

# FISH WARDEN QUILTS; CAUSE IS FRICTION

R. E. Clanton, Superintendent of Hatcheries, Chosen to Succeed H. L. Kelly.

## \$2500 SALARY IS SAVED

Change Places Police Power Entirely in Hands of State Game Warden and Duplication of Officers Will Be Avoided.

Giving as his reason the friction existing between himself and members of the State Fish and Game Commission, H. L. Kelly, since July 23, 1915, the master fish warden of the state, yesterday tendered his resignation. It was accepted immediately by the Commission.

R. E. Clanton, superintendent of hatcheries, will assume the duties of the office of master fish warden immediately, having been elected to that position at the special meeting of the Commission yesterday. The office of superintendent of hatcheries will therefore be automatically eliminated and the salary of the officer formerly holding that position \$2500 a year will be saved. Mr. Clanton will draw salary as fish warden.

Although there has been some friction existing between Mr. Kelly and members of the Commission, it is known that Mr. Kelly has been in rather poor health recently. This may have had something to do with his resignation.

The Commission had contemplated for some time a reconstruction in the departments of fish and game and the resignation of Mr. Kelly fits in with the general scheme outlined.

The combining of these offices will also put the police power, formerly a function of the fish department, well as of the game department, entirely in the hands of the state game warden. Unnecessary duplication of police officers will therefore be avoided, the work of patrolling in the interest of game and fish protection being simultaneous.

H. L. Kelly was appointed Master Fish Warden by the State Fish and Game Commission June 26, 1915, and assumed the duties of the office July 1. He has had wide experience in hatchery work, being employed by the Government for years and having been interested in the same line of work in South America for 18 months. From South America Mr. Kelly returned to Oregon City, his home, and was awarded the office of Master Fish Warden.

The office of Superintendent of Hatcheries was created at the session of the last Legislature, and Mr. Clanton was given that position, the application of Mr. Kelly for the office of Master Fish Warden being given favorable action by the Legislature.

Mr. Kelly has not announced what his future plans are to be.

## GEORGE W. BROWN SOUGHT

Canyon City Woman Asks Aid of Chamber in Search.

Mrs. Allie Thornton, of Canyon City, has written to the Chamber of Commerce, on behalf of herself and her brothers and sisters, to see if the whereabouts can be ascertained of George W. Brown, from whom nothing has been heard by his family for the past four years.

He formerly lived in Cottage Grove and then moved to Portland, about 12 years ago. He married a Miss Voss of Fleet, whose parents live in East Portland, so far as his relatives know, and he owned some property in St. Johns. He was engaged in the lumber industry as a saw filer in mills and camps.

## NEW RIGHT-OF-WAY LIKELY

Question of Sewer in Irvington Acres Leads to Opinion by Mr. La Roche.

The city may face the necessity of buying a new right of way for a sewer through property owned by M. J. McKinnon and Jennie McGreor in Irvington Acres, according to a letter sent to the City Council yesterday by City Attorney LaRoche.

Suit to foreclose on a mortgage on the property has been filed in the Circuit Court. If the foreclosure goes through, Mr. LaRoche says the city will have to negotiate for a new right of way through the tract or take the sewer out.

## SCALP ITCHED

HAIR FELL OUT

Big Flakes of Dandruff Would Peel Off, Hair Dry and Lifeless. In Six Weeks Completely HEALED BY CUTICURA SOAP AND OINTMENT

"Dandruff first started by my scalp being too dry. I washed my hair often but in two or three days big flakes of dandruff would peel off. My scalp itched all of the time and the itching was so intense during the day that I had to scratch my scalp by scratching. My hair fell out and became dry and lifeless.

"The trouble lasted about four months before I started using Cuticura Soap and Ointment. I rubbed the Ointment on my scalp at night and washed it out in the morning with the Cuticura Soap. In six weeks I was completely well." (Signed) Miss Ruby Beck, Lehi, Utah, July 15, 1915.

## NEW PROCEEDINGS NEEDED

Council Rules That "Indefinite Postponement" Kills Measure.

In the parlance of the City Council, "indefinite postponement" of a measure means that the measure is killed, according to the interpretation given the term yesterday by members of the City Council and City Attorney La Roche.

Some time ago a large delegation of property owners in the vicinity of Hasalo, Adams and Benton streets appeared before the Council and asked for the discontinuance of proceedings for the extension of Benton street from McMullen's Addition to the intersection of Hasalo and Adams streets. The Council therefore "indefinitely postponed" the proceedings. Yesterday another delegation appeared and tried to resurrect the proceedings so the extension can go ahead. It was ruled by the Council that entire new proceedings must be instituted.
