

MOOSE WILL NOT INSIST ON COLONEL

George W. Perkins Says Party Will Support Anyone of Progressive Tendencies.

APPEAL IS FOR HARMONY

Committee Declares Patriotism of People Must Be Awakened and Denies Negative Stand of Some Republicans.

NEW YORK, May 10.—The Progressive party will not insist on the nomination of Theodore Roosevelt for President if the Republicans will name a candidate at Chicago.

Mr. Perkins asserted "and shall suggest his name to the Republicans. If they reply that they will not agree on the Colonel, we shall ask them to name their man, who should be a nearly unanimous choice as our man. We are willing to be reasonable for the sake of harmony."

Nonpartisan Effort Urged.

Mr. Perkins' statements supplemented one issued by the executive committee in which it was said:

"If the Republican convention is responsible to the patriotic spirit that brought the Republican party into being and made it dominant for half a century, it will meet this crisis in a spirit of broad patriotism that rises above partisanship. Should the effort fail, the responsibility for that result will rest on the Progressive convention, but will rest on other shoulders than ours."

"In this turning point in world history we will not stick in details. We will lay aside partisanship and prejudices, but we will never surrender the principles for which we stand and have stood and will follow only a leader who we know stands for them and is able to put them through. We are for peace, but not for peace at any price."

Negative Stand Decried.

It was said that the Republicans and Independent voters in general had responded "understandingly to the sentiments expressed" in the statement issued in January by the Progressive National Committee, which in effect was an appeal for Republicans and Progressives to "go together."

It was added, however, that "there is an element in the Republican party leadership which seems to be giving more thought to that party against, and whom it is against than to what it is for and whom it is for. Therefore, we again call attention to our Chicago statement as to the inevitable outcome of a failure to reach a common understanding."

Patriotism Now Needed.

"Reports from the Progressive organization throughout the country show that the American people have become impatient with leaders who had that comfort, prosperity and material welfare are above honor, self-sacrifice and patriotism; that we need a reawakening of our older Americanism, our belief in those things that our country and our flag stand for; that our people are seeking a leadership of the highest order and a courageous character—leadership that will draw to itself for the country's benefit the unselfish and patriotic service of our ablest citizens."

Our people are demanding that principles and policies shall be proclaimed and carried out by a man who has the wisdom to formulate them and the manhood to uphold them."

Mr. Perkins Entertains Leaders.

Complete delegations from all states will attend the Progressive National convention, it was announced. The total number of delegates will be more than 1000.

After the morning session of the session of the committee, George W. Perkins entertained the members at luncheon. Colonel Roosevelt was present and sat at the head of the table. Others attending were: Walter F. Brown, of Ohio; Herbert Knox Smith, of Connecticut; Matthew Hale, of Massachusetts; H. P. Gardner, of Maine; W. D. Lewis, of Pennsylvania; C. P. Dodge, of Colorado; Harold L. Sikes, and E. F. Harris, of Illinois; Henry L. Stoddard and Oscar Straus, of New York; William F. Ryan and E. A. Van Valkenburg, of Pennsylvania.

Pendleton Educator Honored.

FENDLETON, Or., May 10.—(Special.)—R. E. Chloupek, head of the vocational department of the Pendleton schools, has been notified of his appointment to the head of the vocational department in the State Teachers' Association. A letter from E. F. Carlson, president of the association, contains the information that Professor Chloupek is to have supervision of all articles pertaining to his work, which are published in the Oregon Teachers Monthly.

ASTORIA CITY IS ENJOINED

Railroads and Others Oppose Street Improvements.

ASTORIA, Or., May 10.—(Special.)—The city of Astoria has been enjoined from improving Commercial street between Tenth and Seventeenth streets by constructing a reinforced concrete viaduct and laying a bituminous pavement.

Remarks Cause a Stir among the Delegates.

The delegates held a public mass meeting in St. Paul tonight.

Mrs. Frederick Eggert is chairman, and Dr. Esther Pohl Loveloy and Mrs. David L. Povey, representing, respectively the Republican, Democratic and Progressive parties, are members of a committee which has charge of the work of the National Suffrage Association in Oregon.

This committee has sent letters to every candidate to the National conventions of the three parties from this state, asking them if they will support a plank declaring for National woman suffrage, which is to be offered at each of the National conventions.

About 30 of the candidates have so far replied that they will support such a proposed plank.

OFFICIAL WAR REPORTS

German. BERLIN, May 10.—(By wireless to Sayville, N. Y.)—The Germans have made further progress on Hill 304 on the Verdun front and have driven back French detachments on the southwest part of the hill, the War Office statement today says. The statement follows:

"In the Argonne, the enemy, after a mining operation, attempted to enter our lines, but was repulsed.

"Southwest of Hill 304 advanced detachments of the enemy were driven further back. One detachment was captured. The new German positions on Hill 304 were extended.

"Eastern front.—A Russian attack south of Garbunovka along a small front was repulsed. The enemy suffered heavy losses."

French.

PARIS, May 10.—The text of today's official statement by the War Office is:

"Between the Oise and Aisne, a coup de main upon one of our trenches near the Bois de la Selve was completely checked.

"In the Verdun region, the bombardment west of the Meuse noticeably diminished. East of the Meuse, in the Woëvre there was intermittent cannonading.

"A grenade skirmish was reported during the night in the woods of Avoucourt and south of Fort Douaumont.

"In Upper Alsace, the enemy reconnoitering party which attempted to seize one of our small posts near Hirsching, south of Altkirch, was repulsed with losses."

"Tonight's supplementary official report says:

"On the left bank of the Meuse, after violent bombardment, the Germans launched a strong attack on our positions in the neighborhood of Hill 287. This attack was completely repulsed. Some prisoners remained in our hands.

"A small offensive action carried out by our troops on the slope west of the Mort Homme permitted us to occupy some parts of a German trench. We took 62 prisoners and captured two machine guns.

"The day was comparatively calm on the rest of the front."

Turkish.

CONSTANTINOPLE, via London, May 10.—A statement issued today by the Turkish War Office says:

"Caucasus front.—In local engagements on the right wing and in the center, we made several prisoners and captured booty. In the center an attack by an enemy company was beaten back with great ease, and several prisoners and some booty captured, and continues."

"On the left wing, the enemy is endeavoring to force entry into the vicinity of the coast in building fortifications.

"As a reprisal against the Russian fleet which bombarded open towns and villages on the Anatolian Coast and destroyed harmless sailing vessels and fishing boats, we destroyed, between N. and the North Bank railway companies, and eight individual owners of property abutting on the railway, asked that the city and its officers be restrained from letting a contract for the proposed improvement. In the absence of Circuit Judge, the temporary injunction pending the hearing of the case, and signed a temporary restraining order fixing the bonds at \$2000.

The complaint is a voluminous one and recites several causes of action. Among its principal allegations are:

"That the city has no authority under its charter to improve streets by the construction of sidewalks, that charter amendments do not authorize different character of improvements in the declaration of intention to make improvements that the ordinance providing for the improvement differs from the resolution, in that it requires the contractor to guarantee the plans are correct."

MINNEAPOLIS, May 10.—A proposal to include in the resolutions a plank committing the Mississippi Valley suffrage conference to the support of the campaign for a Federal amendment enfranchising women was defeated at luncheon. Closing business session of the association's annual meeting here today, after a lively debate.

The result, leading suffragists said, was the attack on the proposed amendment from the present Congress."

"Even if it did pass," she said, "there is little likelihood that the necessary 28 states would ratify it." She added that the southern states could gain suffrage only through state work.

"Don't delude yourselves into believing we are going to get the suffrage amendment from the present Congress," said Mrs. Catt, speaking in opposition to the Congressional Union plan. "Notwithstanding all the optimistic chatter you hear, just set it down that we are not."

"We may obtain a majority vote in the Senate, but a two-thirds vote is necessary. And in the House we cannot look for a majority. You might as well know that the half of Congress is owned by somebody else."

Remarks Cause a Stir among the Delegates.

Her remarks caused a stir among the delegates.

The delegates held a public mass meeting in St. Paul tonight.

Mrs. Frederick Eggert is chairman, and Dr. Esther Pohl Loveloy and Mrs. David L. Povey, representing, respectively the Republican, Democratic and Progressive parties, are members of a committee which has charge of the work of the National Suffrage Association in Oregon.

Two Hood River Bankers Coming.

HOOD RIVER, Or., May 10.—(Special.)—V. C. Brook, assistant cashier of the First National Bank, and H. Vaughan, cashier of the Bank of Hood River, will represent Hood River at the semi-annual convention of Group 1 of the State Bankers' Association next Saturday at Oregon City.

664,552 GERMANS KILLED

British Estimate Total Casualties of War at 2,822,079.

LONDON, May 10.—An official British estimate of German casualties in the war issued here today, places the total at 2,822,079. The number of German soldiers killed, wounded and missing is given as 2,822,079. The number of killed in the war is estimated as 664,552.

These figures include all German nationalities—Prussians, Bavarians, Saxons and Wurttembergers. They do not include naval or colonial troops.

TROOPS MAIE TODAY

Remainder of Twenty-First Infantry Leaves Vancouver.

ARTILLERY TAKES POST

Entire Regiment Will Be on Duty on Mexican Border—Part of Fourteenth to Pass Through City on Way South.

WEDNESDAY'S WAR MOVES.

COMPARATIVE calm prevails on the western front in France, notably in the region of Verdun, which for weeks has been the theater of the most sanguinary conflict of the war. The French, however, have been able to capture portions of a German trench on the west slopes of the Mort Homme and to resist successfully a German attack near Hill 287, between the wood of Malancourt and Le Mort Homme.

Large reports show that the Russians have been repulsed in an attack on the German south of Smolensk, suffering heavy casualties. On the Austro-Italian front the usual bombardments and isolated infantry attacks still are in progress.

Constantinople announces victories for the Turks against the Russians in Northern Asia Minor and north of Mush, and the defeat of the Russians with heavy losses and the capture of some prisoners near Mourad. The recent attack by the Turkish cruiser Breslay against Russian Black Sea ports is said by Constantinople to have been made as a reprisal for the Russian fleet, which bombarded open towns and villages on the Anatolian coast.

The bombardment by the Teutonic allies of points on the Dorian-Glevoval sector of the Macedonian front continues, according to unofficial reports. The Germans, these reports say, after having thrown numerous shells into the town of Mayada, occupied the place, but were compelled to evacuate under a French counter attack. Numerous ten-inch guns are being placed along this front by the Germans.

A royal commission has been appointed to investigate the arrangements, which now seem to have been entirely put down. Premier Asquith has informed the House of Commons that there seems to be no possibility for further extreme measures against the rebels. Debate on the Irish situation has been postponed in the House of Commons pending which the British government is reported to have executed leaders in the revolt will take place. Baron Wimborne, Lord Lieutenant of Ireland, has resigned. The only way in which their aspirations for self-government possibly can be realized is the Irish Parliament at Kinsale, a manifesto has called upon the people of Ireland to support the constitutional movement and oppose the "insane course of Irish policy."

Germany, in a note to the United States, admitted that a German submarine torpedoed the French steamer Sussex. The submarine commander is declared not to have acted according to instructions, and it is stated that he has been "appropriately punished."

N. and the North Bank railway companies, and eight individual owners of property abutting on the railway, asked that the city and its officers be restrained from letting a contract for the proposed improvement. In the absence of Circuit Judge, the temporary injunction pending the hearing of the case, and signed a temporary restraining order fixing the bonds at \$2000.

The complaint is a voluminous one and recites several causes of action. Among its principal allegations are:

"That the city has no authority under its charter to improve streets by the construction of sidewalks, that charter amendments do not authorize different character of improvements in the declaration of intention to make improvements that the ordinance providing for the improvement differs from the resolution, in that it requires the contractor to guarantee the plans are correct."

SEATTLE, Wash., May 10.—The Second Battalion, headquarters, machine gun company, and band of the Fourteenth United States Infantry Regiment, Colonel Richard H. Wilson, departed for Douglas, Arizona, tonight on a special train of two sections. The first section was made up of freight and baggage cars, the second of passenger coaches.

The cars were drawn up in the Great Northern yard at Interbay, a mile and a half from Fort Lawton, this morning, and the field equipment, baggage and horses were loaded by the soldiers, who worked until after dark loading supplies and equipment.

The soldiers then marched through the woods of the post and through city streets to the railroad siding where their cars awaited them. At Portland the Great Northern will turn the train over to the Union Pacific, which will haul the cars to Denver, where the Santa Fe system will take them.

A large number of people gathered to see the soldiers depart. The men were in jolly spirits over the prospects of active service after having been ordered to make ready for a long period of duty at small posts in Alaska.

The troop train bringing the Fourteenth Infantry troops from Fort Lawton, Seattle, will arrive in Portland at the Union depot this morning between 6 and 7 o'clock. The train was scheduled to depart from Seattle at midnight for Portland, and will stop in Portland only a short time.

Rehearsal Is Called.

The Portland Grand Opera Association will hold a rehearsal this evening in the hall at 8 o'clock of the "Diavolo," which will be produced by the local association of singers. All who have been enlisted in the production and others who feel qualified to sing in the chorus are asked to be at the hall by 8 o'clock sharp.

REMAINDER OF TWENTY-FIRST INFANTRY LEAVES VANCOUVER.
