STOLEN WINE IS FOUND

CERTAIN COURTHOUSE EMPLOYEES ARE BEING WATCHED.

Measuring Stick, Showing Amount of Confiscated Liquor Missing, Disappears Also.

The discovery of a gallon can of wine and a five-gallon can from which liquor had been poured in an airshaft of the engine-room at the Courthouse yesterday and the disappearance of the measuring stick used by Constable Weinberger to plumb barrels of confiscated liquors, were developments yesterday in the wine mystery which is puzzling authorities about the Courthouse.

The liquor found was all stolen from the barrels confiscated in the raid of Joe Mezzan's French-Italian cafe last week and before they were destroyed Tuesday.

The measuring stick which disappeared was marked to show the decrease of the amount of liquor in one of the barrels of wine.

No arrest has been made, but several suspects, employees of the Courthouse, are under surveillance. Eight quart bottles were found cached Tuesday.

ACTOR CAN'T SEE JOKE

HENRY HALL WAITS IN VAIN TO PHOTOGRAPH CHINESE.

Box Office Man Puts Up Job on Baker Player and Oriental Opera Troupe Is Used as Lure.

Henry Hall, of the Baker Players, has a hobby—that of taking and developing pictures. Nearly every place Henry goes, goes also his faithful camera. Always on the lookout for some original photos, his heart was made glad by Sid Isaacs, who has charge of the box office for the Chinese theatrical troupe at the Eleventh-street playhouse, who told him that the Chinese actors were anxious to have someone take their photograph.

It was all arranged for a recent afternoon at 5:30 o'clock and, with a grip full of flashlight stuff and other paraphernalia, together with his camera, Hall was on the job. He had arranged a suitable background and was prepared to have an eager company of Oriental actors awaiting him.

QUIT MEAT WHEN BACK HURTS OR KIDNEYS BOTHER

Says Uric Acid in Meat Clogs Kidneys and Irritates Bladder.

A Glass of Salts Is Harmless Way to Flush Kidneys, Says Authority.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or stick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

And the best part, it cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.
