ARMY BILL BLOCKED **AGAIN IN CONGRESS**

Democrats Plan to Resort to Special Rules Today to Force Action.

Majority Party in House Charges Republicans With Filibuster to Block Legislative Programme on All Points.

WASHINGTON. April 24.—Aroused by Minority Leader Mann's success on two occasions today in keeping the Army bill as amended by the Senate from going to conference, House Democratic leaders declared tonight that without further delay they would force

without further delay they would force their legislative programme through with the aid of special rules.

A rule to discharge the military committee from further consideration of the Army bill and to permit the Spaker to appoint House conferees after debate on one motion to recommit, will be reported by the rules committee tomorrow. Majority members of the committee will suggest an hour's debate on the motion, but if this is not agreeable to the Republican minority debate will be limited to 20 minutes on each side.

each side. Following disposal of the agricul tural appropriation measure, the Democrats also decided today the Philippine, Porto Rican and shipping bills will be brought up for passage in the order named.

will be brought up for passage in the order named.

This course was agreed upon, despite the protests of Republicans that some preparedness or appropriation measures should receive immediate consideration. Drastic rules to provide for limited debate will accompany all of these three Administration measures with the view of having them enacted into law before the conventions if possible. On the Philippine measure, for instance, it now is planned to limit the general debate to five hours.

Democrats were greatly disappointed late this afternoon, when Speaker clark sustained a point of order raised by Mr. Mann on a rule designed to send the Army bill to conference without an intervening metion. Mr. Mann maintained that adoption of such a rule would deny the minority the right of a motion to recommit, to which it long has been entitled. Immediately after the Speaker's ruling, Representative Garrett, of Tennessee, sought to have the rule that the committee will report tomorrow adopted by unanimous consent, but again Mr. Mann objected, ending the debate on the proposition for today.

Earlier in the day, Mr. Mann had prevented the bill from going to con-

for today.

Earlier in the day, Mr. Mann had prevented the bill from going to conference by objecting when unanimous consent was asked by Chairman Hay, of the military committee. A meeting of the rules committee was called hastily and the rule which was later released reported.

rejected, reported.

Mr. Mann's objections to the bill are not believed to be connected with the "filbuster." which, Democrats charge, the Republicans are conducting for the purpose of delaying consideration of the Adminstration legislative pro-

PARIS, April 24.—"Some persons have dared to say that France did not ap-preciate the affection and inexhaustible kindness of the Americans," writes Professor Victor Bascher, of the Sorbonne University, in a long article in the Petit Parisien, reviewing the work of various American war organi-zations in France.

"It is a monstrous calumny," he adds. "The truth is that France's gratitude equals America's charity, that she will never forget the sacred debt she contracted toward her sister republic, that the links binding the United States to France, always close, are strengthened by our gratitude and that henceforth re widely than ever our schools and hearts will be opened to America s citizens."

BENSON PARK BILL PASSED

Congress Allows Portland to Purchase Land Near Falls.

OREGONIAN NEWS BUREAU, Washington, April 24,-The Senate today passed Representative McArthur's bill, previously passed by the House, authorizing the city of Portland to purchase at \$1.25 an acre 240 acres of land in section 18, township 1, range 6, for addition to Benson Park.

The Senate also passed Senator Chamberlain's bill to declare Oregon Slough non-navigable, and Senator Lane's bill authorizing the erection of a public building at Corvallis.

Nervous Periodical Headaches

This trouble commonly called "sick headnche, is said to be due to the retention of
ures in the system. Often it is stated that
a poor condition of the blood is a cause of
these headaches, or that it is a nervous
condition; and in certain cases, no doubt
this is true.

Where treatment is demanded, it is more
for the pain than anything else, and Dr.
A. F. Schellschmidt of Louisville, has
sound anti-kanmia tablets to give prompt
and satisfactory relief. "Hest should be
insisted upon," he says, "and the patient
abould go to bed, darken the room, and all
the attendants and family should be as
quiet as possible. An emetic will sometimes shorten the attack. The bowels should
be kept open with "Actolds"; a hot bath and
a thorough rub-down with a coarse towel,
often give grateful relief. Two anti-kammia
tablets when the first signs appear, will
usually prevent the attack. During an attack, one tablet every hour or fwo will
shorten the attack and relieve the usual
manses and vomiting." These tablets may
be obtained at all druggists. Ask for A-R
Tablets. They are also unexcelled for pervous headaches, neuralgis and all pains.

Premier Is Confident. Confidence in the ability of the new Chinese Cabinet to restore peace was expressed today by Tuan Chi-Jui, who on Saturday accepted the Premiership, in an interview granted to the Fekin correspondent of the Associated Press. The first task of the Cabinet, he said, would be to restore tranquility. "Some of the demands made in the Southern provinces are unreasonable, but I believe everything soon will be

adjusted," he said. Cabinet Demands Change. In reply to a question regarding the respective powers of the President and the Cabinet, the new Premier said:

"China now has a responsible Cabinet and Premier. Full power lies in their hands, not in those of the President. The Cabinet will move outside the palace grounds and only matters of the greatest importance will be referred to the President for discussion.

"The military hereafter will be under the Minister of War. it has been found that it was not good for the country to have the army solely under the President. Sir Roger was perhaps the most disinguished of the disaffected spirits who, when British subjects were called to arms in 1914, clung to private griefs and refused to rally to the colors. After taking refuge in Germany, his activities in behalf of the Teutonic allies and their cause was such as to call attention of all Britain

and Germany. In a recent statement published by him in Berlia he declared that England would, in the event of victory over Germany, make of Germany another Ireland. An excerpt from this statement follows:

ppressed, insulted and exposed to general contempt, even so would the German people be attacked, even so, in fact, are they being attacked in every quarter of the globe where the English lies can penetrate and spread their asphyxiating gases. A common foe, a common enmity, should create a com-mon interest and a fixed policy. Hitherto Germany has entirely misunderstood the Irish situation and has missed -doubtless for her honorable good will for England-many opportunities to

Army Aviators Witness Test of Two-Passenger Aero-Glant Flying Bout Carries Seven Men.

NEWPORT NEWS, Va., April 24.— The "J. N. 5," a two-passenger twin-motor biplane of a new type especially adapted for military purposes, was tested at the Atlantic Coast aeronautical station here today and was said by school officials to have met all requirements. United States Army aviation officers witnessed the test.
The "J. N. 5" makes a speed of 190 miles an hour and climbs 1000 feet a

Carrying seven men, the giant flying boat "H-7" was given its first thorough tryout today. The machine made two flights, one of 30 and one of 20 min-utes. The results of the tests were declared entirely satisfactory.

Vivian Hewitt, of the British navy, who has been at the station five weeks for the British government, said today that within the next few weeks a flying boat even larger than the "H-7" would be brought here for a tryout.

The British government has ordered a large number of those machines.

Official tests of the military tractor "R-2" model, eight of which were re-cently bought by the War Department for use in Mexico, were completed to-day and Army experts were well pleased. The tests today were made by
