

REED CO-EDS TELL 'GIRLS IN 'HUBBIES' Intellect Put Above Income and Knowledge of the Latest Steps Not Required.

SMALL VICES PERMITTED Average Income Thought Necessary \$400 Lower Than Demanded by Minnesota Girls, and \$1200 Is Considered Adequate.

REED CO-EDS' ESTIMATE OF 'EFFICIENT' MAN. Intellect first; income second requirement. He must be a 'feminist' but not the lace handkerchief and ruffles kind.

Intellect will be a more valuable asset than income in the case of any young man who wishes to make a proposal of marriage to a Reed College girl.

Some would go to work. Many of the Reed women say that they would be willing to help bear the expense of maintaining the household by teaching or entering some other vocation.

Salary of \$1200 'Adequate.' The average income thought absolutely necessary for a young man to marry a Reed woman is \$1200.
