LANING GIVES STATEMENT
Fact That Germany Agrees to Modify Submarine Warfare Basis of Acceptance.

WASHINGTON, May 1.—A statement made by Chairman Laning today for transmission to Admiral Gerard Chace today for delivery to the British government, in which it was stated that the German government that the United States had been made to understand the "submarine blockade" of "former custom" and recognized it as "the policy of the United States to maintain a course of action respecting the blockade which has been the subject of discussion between the United States and Germany in the past." The statement also expressed the belief that the German government would continue to maintain that policy and that the United States would continue to maintain its own policy of blockade.
