

HOUSE TO REMAKE
LAND GRANT BILL

Chamberlain Draft to Be Used
as Basis for Construction
of Committee Substitute.

DETAILS NOT WORKED OUT

Representative Hawley Opposes
Proposal to Give State 40 Per
Cent and Counties 40 Per
Cent of Accrued Taxes.

OREGONIAN NEWS BUREAU, Wash-
ington, Feb. 28.—The House public
lands committee today decided to frame
its own bill for the disposal of the un-
sold portions of the Oregon & Califor-
nia land grant, and decided further to
use the Chamberlain bill, with the At-
torney-General's amendments, as the
basis on which to construct the com-
mittee substitute. In doing this the
committee rejected the Hawley, Raker
and Wilson bills.

The committee also voted to accept
the Attorney-General's construction of
the Supreme Court decision, and will
proceed on the theory that Congress
can do as it pleases with the land
grant so long as it guarantees to the
railroad \$2.50 an acre.

There has been no agreement, how-
ever, on the details of the bill which
the committee intends to report, and
no agreement will be reached until
after the committee has heard repre-
sentatives of the Forest Service and In-
terior Department, the land commis-
sioner of the Oregon department and
members of the Oregon delegation who
discuss questions of policy and discuss
also the recommendations of the Sec-
retary of Agriculture and the Secretary
of the Interior. The report of Sec-
retary Lane has not yet been sent to Con-
gress.

Chamberlain Bill Regarded as Best.

It has been evident for several days
that the committee regarded the Cham-
berlain bill as the best of all the land-
grant bills thus far introduced, and the
vote today merely indicates that the
committee favors the Chamberlain bill
over the Hawley, Raker and Wilson
bills. The interpretation of the Su-
preme Court decision, nor does it ap-
prove the Raker plan of appropriating
\$5,750,000 out of the treasury to buy
the unsold lands from the railroad
company. But until the hearings are
concluded and the subject has been dis-
cussed in detail by the committee, the
bill will be no agreement on the details
of the bill that is to be reported to
the House.

The Chamberlain bill proceeds on the
theory that Congress, under the reserve
clause of the granting act, can exercise
unlimited power, so long as the rail-
road gets \$2.50 an acre.

Mr. Hawley contended before the
committee today that under the Su-
preme Court decision, Congress can
merely define an actual settler, and re-
quire the railroad company to carry out
the provisions of the granting act and
sell to actual settlers, as they apply for
the land. He maintained that if Con-
gress goes further than this without
first getting the assent of the railroad
company, that its legislation will pro-
voke further litigation in the courts
and tie up the entire grant for an in-
definite term of years.

Funds for Counties Wanted.

It was after Mr. Hawley had con-
cluded and after Representative Mc-
Arthur had stated his position along
the line of the Chamberlain bill
that the committee, in executive ses-
sion, decided to use the Chamberlain
bill as the basis for its recommenda-
tion.

Mr. Hawley tonight expressed the
belief that the House committee, fol-
lowing the recommendations of the Sec-
retary of Agriculture, will be prone to
strike out section seven of the Cham-
berlain bill, which would give 40 per
cent of the net proceeds from the land
and to the counties and 40 per
cent to the state of Oregon. He said he
would go before the committee again
to fight for the retention of the state
counties; for the payment of accrued
taxes, and for legislation which will
safeguard the interests of bona fide
settlers on the grant lands, and in re-
gard to this latter contention, he believes
the committee will act favorably.

Actual Settlement Wanted.

He did not believe that lands worth
\$30,000 a quarter section should be
sold for \$400, thus inviting speculation
and not settlement; that the proceeds
of the land sales, after paying the rail-
road, should go to counties for roads
and schools, but that 80 per cent, pro-
posed by the Chamberlain bill for this
purpose, was too much.

Answering questions of Chairman
Ferris, Mr. McArthur said the contracts
for preferential rights, said to be made
with 16,000 persons all over the coun-
try, should be disregarded. The rights
of bona fide settlers and purchasers
should be protected, and Mr. McArthur
agreed with the suggestions of the
members of the committee that these
rights should be those accruing prior
to the forfeiture of the grant in the
local Federal Court. He suggested the
appointment of a committee to study
the proceeds and to have them reach
the counties promptly without await-
ing the termination of possible fur-
ther litigation by the railroads.

Fast Rate Sales Opposed.

Representative McArthur said in
part:

"I am opposed to any and all legis-
lation that contemplates the sale of
valuable timber lands at \$2.50 an acre
or \$400 a quarter section. Some of
these lands are so heavily timbered
that they are worth from \$15,000 to
\$20,000 a quarter section. I am in
favor of the Chamberlain-Ferris bill,
because it authorizes the sale of this
timber to the highest bidder, under
competitive bid, because it permits ac-
quisition of agricultural lands at \$2.50
an acre by actual settlers; because it
protects the bona fide settlers who are
now on the land in good faith; be-
cause it provides for early payment
of the back taxes due the several coun-
ties in which the lands are located;
because it does not contemplate the
inclusion of this land in any National
forest reserve; because it does equity
to the railroad company by providing
that the company shall receive \$2.50
an acre, the amount specified in the
grant; because it will safeguard the
public interest against speculation and
fraud; because it will put large sums
of money into public roads and other
improvements in the counties in which
the grant lands are located; because it
will put several millions of dollars
into the irreducible school fund of the
state and, in brief, because it will pro-
tect the common interests of the great
body of the people as against the self-
ish interests of a few hundred land

and timber grabbers and professional
locators.

"The public domain in Oregon and
elsewhere in the West has been un-
mercifully looted in the past and it is
well to safeguard against further
frauds.

"I do not wish to be understood as
questioning the good faith of my col-
league, Representative Hawley, in this
matter, but I am entirely sincere in the
presentation of his argument in favor
of forcing the terms of the grant. I
differ with his view of the law, how-
ever, for I do not believe that Con-
gress ever contemplated that these
lands should be held for 50 years and
then sold for only \$2.50 an acre. In
other words, I believe that the con-
cluding words of the Supreme Court's
decision in the land grant case gives
Congress a wide latitude in en-
actment, legislation looking to the dis-
position of the lands, and I am, there-
fore, hopeful that the Chamberlain-
Ferris bill will be favorably reported
and passed."

CHICAGO ELECTS TODAY

PICTURESQUE CAMPAIGN, MARKED
BY BITTERNESS, CLOSES.

Interest Centers in Fight Around Nine
Candidates for Aldermen Opposed
by Mayor Thompson.

CHICAGO, Feb. 28.—What is de-
scribed as one of the bitterest and most
picturesque campaigns that ever
marked an aldermanic primary election
in Chicago closed tonight.

Tomorrow the voters will elect one
alderman from each of the city's 35
wards and one Municipal Court Judge
to fill a vacancy.

Interest centers in the fight between
Mayor William Hale Thompson, Rep-
ublican, elected last April by a plu-
rality of 150,000, and nine Republican
aldermen, who have opposed the May-
or's policies and who now seek reno-
mation. During the campaign two men
have been shot, there have been nu-
merous flat fights and two suits for
slander.

Mayor Thompson declares he is fight-
ing for vindication and to defeat the
nine Republican aldermen who are
leading the City Council's opposition to
his constructive work. He charges the
liquor interests with opposing him be-
cause of his action in closing the sal-
oons Sunday.

The nine aldermen, who have been
called the "anti-bunk nine," charge
Mayor Thompson, among other things,
with violating the civil service laws
in building a political machine and
failing to enforce cafe laws.

Both sides claim victory in final ap-
peals to voters today.

SEGREGATION PLAN DRASTIC

St. Louis to Vote on Proposal to
Keep Blacks in Own Districts.

ST. LOUIS, Feb. 28.—Two proposed
ordinances providing for the segrega-
tion of negroes in St. Louis will be
submitted to the people at a refer-
endum election here tomorrow.

One ordinance prohibits negroes
from moving into blocks in which 75
per cent of the families are white.
A less stringent ordinance prohibits
them from moving into blocks wholly
occupied by whites.

If both ordinances are adopted, the
"75 per cent law," as the more string-
ent, will prevail.

The ordinances provide similar re-
strictions against white persons mov-
ing into blocks occupied by negroes.

BABES ROASTED BY TURKS

American Missionary Says Human
Mind Cannot Conceive Atrocities.

CHICAGO, Feb. 28.—Babe ovens filled
with the bodies of roasted babies was
one of the verbiage pictures of atroci-
ties drawn by Rev. E. A.
Yarrow, an American missionary at
Van, Turkey, in the course of an ap-
peal for financial aid for Armenians
and Syrians here today.

"Boys who attended my school," Mr.
Yarrow said, "told me that in passing
through the country ravaged by the
Turks they had seen babies roasted
with the bodies of babies, and I have
every reason to believe their story."

"The atrocities that have been com-
mitted in Armenia cannot be described,
nor can the human mind conceive of the
awful carnage."

COW FALLS; OUT GO LIGHTS

Carbide in Water of Well Takes Hair
From Animal's Hide.

GOLD BEACH, Or., Feb. 28.—(Spec-
ial.)—A milch cow belonging to D. M.
Moore of this place, died today, re-
sulting from the carbide in the water
put out of commission the lighting
plant of the Gold Beach Hotel. The
hotel uses acetylene gas, generated in
a carbide plant in the hotel yard.

The cow broke through the plank-
ing over the well, fell 40 feet to the water,
and managed to swim for an hour, un-
til help could be summoned.

The carbide which the water
was impregnated removed all the hair
from the animal's hide.

TWO ADMIT KILLING WOMAN

Murderers Say Victim's Son-in-Law
Paid \$50 for Crime.

PITTSBURGH, Feb. 28.—William Mc-
Clure and Joseph White pleaded guilty
in court today to the murder of Mrs.
Caroline Viehmer, a wealthy widow
whose body was found in her home in
McClure township, December 12 last.

Her son-in-law, Aaron Fell, whom
McClure and White declare paid them
\$50 to attack Mrs. Viehmer in order
that he might secure possession of a
note for \$4000 she held against him,
was placed on trial charged with com-
plicity in the crime.

REGENTS OUST PRESIDENT

E. F. Ladd Succeeds J. H. Worst at
North Dakota Agricultural College.

FARGO, N. D., Feb. 28.—John H.
Worst, for the past 21 years president
of the North Dakota Agricultural Col-
lege here, was removed today by the
State Board of Regents.

E. F. Ladd, State Pure Food Com-
missioner, was chosen to succeed him.
Mr. Worst's retirement is ascribed to
dissension within the college faculty.

Cottage Grove Services Are On

PACIFIC UNIVERSITY, Forest Grove,
Or., Feb. 28.—(Special.)—Special serv-
ices are being held at Pacific Univer-
sity this week under the direction of
the Y. M. C. A. and Y. W. C. A. of this
institution. The speaker is Rev. O. H.
Holmes, pastor of the Congregational
Church of Forest Grove. Last evening
he talked on "Homage to Conscience."

Topics for the rest of the week are as
follows: Tuesday evening, "A New
Chance"; Wednesday evening, "Christ's
Teaching Concerning Power"; Thurs-
day evening, "What Is Salvation?";
Friday evening, "Percy Shelley's
Dream; Art Thou Satisfied?"

PROTECTORATE FOR
HAITI IS RATIFIED

Senate Unanimous in Vote on
Treaty to Care for Tur-
bulent Republic.

ISLAND TO BE POLICED

United States to Supervise Finances,
Customs Collection, Payment of
Public Debt, Etc., and to
Guarantee Independence.

WASHINGTON, Feb. 28.—The Senate
today unanimously ratified the treaty
with Haiti under which the United
States assumes a protectorate over the
turbulent island republic, taking over
control of its finances and police, guar-
anteeing its territorial integrity and
undertaking to develop its resources.
The treaty already has been approved
by the Haitian congress and its terms
virtually are in operation under the
eye of a strong American marine ex-
pedition.

This treaty was negotiated last year
with the d'Artigue government, set
up after marines and bluejackets
under Rear-Admiral Caperton had put
down the revolution which overthrew
President Vilbrun Guillaume. During
the preceding years Haiti has been
eight Presidents deposed and most of
them murdered or exiled. Guillaume
was dragged from the French Legation
and killed. The possibility of European
intervention to protect foreign lives
and property and insure the payment
of foreign loans was being discussed
when the American forces took charge
of affairs on the island.

Supervision of Finances Provided.

The principal articles of the conven-
tion provide for:

American supervision of finances and
the collection of customs.
American supervision of the payment
of the public debt, inquiry into the
validity of existing debts and regula-
tion of the contracting of future debts.
Policing of the republic by a native
constabulary, officered for the present
by Americans.

Intervention by the United States, if
necessary, to preserve order and to
guarantee territorial integrity and
independence.

Development of Haitian resources
under American auspices.

It is set forth particularly that the
United States shall by its good offices
aid the Haitian government in proper
and efficient development of its agri-
cultural, mineral and commercial re-
sources, and shall collect, receive and
apply all customs duties on im-
ports and exports accruing at Haitian
ports.

Finances to Be Cared For.

There also will be appointed, on re-
commendation of President Wilson, a
financial adviser who will be an offi-
cer attached to the treasury of finance
and to the department of the treasury.
He will advise as to an adequate
system of public accounting, and
shall collect, receive and apply all
customs duties on imports and exports
accruing at Haitian ports.

Another provision is that Haiti shall
not increase its public debt except by
previous agreement with the United
States and unless ordinary resources
of the government are not adequate to
pay interest and provide a sinking fund
for final discharge of such a debt.
Haiti shall be prohibited from the pre-
vention of domestic peace, to create a
constabulary which shall be organized
and officered by Americans and guaran-
teed by the United States, and shall
not surrender any territory by sale,
lease or otherwise to any foreign gov-
ernment, or to enter into any compact
with any foreign power that would
tend to impair independence of the re-
public.

LISZT HYMN RECOVERED

MILITARY AIR TO BE PRESENTED
TO GERMANS FOR TRENCH SONG.

Music Found in Composer's Wastebas-
ket in 1876 by Pupil Is Sent by
President of Vonkers, N. Y.

NEW YORK, Feb. 28.—A manuscript,
containing what is declared to be an
unpublished military hymn composed
by Liszt in Rome in 1876, together
with a suggestion that the music be
set to words and sung in the German
trenches, has been forwarded to the
German government by Ambassador
Bernstorff, according to a letter from
the Ambassador made public here to-
day by Carl V. Lachmund, of Vonkers,
N. Y., who was one of Liszt's pupils.

Mr. Lachmund said that while he
was studying under the composer years
ago the latter's secretary turned over
to him a wastebasket of discarded man-
uscripts. In examining them recently
he found the hymn and sent it to Am-
bassador Von Bernstorff, with the sug-
gestion that it be made a German army
hymn. He described it as characteris-
tic of the German military spirit.

FORESTERS MAY AID ARMY

Chamberlain Bill Provides for Serv-
ice in Emergency.

OREGONIAN NEWS BUREAU, Wash-
ington, Feb. 28.—The vast army of for-
est rangers, according to a letter from
the military department, may be mobi-
lized for military duty in time of
emergency, under the terms of a bill
introduced by Senator Chamberlain,
chairman of the military committee.

The Chamberlain bill provides:

"That whenever the President di-
rects, the forest service shall co-operate
with the Army, during which time it
shall be under the direction of the Sec-
retary of War."

"That with the approval of the Sec-
retary of Agriculture, members of the
forest service may be permitted to at-
tend such military camps of instruc-
tion as may be designated by the Sec-
retary of War."

Tuesday evening, "Christ's
Teaching Concerning Power"; Thurs-
day evening, "What Is Salvation?";
Friday evening, "Percy Shelley's
Dream; Art Thou Satisfied?"

foreign governments he chose not to
parley with the people of Oaxaca, how-
ever, demanding that they accept his
government unconditionally. To en-
force this demand military expeditions

now are being directed against the
state and the state's army is said to be
preparing to resist. It is toward this
nucleus of organized resistance that
Diaz is said to be moving, accompanied
by Lee Christmas, an American, widely
known throughout Central America be-
cause of his participation in revolu-
tionary enterprises.

Army of 25,000 Possible.

With the Oaxaca forces as a basis it
is estimated that Diaz might marshal
nearly 25,000 men, but they would be
poorly equipped and almost without
artillery.

The new movement is not regarded
by officials here as seriously menacing
Carranza's government, because they
doubt Diaz's ability to establish himself
as a popular leader or to secure suffi-
cient funds to carry on his campaign.
They admit, however, that an organized
revolution among the hills of
Southern Mexico, where a small
band might hold out against vastly su-
perior forces, would further complicate
the already complex situation confront-
ing the de facto President.

Although Carranza adherents profess
to see in the presence at New York of
Francisco de la Barra, once Mexican
Ambassador here, working out of the
financial end of the Diaz plans, there
has been no evidence that de la Barra
has secured any financial backing in
the usual money sources of this coun-
try.

FATHER-IN-LAW IS SUED

SEATTLE WIFE, 17 YEARS OLD,
WANTS \$25,000 FOR ALIENATION.

T. E. Jones Charged With Taking Home
Son Directly After His Marriage
and Keeping Couple Apart.

SEATTLE, Wash., Feb. 28.—Telling
how she believed a wealthy contractor
had robbed her of her husband's love,
a pretty high school girl bride testi-
fied in Superior Judge Frater's court
this afternoon while her infant son
prattled to his grandmother during the
trial. T. E. Jones, wharf and piling
contractor, sat unmoved with jaws set
as Mrs. Carola E. Jones, 17 years old,
urged her claim for \$25,000 for aliena-
tion of the affections of her 20-year-old
husband, Thomas C. Jones.

Tears came copiously as Mrs. Jones
rehearsed her courtship days and told
of her wedding at Everett October 31,
1914. On their way back to Seattle in
the elder Jones' automobile, she testi-
fied, the bride party, consisting of
herself, her mother and her sister, Miss
Adelaide Owen, separated from the rest
of the crowd at Fremont.

"Tommy, my husband," she said,
"stayed in the machine with his father.
I was deserted on my wedding day."

To fix her husband's social position
in the minds of the jury, her sister,
Miss Owen, testified that young Jones
had moved and associated with the
wealthiest families in Seattle.

On a day soon after the marriage,
Miss Owen testified, she herself called
up the father-in-law and asked him
to come to the Owen home.

She said she asked him when his son
was coming, to which he gave answer
that he would not see him until he had
gotten his divorce.

The latter replied that she would not,
positively, and Jones then is said to
have declared that his son would never
live with his wife.

SUGAR TRAINS CROSS GULF

Railways Compete With Ships From
Cuba to Philadelphia.

PHILADELPHIA, Feb. 28.—For the
first time railroads are competing with
the steamship lines for the Cuban
sugar carrying trade, bringing sugar
from the plantations direct to Phila-
delphia. The first train arrived to-
day at the Franklin sugar refinery.

The cars were loaded at the planta-
tions, brought to Havana, put on the
new ferry steamer Henry M. Flagler
and landed at Key West. From there
the cars were brought north by rail.
The consignees of the cargo said the
railroads had issued a special schedule
and the freight was lower than the
ocean rates.

MRS. E. B. KIRBY IS DEAD

Ohio Native, Oregon Resident Since
1864, Leaves Family.

ELLA BRITTON KIRBY, an early resident
of Oregon, died at her home at Ryan
Place yesterday. Mrs. Kirby was born
in Ohio in 1848 and came to Oregon
in 1864. She passed 40 years in Eastern
Oregon.

Mrs. Kirby is survived by her hus-
band, T. M. Kirby, and two daughters
and three sons, as follows: Mrs. J. N.
Doane, Pendleton; Mrs. L. H. Gardner,
Baker; Bryan W. Kirby, Sumpter;
William B. Kirby, St. Paul, America;
and T. M. Britton, of San Francisco.

Migratory Bird Law to Be Argued

WASHINGTON, Feb. 28.—The test
of the constitutionality of the Federal mi-
gratory bird law was today restored to
the docket of the Supreme Court for a
second argument.

London's experts to the United States for
November were more than \$1,374,000, as
against less than \$12,000,000 for October.

Two Railroads Fined.

COUNCIL BLUFFS, Ia., Feb. 28.—The
Burlington & Quincy and the Chicago,
Milwaukee & St. Paul railroads were
fined \$300 and \$400, respectively, today
in Federal Court for violating Fed-
eral laws regulating safety appliances
on railroads.

After driving more
than 10,000 miles, I
couldn't find enough
carbon to fill the hol-
low of your hand."

This motorist states the experience of prac-
tically all who use Zerolene.

That's because Zerolene is scientifically re-
fined from asphalt-base crude.

Zerolene that goes into the explosion chamber doesn't "break-
up" into gummy, carbon-forming deposits, but after complet-
ing its efficient work, is consumed and passes out on exhaust.

Next time you empty the crank-case, refill with Zerolene.

Send for pamphlet "Motor-Cylinder Lubrication" by Lieut.
Bryan, U. S. N., a government expert.

Lipman Wolfe & Co.
"Merchandise of Merit Only"

Opening Sale of Taffeta Silk Walking Skirts
Introductory Price \$5.95

—Skirts that would readily sell at \$8.00—but in order to introduce the new "Correct" skirt we are offering these latest models at \$5.95.

—Notwithstanding the scarcity of taffeta silks we offer here an immense assortment of all the best Spring styles.

—They are made from a splendid quality of chiffon taffeta, and we also include some smartly tailored wool skirts from this maker.

—Some of the models have the new shirred yokes, others are plaited or corded.

—In black, black-and-white stripes, and navy wit white stripes.

—Third Floor

New Victor Records
For March Now Ready

—Treue Liebe, by Gluck and Paul Reimers, in German.

—Calm as the Night, by John McCormack.

—Rondino, by Elman on the violin.

—And some clever new dance records, as well as other solo numbers by world-famous artists.

—Mezzanine Floor

Veribest Blouses \$1
Are More Than Their Name Implies

—We always strive to get away from the ordinary-looking styles in inexpensive waists—come and see for yourself today how well we have succeeded in these dainty Spring models, of voile and sheer organdie. Some of them are lace trimmed, others show novel effects of all-over embroidery or sprays of embroidery, hem-stitching and tucking.

—Every day new models in Veribest blouses are arriving, depicting the latest styles shown in Eastern fashion centers.

—Third Floor

Plenty of Women's Spring Suits
At This Satisfactory
\$24.85 Price

—Suits so well cut, so carefully tailored, so smartly made that women who have never considered suits below \$40.00 fine enough will be delighted with them.

Suits of Fine Serges, Poplins and Shepherd
Checks in black and white, brown and white

—Street and dressy models—and Sports styles—every model abso-
lutely correct for the 1916 Spring season.
