Vernon, Oakland at San Francisco. BY ROSCOE FAWCETT

With four weeks of the Pacific Coast ball season out of the way the clubs are lined up this morning just about as the wise rallbirds had doped them prior

to the opening.

Los Angeles is leading the league, but by the skinniest kind of a margin. It required a double-header Sunday to dislodge the Oaks from first place, and so tightly bunched were the clubs that the Oaks plunked all the way down to third place. third place.

Oakland has been the surprise so far,

due chiefly to the form displayed by young Speed Martin, the busher, who has won five games in a row. Barry at first base and Lane in the outfield also have been surprises.

Elliott's Chances Good. If these three athletes continue at their present pace Rowdy Elliott's Oaks

their present pace Rowdy Elliott's Oaks stand a good chance to become thoroughly acquainted with the folk in the first division after several seasons roaming around the catacombs.

San Francisco got off to a rather slipshod start, but the Seals are now coming again. They won the series last week from Salt Lake by taking the double-header Sunday. Steen and Couch are rounding to form, and when Fanning and Baum set going strong, augmented by Oldham, of Detroit, the Seals are sure to be a dangerous aggregation. Salt Lake has strengthened materially since the season's start by the rially since the season's start by the addition of the hard-hitting Rath at

Vernon Minus \$1200.

Vernon got away from Portland Sun-day night minus about \$1200, due to the rainy weather encountered here, but with two games of the four tucked away in their jeans. Ham Patterson has a well-balanced ball club, most of them old birds, still, Portland fans cannot see where they have anything on the Portland club.

The poor physical condition of the pitchers handicapped the Beavers for the first two weeks down south and club.

AND PUTS HALT TO PLAY Hatchery Team on Coos River Near Marshfield Defeated.

MARSHFIELD, Or., May 1.—(Spetial)—The Hatchery baseball team was defeated by the Biue Ridge Tigers in

the first two weeks down south and this sort of took the heart out of the rest of the team. As a result when they did get some fair pitching after the first terrific lambasting at home the locals fell down with the war club and played some bad baseball to boot. After losing three out of four to Sal Lake, however, and the first two to Ver Lake, however, and the first two to vermon, the Beavers came back with victories on Saturday and Sunday. Byron
Houck pitched a beautiful game Saturday and Noyes came through with another on Sunday. With these two twirters apparently in shape. Portland
should be able to give the Angels a
tough argument during the ensuing
series.

Wichita thereupon transferred him back to Vernon and a few days later he was sold to San Francisco. Wolverton did not need an outfielder as badly as he needed another catcher, so he traded Kane to Los Angeles for Clarence Brooke.

Los Angeles atill has Boles and Baseler for backstop duty.

Fisher is back at shortstop again after an illness, and Chance's club seems to have entirely recovered from the first count except in one infing. Recreation Center With Golf Course Is Advocated in Resolution -- Committee Agrees to Put Up \$3000 of Improvement Cost.

Whether or not Portland will have a municipal golf links will be decided by the City Council tomorrow. At that time a proposed ordinance authorizing the city to enter into a contract with the Ladd Estate for use of 151 acres near Reed College free of charge for five years will be up for passage. Commissioner Baker at that time will have an estimate for the probable cost to the city of putting the course in shape. The Portland Chamber of Commerce at the regular meeting in the Oregon building yeaterday noon adopted a motion indorsing the plan of creating a regreation center with municipal golf links. While the motion mentioned nothing regarding a site, the sentiment of the Chamber was in favor of the proposition to be voted on this morning by the members of the City Council. Dr. M. C. Holbrook, a member of the committee called together by Victor A. Johnson, president of the Waverley Country Club, was present at the Chamber of Commerce gathering yesterday and he explained in detail the Ladd Estate grounds and the feasibility of constructing a recreation center and the municipal golf links.

With the indorsement of the project by the Chamber of Commerce, more interest has been created in obtaining the profoxed site.

The offer of free use of the big tract The offer of free use of the big tract was submitted to the Council last Friday. office.

A committee interested in municipal golf links has agreed to put up \$3000 of the cost of improvements. While estimates have not been completed by Mr. Baker, it is said the additional amount necessary will be between \$3000 and \$4000.

Portland is the only city of its size on the Pacific Coast without a municipal golf course. Seattle has one of the finest public courses in the country, having spent upward of \$80,000 in its beautiful tract. This links was opened last May and has proved not only self-sustaining, but a real money - maker. Revenue is derived from annual permit dues of \$6 or permits for shorter peridues of \$6 or permits for shorter peri-

month.

The Ladd tract is ideally situated for golfing purposes for a big majority of the people of Portland reside on the East Side of the river.

Rudolph Wilhelm, state golf champion, made a round of the Waverley Country Club Sunday and surprised himself with a score of 77. He went out in 41 and in in 38, which is par for the lower nine holes. Reports are coming from Los Angeles that the memory of the late Happy Hogan is not to be allowed to fade. It was almost a year ago, May 17. that Hogan died unexpeciedly thereby casting a deep shadow over the Pacific Coast League. The present plan is to have the six clubs of the circuit give a testimonial. The idea originated with Henry Berry and Johnny Powers. Henry Berry and Johnny Powers,

The Vernon-Salt Lake game slated for this afternoon at Loss Angeles will be postponed because the Vernon team will not arrive in time for the game. A team can travel north from Loss Angeles to Portland, leaving the enfecteria city Sunday night, and arrive here in time for a match Tuesday afternoon, but this is not the case when traveling south. The opening game of the Vernoon-Salt Lake series will be played in Loss Angeles tomorrow afternoon. On such a play the ball is not considered in play and runners instead of being allowed to advance at their peril, shall return to their original bases without liability to be put out. The section covering the play says: "The baseronner shall return to his base without liability to be put out if the person or clothing of the umpire, while stationed back of the bat, interferes with the catcher in an attempt to throw," I have always sort of regretted that the ball was not allowed in play on such a happening. Catarrh is a "cold" in its chronic form. The air is filled with bacteria which is taken into the mouth and nose through the process of breathing. When the body is in a healthy condition no harm results. But with our modern methods of indoor living and sedentary occupations, the mucous membranes are usually not able to "throw-off" this harmful bacteria, making catarrh a very common aliment. These germs breed and multiply, causing inflammation, the blood rushes to the membranes to fight off the bacilli. When the blood is in a visorous condition its "defensive" efforts are successful.
