

WILSON FOR ARMY TO INSURE PEACE

President Makes Distinction Between Militarism and Preparedness.

TRADITIONS NOT MENACED

Foes of Great Military Are Told Compulsory Training, Not Universal Service, Is Idea to Carry Weight With World.

WASHINGTON, May 9.—

Hope that at the end of the war the nations of the world would undertake a joint effort to keep the peace, backed by a common police force, was expressed by President Wilson Monday in an interview with a committee of the American Union Against Militarism...

Committee Doubts Expressions.

The committee insisted that on account of his office, the President most frequently addressed audiences from the upper classes and that the responses he received upon the proposal to increase the military were misleading...

This committee was headed by Miss Lillian D. Wald, Rabbi Stephen S. Wise and Amos R. E. Pinchot, all of New York City; A. A. Berle, of Cambridge, Mass., and John A. McSparran, legislative chairman of the National Grange...

Peace of World Wanted.

"As to the general thing we are all most profoundly interested in, and that we mean the peace of the world. How, I do not know. I cannot speak about what I am going to speak about with any degree of confidence... I do not suppose any man can but a nation which by the standards of other nations, however mistaken those standards may be, is regarded as the best in general council...

Force Necessary for Peace.

"We have undertaken very much more than the safety of the United States; we have undertaken to keep what we regard as demoralizing and unwholesome influences out of this hemisphere, and that means that if the world undertakes, as we all hope it will undertake a joint effort to keep the peace, it will expect us to play our proportional part in manifesting the force which is going to rest back of that."

World Expects Assistance.

"Now, let us suppose that we have formed a family of nations and that family of nations says: 'The world is not going to have any more wars of this sort without at least first going through certain processes to show whether there is anything in its case or not. If you say, 'We shall not have any war,' you have got to have the force to make that 'shall' bite. And the force that we mean is the force that in this thing, will have the right to expect from her that she contribute her element of force to the general undertaking. Surely that is not a military idea. That is a very practical idea."

Mr. Wilson Draws Distinction.

"I should say that was not inconsistent with the traditions of the country that the people should know how to take care of themselves, but it is inconsistent with the traditions of the country that their knowledge of free arms should be used by a governmental organization which would make and organize a great army, subject to orders to do what a particular group of men might at the time think it was best to have it do. The military of Europe, where a few persons can determine what an armed nation is to do, that is what I understand militarism to be. But a national army with arms is not a militaristic nation unless there is somebody who can by an order determine what they shall do with that force. I think we ought to be very careful not to let these different things seem as if they were the same."

WATER PIMPLES ON MY FACE

Developed into Hard Pimples. Large and Irritated. Face Was in an Awful Condition.

HEALED BY CUTICURA SOAP AND OINTMENT

"I first noticed water pimples on my face which began to develop into hard pimples, and they would disappear into the skin and then soon they would leave marks upon my face. The pimples were large and running water all the time and they festered and irritated. My face was in an awful condition."

"I ran across a Cuticura Soap and Ointment advertisement in a magazine so I tried it. I first bathed my face well with Cuticura Soap and then spread the Ointment on and in about a week's time they disappeared altogether and I was entirely well." GRANGE IN SESSION

From 400 to 500 Delegates Gather at Grants Pass.

BANQUET IS HELD INDOORS

Inclement Weather Forces Abandonment of Plan to Hold Night Session in City Park — Cyrus W. Walker Notable Visitor.

GRANTS PASS, Or., May 9.—

The 124th annual convention of the State Grange of Oregon convened in Grants Pass today with between 400 and 500 delegates in attendance, this being the first time the state convention has met in a Southern Oregon city. A huge welcome sign greeted the delegates upon their entrance to the city, while the streets were gaily decorated with bunting in the Grange colors and American flags. The state officers and committee men arrived Monday, but the great bulk of the delegates came in on train No. 34 last night and were entertained by the Commercial Club.

This morning's session was largely given over to the report of the credentials committee, while the standing state committees reported this afternoon. Owing to inclement weather the banquet for tonight, to have been at the City Park, was taken to Dreamland rink. Toasts by prominent grangers, responded to by the city officials of Grants Pass, were the order of the evening. Perhaps the most interesting delegate attending the banquet tonight was Cyrus W. Walker, uncle of Mrs. H. L. Gilkey, of this city. Mr. Walker is the oldest living white man born in the territory west of the Rocky Mountains and north of California. He is a delegate from Albany, Or.

A large number of delegates arriving in the city today, but falling to be accredited, were 15 carloads of spies. They were pursued and overtaken in the city by officers from Jackson County, where they were wanted for robbery.

Three of the women were held in the County jail here. The remainder, falling to be entertained by the Commercial Club, departed for Roseburg. They are reported to have a kidnaped white child in their possession.

Following is a list of the officers of the State Grange: Master, C. E. Spence, Oregon City; overseer, C. D. Huffman, La Grande; chaplain, Cyrus Walker, Albany; lecturer, Mrs. Minnie E. Bond, Eugene; steward, M. F. Young, Clatskanie; assistant steward, Charles Hayes, Sherwood; lady steward, Mrs. E. R. Allen, Tangent; secretary, Mary E. Howard, Multnomah; treasurer, H. Heraberg, Independence; assistant treasurer, Charles Dickinson, Oswego; gate keeper, C. C. Borland, Oregon City; Donora, Mrs. L. D. Mihole, Grants Pass; trustees, C. E. Spence, Oregon City; B. G. Leedy, Corvallis, C. L. Shaw, Albany; woman's work committee, Mrs. Florence Dickinson, Oswego; Mrs. Lulu Miller, Albany; Mrs. E. E. Blanchard, Grants Pass.

It's Easy to Peel Off All Your Freckles

The contrast between the freckles and the clear skin usually is so great that so much can be more than partially successful in obliterating the disfigurements. Ordinary macerated wax is far better; it literally peels off the freckles. Get an ounce of it at the nearest druggist and tonight scrub on enough to completely cover your face; remove in the morning with warm water. Repeat daily until every freckle has disappeared. Rough, blotchy, pimply skin, also common at this season, may be entirely gotten rid of by this same method, without discomfort or inconvenience. The effort is decidedly worth while; the new complexion obtained being so clear, smooth and youthful.
