Patriotic Sermons Preached by Newly Arrived.

NEW IDEALS ARE LEARNED

"Americanization School" Praised for Giving Inspirational Knowledge of Liberty—Young Men Answer Quiz in Civics.

Young men who have been in the United States only a few years, were speakers at the Ad. Club "Americanization day" luncheon held at the Imperial yesterday, and their talks were genuine sermons on patriotism and the love of liberty.

"It isn't the lure of the American dollar, nor the beautiful highways or fine architecture of which you can boast, that brings aliens such as me to America," said Louis Levitan, who has been in America but three years, and has been proving himself an industrious and promising citizen.

"It is a hidden voice within us that calls us to this new land, crying in our hearts. It is a proud spirit that cannot bear oppression, and which is drawn hither to the American ideal of equality and liberty for all men."

School instills new ideals. He bespoke for aliens newly come to America the sympathy and co-operation of the native-born Americans, in learning the customs and ideals of the new land.

"The teachers in your Americanization school here," he said, "are characterizing the noble sentiments of America. They are the first to come into the alien's heart and to teach him the ideals which unite the people of this land under one flag, which is the symbol of equality and freedom for all."

Maurice Wolff, another foreigner who has been in the country only three years and who is a student in the Americanization school, also spoke, praising highly the part played by the school in giving foreigners a grasp of the American ideas of government.

George Saldo, a Japanese student, who has been in the United States only a short time, gave an exhibition of the effectiveness of the work of the Americanization school by writing beautifully from dictation, and Mr. Wolff and Levitan won applause from the Admen by their success in answering a quiz on American governmental methods which was given them by M. Moesselsohn.

Flag Pins Given Away. Burt Triegan, who has been in America only two years, but has finished falling school and is now an honor student at Lincoln High School, paid a high tribute to the American flag at the luncheon and the important work that is being done there among aliens.

David N. Moesselsohn, principal of the Americanization school, in his address of the day, and Wallace McCamant gave a patriotic address in commemoration of the firing on Fort Sumpter, of which yesterday was the anniversary.

Thousands of little American flag pins were provided for the members of the club, and they were given out from the meeting yesterday and pinned them on everybody they met on the street.

JURY HEARS DAMAGE SUIT

Judge Davis Declines to Handle Case Alone and Defendant Wins.

The attorneys were willing to try the case before Circuit Judge George N. Davis without a jury, but the jurist declined. He asked them if they would be satisfied with the judgement of three jurors. They would be. So the damage suit of Euphemia Richardson against the Portland Railway, Light & Power Company went to trial yesterday in the Circuit Court before a jury of three.

The case was one of personal injuries on appeal from the decision in the District Court, where the plaintiff was awarded \$1000. The jury, composed of Bernard Kilkenny, Jacob Sauer and Charles Delfel, found for the defendant.

SCHOOL TO OFFER FARCES

Mount Tabor Announces Entertainment for Two Nights.

Two interesting entertainments will be given on Friday and Saturday nights in the Mount Tabor School, under the direction of Miss Nina Great-house and under the auspices of the Mount Tabor Parent-Teacher Association, for the benefit of the school. Two farces, entitled "Spraying the Power" and "Mrs. Baggs Bargain Sale," will be presented.

William Wallace Graham, violinist, will play several numbers accompanied by Miss Ada Alice Tuttle. A quartet, consisting of A. W. Botkin, Thomas Graham, C. M. James and James McCormack, will sing a group of Irish songs.

It Cures Through the Pores

Good Pore Action as Necessary as Good Blood Action—New Pore Treatment Takes Out All Impurities.

Know-Doc Pore Treatment
A marvel for the skin and complexion. Freckles and sallowness fade away, and the soft, pink shades take their place. When the pores fail to work freely, they fill up with impurities, the skin becomes thick, and pimples and wrinkles occur. A few treatments will make the skin look like new. Massage lightly all over the face and neck until well absorbed, then rub with dry cloth or towel. It's of wonderful benefit to the skin both before and after long auto trips. Prevents chaps and sunburn. It takes out inflammation and soreness wherever applied, even in deep-seated sores and bursae. Both small and large sizes at druggists.

COLUMBIA RIVER BAPTIST WOMAN'S SOCIETY HAS ELECTION.

Mrs. C. R. Shank, of Seattle, Chosen President of Association at Annual Meeting.

Mrs. James F. Falling addressed the delegates to the Columbia River Baptist Women's Society's annual meeting here yesterday. Luncheon at noon and the election of officers was features. The morning was devoted to business. In the evening a young people's rally was held.

Mrs. George F. Dearborn, past president, presided both morning and evening, and a number of women prominent in the work were speakers. Mrs. C. R. Shank, of Seattle, was elected president of the association.

A dialogue in the dark, with a householder crouched behind his kitchen door and armed with a shotgun, took place at 1141 Boston avenue in the small hours of yesterday morning. It was the result of a burglary.

C. L. Forsyth said he was awakened by the barking of a dog. He peered from the window. A form skulked around the house. At the kitchen door a key rattled in the lock. He took down the family fowling piece and stepped into the kitchen.

"Who's there?" he demanded. "You know well enough," a voice grumbled.

"I'll give you just three to get away," announced the alarmed tenant. He fired through the ceiling. With the gun ready, he stepped into the yard. Two men threw up their hands at his request. One of them was a neighbor. The other he did not know.

While he held them, the gun's muzzle, a third man came up. "What's wrong?" asked the new arrival. "O, that's all right. I'll let you go, because I'm an officer," Forsyth relinquished his captives.

Yesterday morning he inquired at the police station and was told that no such arrest had been made. He swore to a complaint against Bert Shatuno, his neighbor, and Detective Heiler and Tackberry arrested the man.

Shatuno admitted that he tried to enter the house, mistaking it for that in which he roomed. He had been out with friends and was intoxicated, he said. The second man was not arrested, as Shatuno declared he had nothing to do with the attempted entry, but was attracted by the gunshot. The officers are seeking for the accommodating chap who told Forsyth he was a policeman.

Neighborhood Roller-Skating Plan Is Defeated at Meeting.

The city will have no neighborhood street roller skating rink. The City Council yesterday voted down the proposal of C. B. Woodworth to close East Twenty-first street from Broadway to Tillamook street and Schuyler street from Nineteenth to East Twenty-second street during certain hours of the day so that the pavement could be used exclusively for skating.

Commissioner Dieck made the motion that killed the plan. He said there is great opposition to closing streets to traffic even temporarily during the day.

Here's A 'Tip' On Rheumatism

Follow It

AN ACCURATE DESCRIPTION
When your arm or your leg feels "all knotted" with rheumatism, when you feel as though your muscles were "tied up with a rope," you are really describing your pains accurately. Rheumatism is a condition of the body when acids and other deposits of impurities are actually "tied up" the strands of muscles in your body, or strangling the nerves and thus producing the awful shooting pains of sciatica, lumbago, etc. Medical authorities agree that these acid deposits are carried and deposited by the blood in the various parts of the body. It stands to reason, therefore, that local applications such as rubbing with so-called remedies can't do any permanent good. At best they can relieve the pain a little and only for a little while. The only way to effect a real cure is to attack the real cause—the blood. It is cleansed from the troublesome deposits by S. S. S., the reliable blood purifier that is now easing the pains and healing the ill of the third generation. S. S. S. "goes after" the impurities in the blood as relentlessly as eagerly and as thoroughly as a ferret goes after rats; pursuing the poison into every vein and artery, into every nook and corner of the body, and chasing the troublesome substances out of the system. The blood thus cleansed, carries off the acid and other injurious deposits and "filters" them out of the body through the kidneys. S. S. S. is not a drug. It is a purely vegetable blood purifier. You can get S. S. S. at every drug store. But if in addition you should like to have the advice of the doctors in charge of our laboratory, do not hesitate to write us. You will receive free, conscientious and confidential advice. This is in line with our policy to make every effort to insure the best results from S. S. S. to every sufferer. REPORTS ARE MADE

Portland Presbytery Holds Spring Meeting.

BUILDING PROGRESS TOLD

Commissioners Are Elected for General Assembly at Atlanta in May—Pulpit Changes Are Approved.

Election of commissioners to the general assembly, which meets at Atlanta City May 15, and reports of the church extension and educational committees occupied most of the time of the Spring meeting of the Portland Presbytery yesterday in session in the Vernon Presbyterian Church.

The election of commissioners, which occupied more than one hour, resulted in the selection of the following ministers: Rev. J. W. Milligan, synodical superintendent, and Rev. L. K. Richardson, of the Kentworth Church; alternates, Rev. H. Marcotte and Rev. Levi Johnson; laymen, Fred S. Miller and L. E. Carter; alternates, W. H. Markell and Harry L. Markell.

Rev. Henry Marcotte read the church extension report, in which it was stated that, in spite of the financial depression, the home mission churches within the presbytery had held their own.

It was reported that Unity Church, on Sandy boulevard, had erected a bungalow church building, which soon will be ready for dedication. Cost of the structure was given as \$2000. It will be provided with a tennis court. Plans for the erection of a new \$4000 church for Hope Church, in Montavilla, were reported, on which construction will soon be started. Nearly all the money has been provided.

The resignation of Rev. Alfred L. Taxis, pastor of the Anabel Presbyterian Church, and of Rev. Otto Hoffman, of Bethany German Church, were approved and their pulpits will be declared vacant.

The examination of Rev. Ng. Mon Poo, of the Portland Chinese mission, was completed and provisions were made for his ordination at the mission on May 9 at 8 P. M. He was educated in China.

Rev. H. L. Clark was dismissed to the Grand Ronde Presbytery. Report of the committee on religious education, supplemented by a statement by Rev. C. W. Hays, Sunday school missionary, was submitted and approved, showing much work accomplished, especially in the Nehalem Valley.

A popular meeting was held last night under the auspices of the evangelistic and church extension committees in the interest of the pre-Easter campaign, with addresses by Ivan B. Rhodes, of the Portland and Y. M. C. A., and Andrew J. Montgomery. Delegates from the church reported on the progress of the campaign.

You have read of "Cleopatra" who destroy. Here is an exposition of the age-old question: "Can a bad woman make a man good?" It is a big question, one that has agitated the minds of philosophers, ministers, and just ordinary men and women. As portrayed in "Waifs," with the Ince genius of pictured story telling, we have a feature we can unqualifiedly recommend.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folk who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, take a breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the alimentary canal before putting more food into the stomach.

The action of hot water and limestone phosphate on an empty stomach is powerfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, biliousness, spells, stomach trouble, rheumatism; others who have hollow skins, blood disorders and sickly complexion are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—ADV.
