BY EDITH KNIGHT HOLMES

CALENDAR FOR TODAY.

Clubs.
Portland Woman's Club, nominations; polls open 1:30 to 2 o'clock.
Wichita Parent-Teacher Association tonight.
Arha Parent-Teacher Association, school garden meeting, 2:30 o'clock.
Milwaukie Association at 8 o'clock.

PROMINENT TEMPERANCE WORKER AND CLUBWOMAN IS VISITING IN PORTLAND.

Miss Edith Willis

MISS EDITH M. WILLIS, one of the leading temperance workers of the country, field secretary of the Scientific Temperance Federation, of Boston, Mass., and assistant editor of the Scientific Temperance Journal, is a visitor in Portland. She spoke yesterday in the Chapman School and on Wednesday in the Washington High School to the assembled students. Miss Willis will speak before several of the women's clubs.

She will also give several talks next week in the White Temple in connection with the social service exposition that is to be held under the auspices of the Ministerial Association and the various social service agencies.

In Portland the W. C. T. U. women have always taken an active interest and a leadership in scientific temperance work and they will be interested in hearing Miss Willis. Mrs. G. L. Bland is the chairman of the scientific temperance work in the local W. C. T. U.

Miss Willis for some time was associated with Mrs. Mary H. Hunt, who led the movement in the public schools of the country. She is a member of the temperance committee of the International Sunday School Association.

Miss Willis will speak and demonstrate and will have an important part in the work of the Anti-Saloon League at the exposition.

The all-day meeting of the women's societies of Mount Tabor Methodist Episcopal Church will be held at the home of Mrs. L. P. Hosford, 54 East Sixty-second street, March 1, at 10:30 A. M. A cafeteria luncheon and social hour at noon will afford an opportunity for friendly greetings.

Nominations will be the order of the day at the Portland Woman's Club today.

Mrs. J. A. Pettit in all probability will have strong support for the presidency.

Mrs. C. B. Simmons will doubtless be named for the first vice-presidency. She is department chairman and a woman of much experience in club work. Mrs. Warren E. Thomas has been asked by scores of the women to let her name be placed on the ballot for second vice-president.

Two clever playlets by Mrs. Nathan Haveria will be read at the Women's Political Science Club on Tuesday by Miss Gladys Thompson. Visitors are welcome. Mrs. Daniel Grant has arranged an interesting programme.

A colonial entertainment will be given tonight at 8 o'clock in the Wichita School for the benefit of the Parent-Teacher Association. Dry-cleaning and programme has been arranged by Mrs. F. Miller and committee. Refreshments will be served. The public is cordially invited.

The Portland Research Club will present a programme of readings and music on March 1 at 8:30 o'clock in the library by Mrs. Elizabeth Dryden and Lucien E. Becker will give the numbers.

Following is the suggested ballot which the Portland Woman's Club will consider today:

President, Mrs. J. A. Pettit; first vice-president, Mrs. C. B. Simmons; second vice-president, Mrs. Warren E. Thomas; recording secretary, Mrs. C. A. Steele; corresponding secretary, Mrs. G. B. McLeod; financial secretary, Mrs. D. L. Povey; treasurer, Mrs. John Van Zante; auditor, Mrs. M. H. Lamond; directors, Mrs. D. B. McBride and Mrs. T. C. Taylor.

The regular meeting of the Milwaukie Parent-Teacher Association will be held tonight when J. Dean Butler, Oregon City, will talk on "Home Life and Schools of the Philippines." A musical programme and refreshments will be additional features.

The executive board of Milwaukie Parent-Teacher Association was held on Tuesday and the money taken at the recent movie shows collected under the auspices of the association was turned over to the treasurer and a committee was appointed to purchase books for the school library. Mrs. Nash was made chairman of the committee on hot lunches. Miss Bernice Fish, Miss Muriel Nichols and Miss Agnes Skulason sold a box of goods on Saturday for the child welfare fund.

Under the auspices of the Hood River Woman's Club a programme of music was given on Wednesday in the Hood River Library Hall. Among those who participated were: Julia Ann Creighton, Hazel Lender, Jack Stanton, Susie Emery, Anna May Chipman, Ruth Harris, Ella Niehaus, Lois Jean Sinclair, Marie Bartmess, Elda Jackson, Anita Marquis and Janet Slade.

THE SANDMAN STORY

BY MRS. F. A. WALKER

The Singing Sprite.

IN THE very heart of the great forest there lived, in the far-away days, a beautiful water sprite. The brook that was her home flowed very deep and clear, but if the wandering knight or adventurer, lured by the sound of her wonderful voice, came near and drank, he was changed to a fish. All day long she sat in her cool cave weaving flowers in her hair, and at night she floated upon the stream and the stars swung low to listen to her singing. About her in the water came and sitting and blue glittered the enchanted fish.

One night, as she sang and plucked the great white lilies in the dark pool for the foaming cascades, the wind breezes whispered to one another in the tree tops that the queen of all the fairies was surely not more beautiful. There came a crash of footsteps in the forest stillness, and through the fragrant bushes that fringed her stream came the adventurer. The sprite's sweet carolling ceased when she saw that it was only a gray old man, bent with years, who came forth into the moonlight.

The water lilies dropped from her hand and floated away as she sang a low, sweet note that called up her fishes. "Come," cried the old man, "I am weary, let me rest in your cave, under the falls. Sing to me, give me to drink from your bright stream." "Why, you would not make even a good fish or eel old man," she laughed, and went on tending the fishes.

Then the old man, who was none other than the great Merlin, the wizard, who had heard of the sprite's wicked-

ness and come to punish her, drew forth a tiny silver rod from beneath his gray robe. Three passes he made over the stream, and lo! the woods were filled with knights and hunters and yeomen who had been turned into fishes by the sprite.

While they crowded about Merlin, bowing low to thank him for their deliverance, the sprite slipped into the stream and became part of it, thinking to hide from the wizard. Merlin only laughed and held out his wand over the stream again, saying, "Thus will I punish you, O wicked sprite! No more shall you come forth in human shape, but shall be only the voice of your brook singing in the forest."

The sprite tried to beg for mercy and to sing, thinking her voice might charm him into letting her go, but those standing by heard only the brook babbling and splashing over its rocks. But the sprite is still in the water. In the summer days you hear her singing over the pebbles. Perhaps some bright when the wind roars in the big trees and the flames in the black throat of the chimney makes the whole room rosy, while the apples sputter and the chestnuts pop in the ashes, if you will put the little brass kettle on the hob as it bubbles you may hear the soft crooning of the imprisoned sprite. Then, as the steam rises, you will see in the steam that curls upward the mighty figure of the sprite as she hurries back to her brook. make a good showing from down the Coast.

Royal Chinook salmon, rigid in freshness, is shown in each fish market. The price now is 25 cents a pound, and the same is asked for salmon trout.

Columbia River sturgeon is a trifle plentiful at 20 cents a pound; steelhead salmon, 15 cents.

Fresh mackerel, sea perch, ahad and salmon roe are each 15 cents a pound. Black cod and halibut are 12 1/2 cents; flounders, 10 and soles 5 cents a pound. Ling cod, three pounds for a quarter.

The run of Columbia River smelt which slacked up in the earlier part of the week, has begun again. That the fish sells at 5 cents a pound is sufficient evidence of its abundance.

Shrimp meats are 60 cents and prawns 50 cents a pound.

Olympia oysters are 60 cents a pint and select Eastern 40 cents; sold pack in both cases.

Lobsters, 10 cents a pound; crabs, 15 cents, two for a quarter, and very large ones, two for 35 cents.

Little-neck or butter clams, six pounds for 25 cents.

In the poultry market: Milk-fed chickens and roasters average 25 cents a pound; fryers, 30 cents.

Geese, 25 cents; ducks, 25, and turkey 25 cents a pound.

Squabs, 60 cents and guinea-fowl, 31 each. Belgian hares, 20 cents a dozen. Eggs, 85 and 25 cents a dozen. Butter, 40 and 30 cents a pound.

A new arrival on the delicatessen tables is stuffed mangoes—of great repute as a relish with meats and game. They are quoted at three for 25 cents.

Truffled liver sausage, 60 cents and Stuttgart, 25 cents a pound, are sausages of high degree from Wisconsin.

Eastern Braunschweiger, another liver sausage, is offered at 20 cents a pound. The very name is sufficient to make our German friends sit up and take notice.

Locally-dried Italian prunes are 10 cents a pound, or three pounds for a quarter.

One neighbor to the north sends us spinach from Walla Walla at two pounds for 25 cents.

From Florida come eggplant and tomatoes at 30 cents a pound; Refugee beans, 35 cents, and bell peppers, 40 cents a pound.

Artichokes, green peas at 25 cents, and asparagus at 30 cents a pound and choice cauliflower at 15 and 20 cents each.

Artichokes, two for a quarter; celery root, four for 25 cents, and cream squash at three pounds for the same money are other Spring good things sent up to us by the Golden State.

Celery hearts, 25 cents a bunch; lettuce heads, 5 cents each.

Garlic, 15 cents a pound; dried onions, seven pounds for 10 cents; oyster plant, 5 cents a bunch.

American Wonder and Burbank potatoes average \$1.50 a sack of a hundred pounds.

Sweet potatoes, four pounds 15 cents. Seed potatoes, Early Rose, six pounds 15 cents; onion sets, for planting, 10 cents a pound, two pounds, 15 cents.

Down in the Central Market are offered parsnips of two and a half pounds weight, at 5 cents each that were raised near Gresham—vegetables that would almost have to be seen to be believed.

Seven pounds of good, clean carrots can be had for 10 cents.

The air of Spring pervades the market, plants in bloom are on sale, and prices are on the down grade.

The season will have to be further along before fresh fruit overtakes the coming vegetables.

Rhubarb is still almost the only fresh offering and it continues to bring 15 cents a pound.

Some good pears have appeared—Easter pears at 20 cents, and the late Fall variety, for cooking, at the same price; choice Winter Nellis stock is quoted at 25 cents a dozen.

Spitzenberg, Rome Beauty, Northern Spy, Newtown, Red Cheek and Winesap are plentiful among the hand-some apples offered by the dozen, from 35 to 15 cents.

Bright navel oranges, 30, 35, up to 50 cents a dozen.

Tangerines or Japanese little oranges, two dozen, 15 cents.

Lemons, 25 and 15 cents a dozen.

Florida grapefruit, very large, 25 cents each, other stock two for a quarter.

California seedless grapefruit, three for 10 cents; 25 cents a dozen.

Fancy pineapples, 35 and 40 cents each.

Bananas, 25 cents a dozen and cranberries, 15 cents a quart.

In the fish market: The variety of fish offered this week is wider than last, and a very rare corner, California yellowtail, at 20 cents a pound, has been seen the past few days.

Barracuda, another California dainty, in the estimation of many, was on sale at 20 cents or two pounds for 25 cents.

California sand-dabs, at 15 cents and smelts at 12 1/2 cents a pound, help to

SAFETY DEVICE TRIAL SET

Demonstration of Signals to Be Made Tomorrow Afternoon.

A demonstration of safety signal devices for automobiles will be given before the Public Safety Commission, Harry P. Coffin, chairman, at the Police Station on Saturday at 2 P. M. The City Council recently appointed the Commission as a special committee to investigate the devices and recommend those suited for adoption.

Fully a score of competing signal devices already have been tested with Mr. Coffin and will be demonstrated then. The purpose of each is to eliminate hand signals in turning corners or stopping on the street. All of the signals submitted are provided with illumination by night. Many of the entries are from the East, but a number are the work of Portland inventors and patentees.

Several auto dealers and Automobile Club officials have been invited to assist in judging the variety of signals entered.

Klamath Streams Closed to Anglers.

KLAMATH FALLS, Or., Feb. 24.—(Special.)—Notices have just been issued by the State Fish and Game Commission closing portions of Sprague River and Spencer Creek in Klamath County to trout fishing. The closing order becomes effective March 15 and will remain in effect until June 15.

NO APPETITE-LITTLE SLEEP

Symptoms of a Run-Down Condition, We Have a Remedy.

We ask every weak, run-down person in Portland to try our Vinol, with the understanding that their money will be returned if it does not re-establish their health. Letters like the following give us confidence—

"I am in the millinery business and on my feet most of the time. I got so weak and run-down that I lost my appetite and was unable to sleep, had a severe chronic cold and lost my color. I learned about Vinol through a friend, and within three weeks after taking it, I noticed an improve. and, soon gained in weight, health and strength. I am recommending Vinol to my friends and they also speak highly of it."—Catherine Hoar, West Chester, N. Y.

In hundreds of cases where old-fashioned cod liver oil and emulsions have failed to restore strength and health, Vinol has succeeded, because while it contains all the curatives they do, its good work is not retarded by useless grease and oil.

The Owl Drug Co., Portland, Oregon, P. S.—In your own town, wherever you live, there is a Vinol Druggstore. Look for the sign,

Albany District Mapped.

The United States geological survey has completed preparation of "the Albany sheet," a topographic map of that part of the Willamette Valley of which Albany is the center. The survey covers an area of 200 square miles and the map is printed on a scale of one inch to the mile. It is the first map of the kind prepared for the Northwest. Others will follow. Every natural object is designated. Copies of the map may be obtained by remitting 10 cents to the United States geological survey at Washington, D. C.
