

FRESH REVOLUTION BREWING IN MEXICO

Movement, Presumably by Felix Diaz, Gives Deep Concern to Washington.

TROOPS MARKING TIME

Cabinet Discusses Situation, but Will Not Act Until General Scott Reports—Warning Not to Proceed is Rumored.

WASHINGTON, April 21.—While immediate interest centers naturally on the situation as to the troops in Mexico, there were renewed indications about the State Department today that a wholly different aspect of the Mexican problem was causing growing concern in Chihuahua state, which is headed by Felix Diaz, nephew of the former Mexican dictator, for a new revolution against the de facto government.

None of the information upon which the uneasiness rests has been disclosed. It is known, however, that several Mexican states are being closely watched and it seems possible that some of the anti-American feeling in Chihuahua state, which has met the troops pursuing Villa, may be attributed to this movement.

President Wilson and the Cabinet discussed the Mexican situation today, but did not decide on any course of action. Further steps by the United States toward the pursuit of Villa or withdrawal of troops from Mexico will await a full report from Major-General Scott. Pending word from General Scott, Secretary Baker reiterated his statement that no change had been made in orders of General Funston and that the Department had no knowledge of any change in the latter's orders to General Pershing.

The Secretary admitted that official dispatches had carried a rumor the report that Mexican officers had warned General Pershing not to proceed south of Parral. It was learned at the State Department that a report to this effect was transmitted some days before the Parral incident through consular agents. Mr. Baker insisted that the warning had made no change in the Department's orders to the border forces.

It was indicated tonight that a reply to General Carranza's telegram, calling attention to the clash at Parral and asserting that the American commander had violated his orders and the agreement with the de facto government in entering the town, would be dispatched soon. War Department officials say the report on the incident from General Pershing, Major Tompkins and other officers is not complete. It has been withheld from publication because of the flat contradiction it contains of the Mexico City advices from General Carranza as to the part his troops played in the fighting.

SCHOOL HEAD RE-ELECTED

Roseburg Retains F. B. Hamlin as City Superintendent.

ROSEBURG, Or., April 21.—(Special.)—At a meeting of the Roseburg School Board held here Wednesday night, F. B. Hamlin was elected Superintendent of the city for his second term. Mr. Hamlin is one of the best-known school superintendents in the state.

At the time the Lane High School building burned here a few months ago, he displayed his ability as a manager by securing temporary quarters and having work in the high school resumed in less than a week. Members of the School Board say the Roseburg school was in a better shape than at the present time.

MR. SPRECKELS FORGETFUL

SPRECKELS' testimony at an Interstate Commerce Commission hearing in San Francisco in January, 1907, at which he testified to having been paid \$1,200,000 for the properties at issue. "You testified to that, didn't you?" inquired Mr. McNabb. "Well, yes, I must have done so," admitted Mr. Spreckels. "But there must be some mistake. I don't remember that \$1,200,000. I am sure we were paid only \$1,900,000."

Marshfield Backs Coos Bay Band.

MARSHFIELD, Or., April 21.—(Special.)—The Marshfield Chamber of Commerce has stood sponsor for the payment of \$200 for music and a director for the Coos Bay band, which a few months ago disbanded. The scheme is to have an organization at the time of the railroad celebration.

Gillies' Case to Be Appealed.

OLYMPIA, Wash., April 21.—Attorney for John E. Gillies, former claim agent of the State Industrial Insurance Commission, convicted of forgery and grand larceny in connection with the losing of the industrial insurance fund, announced today that they would appeal Gillies' case to the State Supreme Court.

This coupon will count one vote when properly filled out and sent to Portland Rose Festival Contest Department, 337 Northwestern National Bank Building. Coupons must be neatly trimmed and put in package with number of votes written on top. Main 1430.

OFFICIAL WAR REPORTS

French.

PARIS, April 21.—Today's official communication by the War Office says:

"West of the Meuse, the attack undertaken yesterday by our troops in the region of Le Mort Homme progressed during the night. In addition, we seized a trench on the northern outskirts of the Caurettes wood and made prisoner four officers and 150 soldiers."

"East of the Meuse, a violent bombardment of our positions was followed at the close of the day by a powerful offensive action by the enemy on a two-kilometer front between the Thiamont farm and the Pond of Vaux. The Germans, who had gained a foothold in our lines south of Port Douaumont and north of the Pond, were completely thrown back by our counter attacks during the night. Two machine guns and a number of prisoners fell into our hands."

"West of Douaumont in the sector south of Haudremont wood we likewise made progress. We recovered several trench mortars and captured a score of Germans."

"The night was calm on the rest of the front, except in the region of Le Prevee wood, where our artillery was quite active."

"The supplementary report, issued to-day, says:

"In the Argonne at Hill 255 (Haute Chevauchee) we have occupied the northern rim of a crater made by the explosion of a German mine. The enemy has been heavily wounded in our new positions at Le Mort Homme."

"On the left bank of the Meuse the German artillery has shown intense activity from the Meuse to Fort Vaux."

"In the Woivreux a violent cannonade has taken place in the sector between Chantillon and Ronvaux. There was no infantry action."

"Our long-range guns have shelled the station of Vigneulles les Hattonchatel, to the northeast of St. Mihiel."

"To the north of Begniewille our batteries scattered convoys on the road from La Marche to Nonard."

German.

BERLIN, April 21.—The text of today's official report by army headquarters is:

"Western front.—In the Meuse region (Verdun front) stubborn infantry fighting developed in conjunction with a great increase of activity on the part of the artillery on both sides. West of the river the French made an attack with large forces against Le Mort Homme and to the east thereof. In general the attacks were repulsed with sanguinary losses to the assailants. The fighting is still going on for a small portion of a trench."

"In the Argonne the fighting developed at close quarters during the night around some French trenches, and is not yet ended."

"A repetition of the enemy's infantry attack against our lines at Calette wood failed at the very outset on account of her strong and concentrated artillery fire."

"In the Vaux sector on the Woivreux Plain and on the heights southeast of Verdun very lively artillery activity was observed during the day on both sides as heretofore."

"An aeroplane of the enemy fell to the earth in flames in Fumina wood, southwest of Vaux."

"Eastern front.—Near Garbunovka, northwest of Dvinsk, the Russians in their vain attack suffered severe losses amounting to about one regiment."

"An aeroplane squadron of the army of General von Bothmer dropped a number of bombs on railway buildings at Tarnopol."

"Balkan front.—Our airmen attacked a number of aeroplanes of the enemy in the Balkans, and destroyed several of them."

FEET IS REPAIRED

Daniels Orders Speeding Up as "Preparedness Test."

LABOR SHORTAGE FOUND

Government Unable to Attract Men in Competition With Private Manufacturers Paying Higher Wages and Overtime.

WASHINGTON, April 21.—Orders to speed up repair and overhaul work on vessels of the Atlantic fleet have been sent to the commandants of the various Navy yards by Secretary Daniels. In case of labor shortage the commandants are directed to expedite the work by employing the ships' personnel.

The move was explained as a "preparedness test" the execution of which would illustrate how quickly the vessels could be restored to normal condition after their strenuous winter operations and placed in readiness for the battle practices and maneuvers beginning May 26.

Assistant Secretary Roosevelt has been in conference with officials of the New York yard, attempting to arrange for the employment of a sufficient force of mechanics and other skilled men to operate that plant on a night and day schedule.

Secretary Daniels said the officials were experiencing great difficulty in securing laborers at Government wages and also delay in delivery of materials ordered for repair work and construction of the vessels now being built. Offers of better pay and advantages of extra work at double time were attracting the workmen to private employment and creating the scarcity of labor in the yards.

GERARD DELIVERS NOTE

(Continued From First Page.) It is known that Count von Bernstorff has strongly recommended to his govern-

PORTLAND ROSE FESTIVAL 1916 QUEEN CONTEST

Good for One Vote—Void After Saturday, April 29, 1916

places in the Vardar valley and to the west of the valley, where French troops are situated."

Italian.

ROME, via London, April 21.—The following official communication was issued today: "Interruption of artillery activity and frequent aeroplane reconnaissance have taken place along the whole front."

"There have been small infantry engagements in the upper Astico and Sugana Valleys and on the upper Corsevoile, which resulted in our taking 10 prisoners."

"In the Monte Nero zone the night of the 20th we repulsed enemy detachments which were attempting to shell our lines on the Alpi. Yesterday afternoon several Caproni aeroplanes flew over the war hydro-aeroplanes station at Trieste and dropped 40 bombs, which caused visible disastrous results. The air craft returned safely to their bases despite a violent anti-aircraft artillery fire."

Russian.

PETROGRAD, via London, April 21.—The War Office statement issued today says:

"The German light and heavy artillery has been shelled, but our batteries have silenced part of the guns and rapid-firers."

"In the region of Jacobstadt there has been an artillery duel. West of Gorn and north of Moxratza Gorn the enemy attempted to approach our trenches, but was repulsed."

"In Galicia the enemy attacked strenuously in the region of Popovogora, but without result."

"In the Caucasus our offensive in the coast district continues. Our soldiers have taken the opportunity that has been given by the Russian troops to join hands with their French brothers."

"The real purpose of the sending of Russian troops to France," said the officer, "is to demonstrate the profound sentiment of admiration and respect Russia has for her ally. Our soldiers who have just disembarked doubtless will fight side by side with the French soldiers on French soil, and I will be proud to see the soldiers of both nations thus marching together."

Russia still has many hundred thousand men under training than she can use on her fighting lines. The Russian problem continues to be not how to get the men, but munitions. The arrival of a new allied offensive on a tremendous scale about to be undertaken."

Possibly a quarter of a million men will be sent into France this Spring. Arrival of the Russians has renewed discussion of a new allied offensive on a tremendous scale about to be undertaken."

FRENCH ACCLAIM RUSSIAN ARRIVALS

Officer Says Exhibition is Meant to Show Profound Admiration for Allies.

MEN PLENTY, GUNS SCARCE

Total to Be Sent to France This Spring May Reach 250,000, to Be Used in Inaugurating Big Offensive, is Rumored.

MARSEILLES, April 21.—The Russian troops which reached Marseilles yesterday continue to be the center of enthusiastic demonstrations from crowds in the approaches to Camp Mirabeau, where the newly arrived force is quartered. The Russians show no ill-effects of their long voyage. The authorities decline to permit mention of the number of men who arrived or of the route the transports followed.

One of the superior officers of the Russian troops received the Associated Press correspondent in his tent at Camp Mirabeau. The officer expressed satisfaction over the opportunity that has been given by the Russian troops to join hands with their French brothers.

"The real purpose of the sending of Russian troops to France," said the officer, "is to demonstrate the profound sentiment of admiration and respect Russia has for her ally. Our soldiers who have just disembarked doubtless will fight side by side with the French soldiers on French soil, and I will be proud to see the soldiers of both nations thus marching together."

Russia still has many hundred thousand men under training than she can use on her fighting lines. The Russian problem continues to be not how to get the men, but munitions. The arrival of a new allied offensive on a tremendous scale about to be undertaken."

Possibly a quarter of a million men will be sent into France this Spring. Arrival of the Russians has renewed discussion of a new allied offensive on a tremendous scale about to be undertaken."
