

SALES OF ALCOHOL TO BE INVESTIGATED

Municipal Judge Calls Attention to Increasing Number of Arrests Reported.

DR. JOBB IS SENT TO JAIL

Records of Brooke Drug Company Show That Five Purchasers Last Week Were in Court, and One Died in Hospital.

That the sale of alcohol for drinking purposes is increasing in the city at an alarming rate was the declaration of Municipal Judge Langsuth, who was called upon yesterday to dispose of an unusual number of liquor cases, the majority of them being men who had fallen victims to alcohol.

"The condition today is worse than it was two months ago, when we were having a wave of bootlegging and drunkenness," he declared.

The judge emphasized the need of some steps being taken to check the purchase of alcohol by confirmed drunkards.

To A. W. Allen, proprietor of a drug store at 221 North Sixteenth street and secretary of the druggists' association, Judge Langsuth suggested an agreement on the part of druggists not to sell any alcohol except to physicians, graduate nurses or possibly to citizens personally known to the salesman and known not to be addicted to drinking.

Proposed Rule Approved. Mr. Allen, who was called into court with reference to a sale of alcohol made at his store to John Nelson, one of the men arraigned yesterday, declared that he would put his stamp of approval upon any such agreement.

Judge Langsuth called the attention of Deputy District Attorney Deich to the sale of alcohol which is being carried on by some of the druggists of the city and emphasized the need of restraining action.

Three of the victims appearing in court yesterday purchased their alcohol from the Brooke Drug Company, on Third street, and E. J. Ingram, a druggist pharmacist there, was called into court with reference to them. A record of alcohol sales made by the company from May 3 to May 8, inclusive, as shown by the affidavit book of Mr. Cahoon, was introduced into court and showed that during the six-day period four men and one woman had appeared in Municipal Court after purchasing alcohol there and one man had died in the police Emergency Hospital.

Druggist Shows Sales. The record follows: Tom Plummer bought alcohol May 4, before court May 5.

A. J. Craig bought alcohol May 5, died in Emergency Hospital May 6.

Mrs. Stella White bought alcohol May 5, before court May 8 and 9.

Albert Smith bought alcohol May 5, before court May 6.

Matt Wells bought alcohol May 6, before court May 9.

Andrew Larson bought alcohol May 8, before court May 9.

Deputy District Attorney Deich declared he would make an investigation relative to the sales made by the Brooke Drug Company in an effort to see what could be done.

Stadter said that the druggists of the city are becoming careless in the belief that nothing will be done if they continue their sales of alcohol. He stated that if the city knew the work being carried on by some of the drug stores, the places would be raided in Carrie Nation style.

Dr. Jobb Sentenced. A sentence of 75 days was given Dr. A. L. Jobb, on a charge of selling liquor. He was arrested in a raid made at 29, Front street, C. J. Ingram, taken at the same place, is to be tried on a charge of selling liquor today.

Joe St. Mary, charged with taking an order for liquor, was also sentenced to 75 days in jail. St. Mary is believed by the police to have been connected with a band of bootleggers, but he refused to divulge anything.

John Wallin, charged with drunkenness was fined \$25.

The cases against eight others, charged with drunkenness, were postponed until today in order that a further investigation as to the source of the liquor supply could be made. Those held on drunk charges are: Matt Weir, George Brown, Martin Fordstrom, John Nelson, Thomas Madden, Andrew Larson, George C. Straw and Mrs. F. White.

MILLS KEEP 10-HOUR DAY (Continued From First Page.)

workers as a whole," argued Mrs. Gee. "I am talking only about the women in this mill," replied Dr. Pierce.

"What I want to know," demanded Mrs. Gee, "is whether you, as a physician, consider 10 hours daily work good for a woman's health?"

"Well, I have practiced my profession for 20 years and I know women who have worked a lifetime for 10 hours a day without suffering."

The discussion on this point raged for quite a while, Mrs. Gee continuing to press the 10-hour-day problem in the abstract, while Dr. Pierce spoke of it in its concrete application to the Portland Woolen Mill.

"So far as the Portland Woolen Mill is concerned," Mrs. Gee agreed, "it is a beautiful place to work. The women are well treated. I was well pleased with conditions as I found them there."

"But I am opposed to permitting Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv.

those women to work more than eight hours a day—on principle. I'll never yield from that point."

Hereupon Mr. Thompson joined in the discussion again.

"I believe, too, in the eight-hour day for women, but we should have a Nation-wide law on the subject. I hope the day soon will come when the whole United States will have an eight-hour day for its women workers, but in the meantime let us not go too fast. Remember that the Oregon factories have to compete with the whole country with factories that permit their women to work 10 and even 12 hours a day."

The upshot of the discussion was the adoption of a resolution that will permit the women mills of the state to continue their present regulations—10 hours for five days and four hours on Saturdays.

Chamber Presents Protest. The Chamber of Commerce resolution was presented by W. F. Woodward, one of its directors. It recited the fact that Oregon is dependent upon outside capital, largely for development of its natural resources, that capital is timid and that if the state is to progress and prosper legislation inclined to discourage capital should be held in abeyance.

"We respectfully oppose the imposition of any burdensome restrictions, was the substance of the resolution.

"I hope that this subject will be given serious consideration," was Mr. Woodward's plea. "We understand that the present agitation for a change in the regulations is caused by the past infractions of a few employers. The Chamber of Commerce feels that it would be a mistake for this conference to penalize the great body of manufacturers for the errors of a few."

The Chamber of Commerce feels that it is not intended as a criticism of past decisions by the commission. It is only a cry for a surcease from undue agitation."

E. B. McNaughton, chairman of the conference, asked Mr. Woodward if any suggestions were made by the Chamber with the objection of the Chamber.

Plea Is General, Not Specific. "No, I could not come here and criticize the individual acts of the commission. I hope only to call your attention to the possibility that too much regulation may work an undue hardship."

"Isn't it a matter of fact," asked Mr. Roberts, "that much of the recent agitation on this subject was started by members of the Chamber of Commerce?"

"I hardly think it fair to pillory a man who raises his voice in a fair protest against conditions that he believes to be burdensome and call him an agitator," replied Mr. Woodward.

William Young, manager of the R. G. Dun Mercantile Agency, supplemented the remarks of Mr. Woodward.

"I merely want to give this word of warning," said Mr. Young. "This is a poor time to raise wages. Last year aggregate of 200 business concerns in Portland quit, while only 1500 started up—a net loss of 600. Business concerns can't stand the additional penalty of increased wages now."

The only ray of hope in the situation is the improved condition of the lumber industry."

"I think," explained Mr. McNaughton, "that when the Chamber of Commerce examines into the report of this committee, it will find that we have been conservative."

Price Rise Contested. "If we had been just," said Mr. Roberts, "we would have advanced wages from 10 to 15 per cent to meet the advance in the cost of living."

"I must take issue with the Board statement that the cost of living has advanced 15 per cent to 15 per cent," answered Mr. Woodward.

"While the price of many commodities has advanced, there have been some compensating reductions—rent, for instance."

"As a matter of fact," said Everett Ames, a member of the Commission representing the employers, "there has been a lot of misapprehension about the work of this conference. I believe that when the report goes out there will be little objection to it."

It was explained that the tentative proposals of the conference will be given due publicity and that all interested persons will be given opportunity to state their objections before the formal recommendations are adopted.

A letter from the Oregon Hotel Men's Association, thanking the conference for its action in exempting hotel employees from the operation of the one-day's-rest-in-seven rule, was received.

The next meeting of the conference will be held on Tuesday, May 23.

COUNCIL UNFURLS FLAG

CEREMONY MARKS OPENING OF NEW SEATTLE BUILDING.

Veterans of American Wars Have Share in Programme That Includes Oath of Allegiance.

SEATTLE, Wash., May 9.—(Special.)—Leaders of patriotic societies today generally expressed their pleasure over the ceremony of unfurling the American flag as the first order of business of the City Council which was inaugurated yesterday at the first meeting in the County-City building.

The ceremony was witnessed by a lobby filled with representatives of various patriotic organizations which, with the Council, saluted the flag and recited the oath of allegiance now familiar in virtually every public school of the land.

The flag was carried to the right of the president, where it will be at every meeting of the Council in the future, by A. T. Drake, clerk of the finance committee, who was a member of the Nineteenth Company, Volunteer Signal Corps in the Spanish-American War.

Two stanzas of the National Anthem were sung and President Haas then called on representatives of the various organizations present for brief remarks.

J. I. Blair spoke for the Sons of Veterans, C. A. Brinkley, for the United Spanish War Veterans, A. M. Kent, for the Grand Army of the Republic, County Auditor Phelps, for the Sons of the American Revolution, Mrs. A. J. Trumbull, for the Daughters of the American Revolution, and Mrs. Emma Gibbs, for the Daughters of Civil War Veterans.

The flag ceremony is provided for at all Council meetings by resolution of Councilman Dale, adopted by the Council more than a month ago and deferred until the opening of the new building.

CONCERT HELPS BAND FUND Programme at Ridgefield Given to Purchase More Equipment.

RIDGEFIELD, Wash., May 9.—(Special.)—The Ridgefield brass band benefited concert, given under the auspices of the Ridgefield Commercial Club Saturday night, netted \$50 to purchase new equipment.

Nearly 400 attended the concert, and 13 encores were demanded. Herman J. Potter, president of the Ridgefield Commercial Club, opened the programme. The last number was a selection by the band, "America," in which the audience joined.

The Hart Schaffner & Marx Label. IT means as much in our \$18 suits as it does in our \$50 ones. These makers put the same effectiveness in style and workmanship in each. The difference in price is one of materials only—or of weave, or of extra refinements. We suggest that you make an early selection; our Spring and Summer lines are full now. Sam'l Rosenblatt & Co. PLAYHOUSE TO OPEN

Hippodrome Enters Amusement Field Today.

CIRCUIT OWNERS ARE HERE

Orpheum Theater Remodeled, and Bill Will Contain Films and Vaudeville Acts Promised Free From Coarseness.

Spick and span, refurbished within and without, the former Orpheum, now the Hippodrome, reopens today at 1 o'clock under the auspices of the firm of Ackerman & Harris, owners of the Hippodrome Circuit, which reaches from Southern California to Seattle.

A new policy will mark the theater under the new owners. Instead of straight vaudeville as formerly, under Orpheum control, six vaudeville acts and six reels of motion pictures will prevail, running daily from 1 to 11 P. M. continuously.

All name things combined," said Mr. Fountain yesterday, "have made the Hippodromes in the California cities the biggest successes in the amusement field for years. We play to capacity business all the time. We give entertainment and service that are found only in the highest priced places of amusement."

"I am happy to say that we have secured the services of Mrs. June Hansen, a Portland woman well known in women's club circles, as matron at the Hippodrome, and she will give her time to caring for the comfort of the children. Our theaters carefully eliminate everything suggestive or coarse from the acts and young people will be entirely safe when they come to the Hippodrome either with or without escorts or chaperones. Everywhere the Hippodrome Circuit has been established, the theaters have become the distinctive family playhouses and we expect the same result here."

"We may say without dispute that we have in Portland the handsomest playhouses in the city and we are going to make the service in keeping with the high standard of the theater. We look for and are prepared to handle big crowds at the Hippodrome from this time on."

A. J. "YOUNG" SENTENCED Plea for Mercy Made in Behalf of Wife, Children and Mother.

TACOMA, May 9.—A plea for mercy in the name of his wife, his children and aged mother was made last night by Gayle R. Cleveland, alias A. J. Young, when he entered a plea of guilty to having forged bills and swindled P. J. Franstoll & Co., of Tacoma, out of \$2500. He was sentenced to the state penitentiary for a term of one to 15 years.

Cleveland admitted having defrauded certain grain merchants in four other cities, out of \$1,350.

CLEAN-UP MARK SET

Captain in District H Makes Canvass of 400 Blocks.

WEST SIDE TO BE INVADED Campaign Will Open in South Portland This Morning With Mrs. Isaac Swett in Charge. Workers Are Organized.

Sellwood, Llewellyn and Woodstock school districts in District H in the clean-up campaign, set a record in work when they marshaled their men, women and children yesterday to put the final polish on the last district on the East Side.

City officials who were on the ground handed the palm to this district without hesitation and congratulated Mrs. Harriet Hendee, captain of the clean-up organization, on the effectiveness of her organization. In the preliminary work, Mrs. Hendee had covered practically the entire three districts in a house-to-house canvass on foot—an achievement that no other captain had duplicated.

Nearly 300 women turned out to assist in the clean-up in District H, and all of the children were on hand.

The work proceeded so fast and effectively that about 400 blocks were cleaned up before the middle of the afternoon.

The junk sale of the children amounted to more than \$75.

Following two days behind the citizens' clean-up, the municipal street-cleaning department, under Alex Donaldson, handled the hauling of rubbish from District F yesterday. Seven five-ton auto trucks were on the job.

The average work of the street-cleaning department in the campaign thus far has been 50 five-ton truckloads of rubbish per day.

The fire marshals, who are making the preliminary canvass three days ahead of the citizens' campaign, were in District K yesterday, which is chiefly in the business section of the city.

Fire Marshals Entertained. They were entertained at luncheon at Engine House 21, with Captain W. D. Heath as host. Business men in the district contributed a large proportion of the supplies for the luncheon, and attended in strong representation.

Mayor Albee and all of the Commissioners also were present. The campaign will open on the West Side in South Portland this morning. Mrs. Isaac Swett is captain of this district, and preliminary organization has been made which, it is predicted, will make the work today record-breaker for scope and effectiveness, in spite of the high mark established in Mrs. Hendee's district yesterday.

Aberdeen Lodge Plans "Splash." ABERDEEN, Wash., May 9.—(Special.)—A splash celebration in Aber-

deen this July seems likely. The Moose Lodge has offered to take over the celebration and has appointed a committee of 10 to handle the preliminary plans. The Chamber of Commerce and city officials some time ago abandoned plans for the celebration.

G. H. Fowler has just been offered a Government position which he applied for 25 years ago.

REPUBLICANS IN CLACKAMAS ARE GAINING EACH YEAR. Leaders' Plans Are Spoiled by Appearance of Candidate for Vacant Place for Sheriff.

OREGON CITY, Or., May 9.—(Special.)—Clackamas County Democrats are facing a situation unequalled in recent political history of the party in this district. The fact that there are only four Democratic candidates and that one of the four is opposed at the primaries is not unusual, but registration figures show great gains in the Republican party and a corresponding decrease in the number of Democrats.

Each year has seen fewer Democratic voters, if the registration figures can be taken as a guide, until, if the same conditions hold out for a few years more Clackamas County Democrats will be equaled in number by the Socialists, Prohibitionists and Independents.

But the embarrassment of the Democratic leaders comes principally from another source. When Maxwell Victor walked into the County Clerk's office a few minutes before 5 o'clock on the last day for filing, he broke up the Democratic party.

The plan this year was to write in the name of Ernest T. Mass. With the nomination of Mr. Mass in view, the leaders of the party aimed to keep the ballot clear of Democratic candidates for Sheriff, so that it would be an easy matter for him to receive the endorsement of the party. But when Mr. Victor filed the Democrats awoke to the fact it was too late to place another name on the ballot to oppose him.

"I would vote for eight Republicans before I would vote for Victor," says Joseph E. Hedger, a Democrat leader. A desperate effort will be made to nominate Mr. Mass and the word is being passed about throughout the county.

It is generally conceded that Mr. Victor's nomination will mean the election of the Republican nominee, W. J. Wilson, the incumbent, and John B. Albright are running for the Republican nomination.

According to official Italian figures, the 1916 crop of cereals grown in the Northern Hemisphere exceeded the average crop of last five years by more than 2,000,000,000 bushels.
