

WOMEN'S CLUBS

BY EDITH KNIGHT HOLMES

SEVENTY years have elapsed since the founding of the Y. W. C. A. For half a century, girls have passed through its doors and under its protection. So now for the great jubilee, which Portland, like all the other big cities in the country, will celebrate. The magnificent pageant will include 170 girls portraying the maidens of each decade since the birth of the organization in 1866. Many prominent women are sponsoring the affair for Tuesday night. Mrs. William B. Osborne, Jr., is chairman and Miss Frank Towles is directing the pageant.

The two speaking parts are in the hands of Miss Henrietta Honey and Mrs. W. D. Whitcomb, who will portray the "1866 Maiden" and the "Girl of 1916." The pageant will begin with the romantic play, "The Maiden of the Quaker little maid of that day will be seen in a stage set with furniture of her time and around her will be girls costumed to represent the hand of woman who gathered and organized the Y. W. C. A. From that time on will pass on the stage a gradually increasing number of girls characteristic of every decade. The monthly dinner of the business women will be told by the "Maid of 1866" and the dressmakers, the clerical workers and teachers of her time will be represented by the "Maid of 1876" and so on.

The rapid development and the changes of the 50 years will be shown and told of by Miss Honey and Mrs. Whitcomb. Mrs. Whitcomb, the business woman will sing. An exceptional feature of the event is the especially arranged music by a stringed orchestra that will play music appropriate to the time of the decade. The popular songs that have characterized each decade will be sung and played.

The Y. W. C. A. is active in 44 countries and 23 of them will be represented by girls many of whom will be in genuine native costume. In every way it is planned to make the pageant the most notable that has so far been held in Portland.

BEAUTY DOCTOR TELLS SECRET

Detroit Beauty Doctor Gives Simple Recipe to Darken Gray Hair and Promote Its Growth.

Miss Alice Whitney, a well-known beauty doctor of Detroit, Mich., recently gave out the following statement: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, promote its growth and make it soft and glossy. To a half pint of water add 1 oz. of bay rum, and 1 oz. of Barbo Compound and 1/2 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is also fine to promote the growth of the hair, relieve itching and scalp disease, and is excellent for dandruff and falling hair.—Adv.

MR. ALDERMAN LAUDED

AD CLUB HEARS BISHOP SUMNER PRAISE SCHOOL SYSTEM.

Sources of "Fads and Frills" Charges Are Arraigned as Insignificant Compared to Efficiency.

"I believe that Portland has its good school system as any city of its size and many that are much larger in the United States," said Bishop Sumner yesterday in his address on "Efficient Citizenship" before the Ad Club at its luncheon at the Benson Hotel.

"I have no patience with those who attack the schools of Portland on the basis of 'fads and frills.' I am not holding a brief for Superintendent Alderman; I am not very intimately acquainted with him; but I do want to say that I think it is shameful to elect a superintendent and urge upon him to make the schools modern and efficient in every way possible—and when he has made a system which is practical and efficient and modern in every respect, for some little-minded persons to cry that there are too many 'fads and frills' in the schools."

"Aside from the effectiveness of his work right here in Portland, I have had the opportunity to talk with prominent school men in all parts of the United States and I find that among them, Mr. Alderman stands high indeed, as a school man, as an educator and as a progressive and leading character in the school development of the United States."

Bishop Sumner's address yesterday was the first that he has delivered formally before any of the clubs of the city and it was very largely attended. In his plea for efficiency of citizenship he took an emphatic position in favor of the concentration of attention toward the betterment of conditions for the children in society. He urged the necessity of stricter marriage laws and the concentration of highly the work of the social hygiene societies in the country.

Judge W. N. Gatens was chairman of the day.

POACHERS' EXIT SEEN

EVEN VIOLATORS WILL TURN GAME PROPAGATORS, IS PREDICTION.

Mr. Shoemaker Thinks That in 10 Years Duty Will Not Be to Arrest, But to Protect.

"Inside of 10 years game warden will exist not for the police power that they now exercise, but for the protection of the propagation and protection of game birds and animals. And in the same amount of time the education of the public will have been such that deer and other game animals will be propagated for commercial use, as game birds and fish are at the present time.

ROUTE VIOLATION CHARGE

Jitney Driver Haled Into Court for Failure to Go to Terminus.

A. Pruss, known to the police as "Barney Oldfield," appeared in Municipal Court yesterday, charged with failure to drive his jitney to its terminus.

He was arrested by Deputy Sheriff A. A. Thielke, who is also president of the Chauffeurs' Union. The defense contended that Pruss was the object of persecution because he did not belong to the union, to which Mr. Thielke retorted that the

accused had been expelled from the union for reckless driving.

"Barney" was in court last week, when he was assessed a \$3 fine. Judge Langhuth ordered that this fine be paid at once, and dismissed the case.
