

SECOND POISON IS FOUND IN KITCHEN

First Drug Used by Banquet Chef Now Believed to Have Played Minor Part.

ANOTHER ARREST IS MADE

New York Police Aid Those of Chicago, Acting on Tip Obtained by Arrest of Man Carrying Concealed Weapons.

CHICAGO, Feb. 16.—Antonio Toniolo, 24 years old, was taken into custody today following receipt of information from the New York police that he was a friend of Jean Cronos, the University Club assistant chef, believed by the police to have put poison in the soup of the guests at the Archbishop Mundeis banquet last Thursday night.

Information regarding the friendship of Cronos and Toniolo came to the New York officers, according to Captain Hunt, chief of the Chicago detective headquarters, when they had arrested a man named Camillo, charged with carrying concealed weapons.

Chemists today were asked to discover the nature of another poison found in kitchen utensils used in the preparation of the banquet. It was said a new poison was the primary drug used, and that the one first found was merely a secondary poison.

C. L. Abel, of Watseka, Ill., today told the police that a man answering the description of Cronos boarded a train on the Chicago & Eastern Railroad February 10. He was later joined by a woman with whom he made an appointment to meet in Nashville, Tenn., saying that he was first going to St. Louis. The woman left him at Watseka.

Information gleaned from the conversation was forwarded to Nashville and to Louisville, Ky., the latter city being named by the woman as her home.

Fire today in a locker-room in the city hall near where consuls of soup from the University Club banquet and the chemicals and explosives found in Cronos' room are stored was investigated as having a possible connection with the poison case. The blaze was speedily extinguished after insignificant damage. The cause was not evident. A broken bottle containing the odor of oil was found on the floor.

TOWN CALLING FOR HELP

Thousand Persons Marooned by Breaking of Mississippi Levee.

NATCHEZ, Miss., Feb. 16.—An urgent appeal for help, received here tonight from Newellton, La., where the Mississippi levee broke yesterday, said that 1000 or more persons were marooned by the flood waters with only a meager supply of food to take them to safety. Three negroes had been drowned. It was said, and outside the town itself about 75,000 acres of farm land was inundated.

NEW ORLEANS, Feb. 16.—A third leak within the last two days in the lower Mississippi has been reported tonight from Ostrica, La., about 70 miles below New Orleans. Heavy damage was feared in the orange and truck farms in the water's path, but no mention reaching here was that there had been no casualties.

LANE TO ASK FOR TAXES

Land Grant Memorial to Congress Is Being Prepared.

EUGENE, Or., Feb. 16.—(Special.)—No matter what disposition is made of the Oregon & California Railroad lands by Congress, Lane county will ask that it receive the sum of approximately \$240,000 back taxes, levied during the last three years, but which were not collected because of the Southern Pacific company's refusal to pay, pending litigation involving title to the land. This announcement was made this afternoon by District Attorney J. M. Devers, who is preparing a memorial to Congress, which will be signed by the Lane County Court.

SLIDE KILLS WORKMEN

Several Injured and Three Missing When Crews, Digging, Are Buried.

WENATCHEE, Wash., Feb. 16.—(Special.)—While removing a slide from the Tumwater Canyon, just above Leavenworth light house power company, a second slide swept down the steep hillside and buried a gang of Japanese and Bulgarian workmen. One Japanese was killed outright and three were so seriously injured that they are not expected to live.

One of the Bulgarians was thrown into the Wenatchee River and was drowned. Three other Bulgarians are missing and a number were taken from the slide badly injured.

D. R. FRANCIS MENTIONED

Missouri Man May Be Marye's Successor at Petrograd.

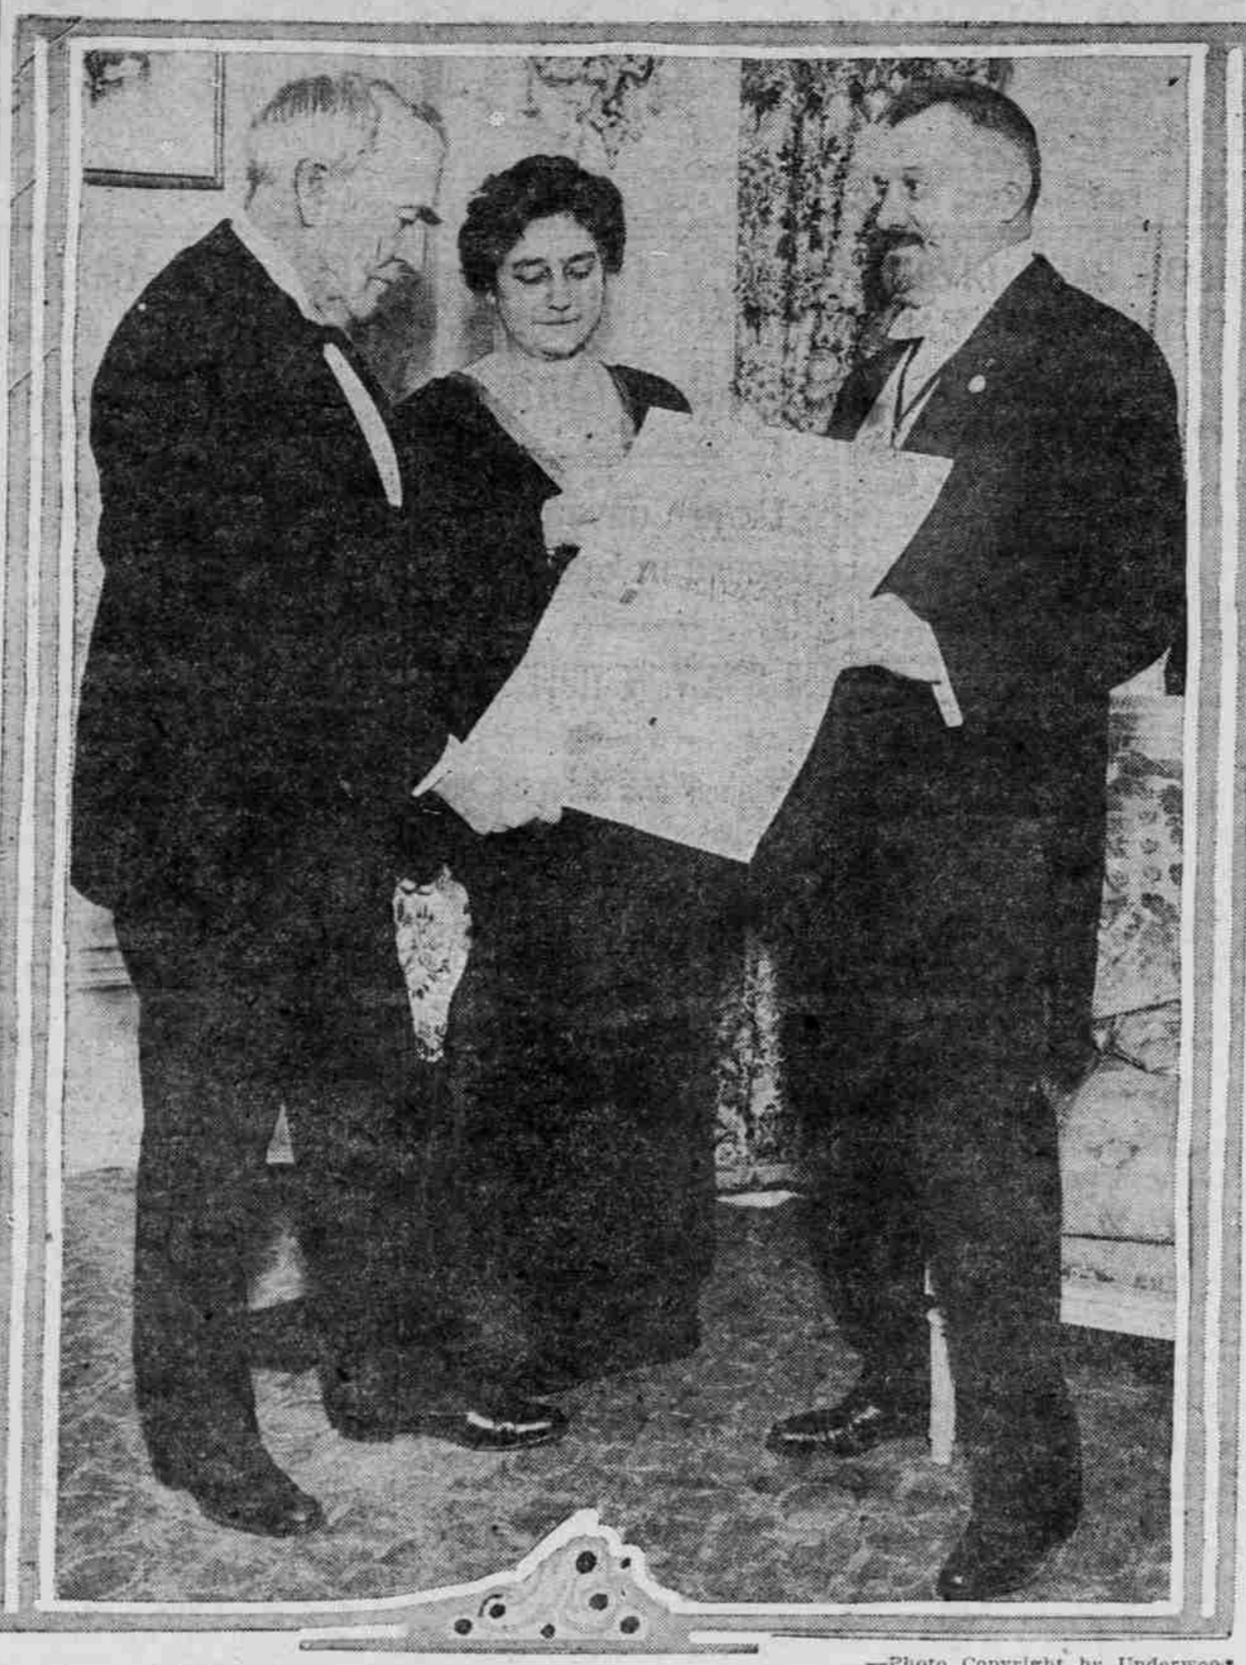

WASHINGTON, Feb. 16.—David R. Francis, of St. Louis, ex-Secretary of the Interior and ex-Governor of Missouri, is understood tonight to be under serious consideration for appointment as Ambassador to Russia to succeed George T. Marye.

Torpedo-Plant Official Killed.

CLEVELAND, Feb. 16.—Charles Baker, local manager for the Washington Torpedo Company of Washington, Pa., was blown to atoms today in the company's warehouse in Olmsted Park, a suburb. Eight hundred quarts of nitroglycerin blew up.

LIGHTING ENGINEERS HONOR GREAT INVENTOR ON 69TH BIRTHDAY.

JOHN W. LIEB, VICE-PRESIDENT OF NEW YORK EDISON COMPANY, PRESENTING SCROLL TO MR. EDISON. NEXT TO MR. EDISON IS MRS. EDISON.

On the eve of his 69th birthday Thomas A. Edison, the "electrical wizard," was honored, February 16, by the Illuminating Engineers Society at a banquet at the Hotel Biltmore, New York. "He has done more than any other man to promote the art and science of engineering," were the words used by Charles P. Steinmetz, the president of the society, in referring to Mr. Edison.

RULE IS MODIFIED

American Censorship Bow to Objection by Germany.

WASHINGTON, Feb. 16.—Secretary Daniels announced today that he would authorize a modification of the regulations under which wireless dispatches are censored by Naval officers so as to permit, when no violation of neutrality was involved, the passage of messages referring to Naval vessels and operation of belligerent ships.

NAVAL REPORT EXCLUDED

Berlin Wants to Know Why News Permitted in England Was Suppressed in United States—Daniels Explains Old Regulation.

The announcement was made shortly after Count von Bernstorff, the German Ambassador, had asked the State Department for an explanation of why the American Naval censors at Sayville, N. Y., had rejected wireless dispatches from Berlin containing official announcements from the Admiralty, which the British censors had passed for publication in England.

Mr. Daniels explained that censors had acted under the existing regulations, drafted by a board of naval officers after an exhaustive study of the question of radio censorship, and prohibiting the transmission into this country of any message referring to "movements or locations of war or other vessels of the belligerents."

The strictness of the regulation, he said, was to prevent violations of neutrality by the admission of dispatches containing information of a military value which might be used by agents of a belligerent nation in this country.

In cases of the information coming officially from a foreign government and of strategic importance, from an enemy country, the Secretary said he believed the prohibition could be removed. The subject will be called to the attention of the Naval Board tomorrow.

Thursday's War Moves

ERZERUM, Turkey's chief city in Armenia, is in the hands of the Russians. Heavy assaults by the Russians against the long line of detached forts protecting the city, lasting over a period of five days, and described by Grand Duke Nicholas, the Russian commander-in-chief, as "unprecedented," have resulted in the capture of the fortress.

Unofficial reports early in the present month said the German field marshal, Von der Goltz, with 80,000 men, were besieged in the city with provisions for only a fortnight.

The capture of Erzerum is considered a strategic importance. From it radiate roads leading in all directions. Over those to the southeast and south it will be possible for the Russians

MATRON KILLS HER RIVAL

West Virginia Woman Shoots Victim on Crowded Car.

HUNTINGTON, W. Va., Feb. 16.—Mrs. Rose Wood, a young married woman, was shot and killed on a crowded Huntington Ashland interurban car today by Mrs. Leonard Defoe, who charged that Mrs. Wood had alienated her husband's affections.

Mrs. Wood was seated in the car with Mr. Defoe. It was said, when Mrs. Defoe boarded the car, drew a revolver from her muff, placed it against the back of Mrs. Wood's head and fired. Mrs. Defoe surrendered to the police.

MR. BORAH STARTS FUSS

INJECTION OF ATROCITY INTO RECORDS ANGRERS MR. STONE.

Idaho Senator Asks if We Have Become So Cowardly as to Dread Publicity of Facts.

OREGONIAN NEWS BUREAU, Washington, Feb. 16.—When Senator Lodge, of Massachusetts, introduced in the Senate a resolution directing the President to designate a day for raising funds for the relief of Armenians in the belligerent countries of Europe, Senator Borah, of Idaho, interrupted the proceedings to have read a news dispatch from Petrograd telling of the atrocious burning to death of an American doctor by Turkish troops. The story related the capture of the doctor and described his murder briefly as follows:

"He was captured and told that, since he had been a good doctor and had helped the wounded, they would not kill him, but that he must accept the Mohammedan faith. He refused. They poured oil on him and, before applying the torch, they gave him another chance to forsake his religion. Again he refused, and they set his clothes afire. While running in agony from the flames the Turks shot him several times. After he fell to the ground unconscious they backed his head off."

The injection of this newspaper story into the Senate debate greatly riled Senator Stone, of Missouri, chairman of the foreign relations committee, who denounced the Idaho Senator for placing such matter in the records. He said he could not surmise the Senator's purpose. Whereupon Senator Borah explained, saying:

"Mr. President, I simply wanted to accentuate the situation in that country. I trust it has not become improper for the Senate of the United States to know how citizens of the United States are being treated in other countries. I trust, Mr. President, we have not become so cowardly as to dread publicity of facts concerning the treatment of our citizens abroad."

Myrtle Point Man Gets Patent.

LOOKING FOR WORK

Everywhere men complain about work; even boys and girls in school or business find work tedious and irksome, but it isn't the work half so much as their own lack of physical strength that makes it hard.

Rich blood, strong lungs and healthy digestion make work pleasurable in business, in school or even housework, and if those who are easily tired—who are not sick, but weak and nervous—would just take Scott's Emulsion for one month and let its pure concentrated food create richer blood to pulsate through every artery and vein—let it build a structure of healthy tissue and give you vigorous strength—you would find work easy and would look for more. Insist on Scott's.

Scott & Bowne, Bloomfield, N. J. 15-35

STEAMER BATTLES U-BOAT

Baron Napier Returns Fire and Outrims German Attacker.

NEW ORLEANS, Feb. 16.—The crew of the British steamer Baron Napier, a mule ship which arrived here today from Alexandria, Egypt, brought stories of a battle in the Mediterranean on January 17 between the Baron Napier and a German submarine, in which the steamer escaped.

According to their stories the Napier, with 150 men aboard, was about 150 miles east of Malta, when a German submarine began to shell the steamer. The Baron Napier carried a three-pound gun and immediately returned the submarine's fire. The submarine fired about 30 shots, the sailors asserted, and two men on the steamer were wounded by shrapnel. The Napier, by increasing her speed, escaped.

EUGENE GOES ON RECORD

Support for Taylor Forest Appropriation Bill Asked.

EUGENE, Or., Feb. 16.—(Special.)—The Eugene Chamber of Commerce at its regular weekly luncheon today adopted a resolution urging Oregon Representatives in Congress to support the Taylor bill, providing for an appropriation of \$10,000,000, at the rate of \$1,000,000 a year, for the construction of roads and trails in forest countries.

The resolution urges all Oregon commercial bodies, granges, labor organizations and all civic organizations to co-operate in securing the passage of the bill.

Multnomah Man Gets Clerkship.

OREGONIAN NEWS BUREAU, Washington, Feb. 16.—Leon Mangum, of Multnomah, Or., has been appointed to a clerkship in the War Department.

Why Suffer With Backache, Kidneys or Rheumatism Now? Dear Reader: Before using "Anuric Tablets" I had such a terrible backache that I could hardly do my housework, but after taking one box I could do my work with comfort. I take pleasure in recommending both "Anuric" and "Favorite Prescription," as they have done wonders for me. I would advise others to try them because I know they will find great relief. You all have undoubtedly heard of the famous Dr. Pierce's Invalids' Hotel and Surgical Institute, in Buffalo, N. Y., for backache and kidney complaint. It is good for diseases arising from disorders of kidneys and bladder, such as backache, weak back, rheumatism, inflammation of bladder, scalding urine and urinary troubles. MRS. S. M. SIMONS.
