BIG SPEECHES ARE TODAY

Salem Trip Follows First Visit, but Progressive Business Club and Masonic Temple Addresses Set for Noon and Night.

Theodore E. Burton, former United States Senator from Ohio, arrived in Portland yesterday, addressed the Ad Club at luncheon, and then went on to Salem to speak in the interests of his candidacy for President of the United States and will return today to speak before the Progressive Business Men's Club at the Oregon Grill this noon and tonight at the Masonic Temple.

Senator Burton will speak on the issues of the campaign at the Masonic Temple, West Park and Yamhill streets, at 8 o'clock tonight. He expects then to discuss the present European situation, the relations of the United States with Mexico, and other problems of general public interest.

Trade Expansion Urged. Senator Burton urged the younger generation of business men to prepare for participation in the world commerce that is to follow the close of the European war. He pointed to the lack of initiative manifested in this particular in the past.

At the conclusion of Senator Burton's speech, C. C. Chapman called attention to the fact that Mr. Burton, as chairman of the rivers and harbors committee in the house, has been deeply interested in the development of the Columbia River as a waterway, and that he had been instrumental in authorizing the expenditure of fully \$14,000,000 in improvements at the mouth of the river and in the channel.

Ohio Man Speaks. Robert Tucker, president of the Ohio Society of Oregon, and a friend of Senator Burton for many years, presided at the luncheon. Preceding the address by the Senator, Ralph D. Cole, former Representative in Congress from the Eleventh Ohio District, spoke briefly.

The big dining-room of the Chamber of Commerce was filled with business men and a few women, when Senator Burton and his party arrived from Eugene, where he had spoken the previous evening. Conspicuous in the center of the room was a table at which were seated a score or more of former students and alumni of Oberlin College. Mr. Burton's alma mater. When he arose to speak they started the audience by shouting the Oberlin yell.

Senator Burton displayed a wonderful knowledge of the resources and opportunities of the Northwest, particularly of Oregon. He said he was a believer in the possibilities of irrigation as well as dry farming. He said that the Northwest soon must develop its agricultural lands.

The Ohioan left early in the afternoon for Salem, accompanied by Mr. Cole, O. C. Bortmeyer, who has charge of his campaign in the Northwest, and Mr. Everett, his secretary. They will return to Portland early this morning.

PYTHIANS LAY PLANS

Supreme Lodge to Deposit Money Here for Convention.

PROGRAMME IS ARRANGED

Preparations Are Being Made in Portland to Entertain Fraternity Visitors Lavishly—City to Benefit Heavily.

One hundred thousand dollars will be deposited with one of the Portland banks this week by Fred E. Wheaton, supreme keeper of records and seal of the Knights of Pythias, to open the account of the supreme lodge for its expenses for the biennial convention, to be held here August 1-10.

The supreme lodge will pay out in actual cash approximately that sum in the coming season, it is estimated.

The Masonic Temple has been selected as the place for the official sessions of the lodge, while the Armory will be used for the large public gatherings that are to be featured during the convention.

Mr. Wheaton estimated that the attendance at the convention will run to 10,000 or higher. In bare expenses of the visitors while here this will represent between \$200,000 and \$400,000 that will be brought into Portland in that week and expended here, aside from the money that will be brought by the official expenses of the supreme lodge.

Meeting with the general committee in charge of the local programme, Mr. Wheaton went over the details of the plans for the first six days of the session, which indicated that Portland is preparing to entertain the visitors in a manner more lavish than has been accorded to any National convention

ARMORY MEETING PUBLIC

A great public meeting will be held at the Armory on Monday, July 31, as a reception to the officers of the supreme lodge, all of whom will give short addresses. The orator of the evening will be E. Watson, of Indianapolis, past supreme chancellor and one of the prominent orators of the order.

The dramatic order of the Knights of Pythias will present the spectacular features of the program, which will be the largest of its kind that has been held here since the last great National fraternal convention here in 1912.

Marshfield has reserved headquarters for 200 delegates and will send a big delegation especially for this parade. Hoquiam is chartering a special train of five coaches to come for the parade, and special trains will bring in thousands of Knights of Pythias from all parts of the Northwestern states.

Tuesday night, August 1, will be "Ritchie night" at the Armory, at which time Walter B. Ritchie, of Ohio, who is reputed to be one of the foremost orators in the United States, will give his famous lecture on "Friendship."

Bonneville Trip Planned. Following a morning session Wednesday, August 3, the visiting delegates will go for an afternoon excursion on the Columbia, half of the party returning the trip to Bonneville by boat and half by automobile over the Columbia River Highway. At Bonneville a salmon dinner will be served, and the parties will interchange their means of transportation for the return trip.

The Dramatic Order of the Knights of Khorassan will have charge of the evening programme and will initiate a class of about 1000 at the Armory.

Mr. Wheaton is using the Bible in initiation of the lodge, while the Armory will be used for the large public gatherings that are to be featured during the convention.

SWOLLEN ANKLES AND FEET ARE INDICATIONS OF KIDNEY TROUBLE

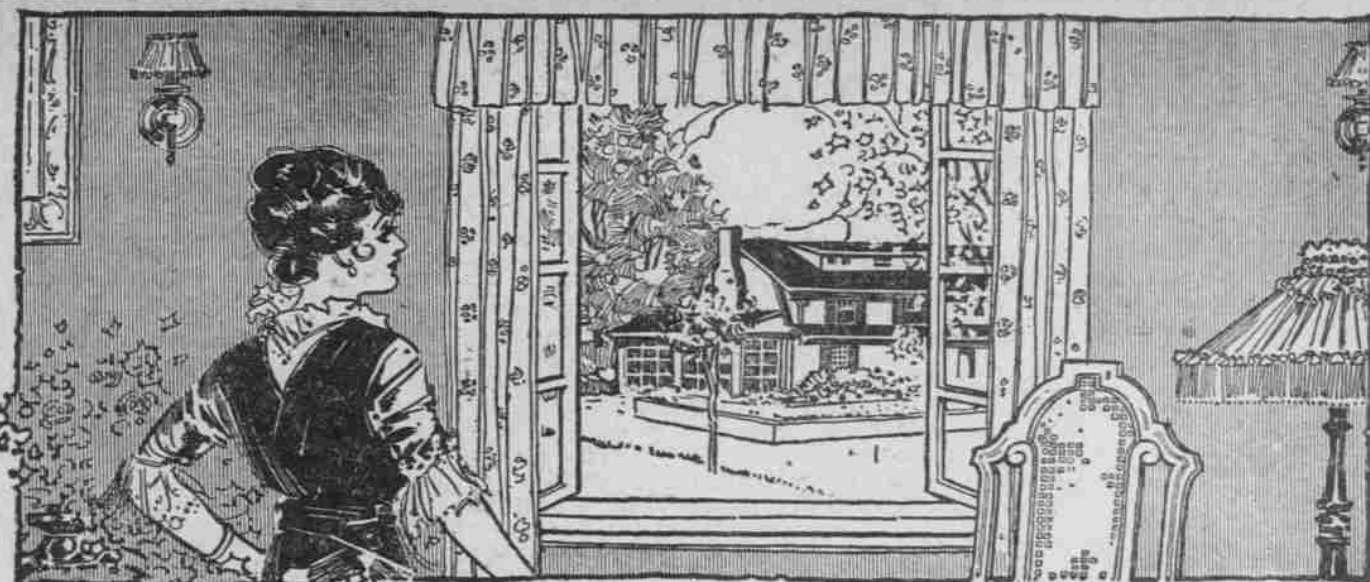

Swollen ankles and feet are forms of a dropsical condition, due to disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

It is just as necessary to keep the kidneys acting properly as to keep the bowels active, says an eminent physician. When one is sick the first thing to be done is to thoroughly test the kidney secretions.

The very best possible way to take care of yourself is to take a little "Anuric" with the meals. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a tonic effect in rebuilding these organs.

"Anuric" was recently discovered by Dr. Pierce, of Buffalo, N. Y.; it has been thoroughly tested in his laboratory as well as in his Invalids' Hotel. Everyone can quickly associate Dr. Pierce with his great herbal restorative tonic, "Golden Medical Discovery," and his "Favorite Prescription," universally known as an invigorator for womanly ills.

"Neighborhood improvement begins at home"

A good neighborhood is simply a collection of good homes. Stop merely wishing for a better neighborhood—do your duty by painting your home, and planting grass and flowers. Your example will set your neighbors thinking. Before you realize it the home improvement idea will be sweeping through the whole community. Set the home improvement example in your neighborhood by painting your house with

Low Brothers HIGH STANDARD LIQUID PAINT

You can always depend upon "High Standard" Paint for best results because it is scientifically made—made of chemically tested, proven ingredients, blended together by the most efficient machinery to produce paint that will hold tight to the wood in perfectly protecting coats—keep its color—with

stand sun, wind and wet for years—fail only by gradual wear—and leave a good surface for repainting.

It's economy to use this better paint. It goes so much farther and lasts so much longer. Improve the interior, too. For walls and ceilings use

Mellotone

Its colors are "soft as the rainbow hues." It delights as well as rests the eyes—wonderfully durable—fadeless and washable—not easily scratched or marred.

For every purpose—inside the home and out—there's a Lowe Brothers finish. Linduro—the highest grade enamel made. Non-Fading Oil Stains—for staining wood any desired finish. "Little Blue Flag" Varnishes—remarkable for their uniform qualities, depth of finish and durability.

We will be glad to advise you on the best finish for any purpose.

HISTORIC BIBLE OF THE PYTHIANS IS BROUGHT TO PORTLAND.

RATHBONE BIBLE IN CASE AND PORTRAIT OF J. H. RATHBONE.

The Rathbone Bible, one of the most highly prized properties of the supreme lodge of the Knights of Pythias, has been brought to Oregon by Fred E. Wheaton, supreme keeper of the records and seal, and is being used to initiate several classes in Oregon lodges this week. This Bible is the original book which was given to Justus H. Rathbone, founder of the order, by his mother, and which was used by him in the initiation of the first class in the Knights of Pythias. Mr. Wheaton carries it in a wooden case. In the lid of the case is a portrait of Rathbone, and the case falls open like a book, displaying the Bible and portrait at the same time.

Mr. Wheaton is using the Bible in initiation of the lodge, while the Armory will be used for the large public gatherings that are to be featured during the convention.
