual nausea and vomiting." These tablets may be obtained at all druggists. Ask for A-K. Tablets. They are also unexcelled for nervous headaches, neuralgia and all pains.
