

HARMONY IS URGED IN TRAINING YOUTH

Religion Is Declared Fundamental of All Education Before Association.

OFFICERS ARE ELECTED

Seattle Is Chosen for Next Meeting—Public Teachers Held Better Bible Students Than Some Sunday School Teachers.

An earnest endeavor to work harmoniously along the most constructive lines for religious education of the youth of the community...

The local committee, headed by Rev. W. G. Elliot, Jr., was given power to organize a state branch of the association.

Catholic Purpose Explained.

The outstanding event of the afternoon session was the address by Father George Thompson, of the Church of the Madeleine, who spoke on "The Catholic School."

"Intellectual education must not be separated from moral and religious education," declared Father Thompson, after stating the reasons why the Catholics urge their children to attend the parochial schools.

"The Catholic entertains no hostility toward public schools," he said. "Taking into account the mixed and varied character of our people, he knows they are doing a great work which is essentially needed, and would otherwise be largely left undone."

Home Held Responsible.

"The church, with its multiplicity of organizations, is being asked to steal the Sunday away from the family. My friend, the religious training of your children is not the responsibility of the state, it is yours. It rests at home. Too much is expected of the public schools."

Professor W. F. Coleman declared that it is almost impossible to teach literature and not mention religion. Professor Wallace, of McMinnville College, said the fundamental principles of religious life should be put into all teaching.

Among the other speakers were Professor C. A. Ruchel, president of Pacific University; Rev. John Mathews, of Seattle; Dr. E. O. Sisson, of Boise, and Father J. V. O'Connell, of Astoria.

In the morning Dean H. M. Ramsey's address on the Gary plan was one of the outstanding events. Dr. J. H. Boyer of the First Presbyterian Church, discussed the paper, saying: "The Gary plan is going to find an opponent in me. Any time the public school is going to take my child from 8 A. M. to 6 P. M. I'm going to object."

Bible Study Credits Approved.

Superintendent Churchill told of the credit system for the study of Old and New Testaments in the public high schools. Rabbi Wise objected, saying: "The plan would probably prove to be not worth a cent of benefit."

Professor Latourette, of Reed College, spoke on "The Literary Study of the Bible in High Schools."

Superintendent Alderman and Professor James P. Ewing spoke briefly on the topic.

CENTRALIA AFTER ARMORY

Second Militia Company Being Recruited to Win \$75,000.

CENTRALIA, Wash., May 11.—(Special.)—Members of Company M, Second Infantry, Washington National Guard, are recruiting a second militia company in Centralia, so as to secure a \$75,000 state armory, which has been promised providing the Guard strength of the city is increased to 120. Local business men are assisting the militia, and it is believed their efforts will be crowned with success.

On May 21 a competitive shoot will be held on the local range between the rifle team of Company M and the Rochester Rifle Club, which is a member of the National Rifle Association. The Rochester Club is being coached by Sergeant Mills, a former first sergeant in the United States Army.

Military training is compulsory on all male citizens between the ages of 12 and 22 in New Zealand.

PROTEST IS GOING

Britain Blocks Shipments to Hospitals of Enemies.

WASHINGTON, May 11.—The American Government is preparing to protest to Great Britain against its policy of refusing to allow the shipment of hospital supplies by the American Red Cross to Germany and her allies.

Taft REVEALS SITUATION

Permits Refused Except to American Units of Red Cross, which Have Been Abandoned for Lack of Funds.

WASHINGTON, May 11.—The American Government is preparing to protest to Great Britain against its policy of refusing to allow the shipment of hospital supplies by the American Red Cross to Germany and her allies.

British Now Cause Delar.

"Since the beginning of the present war," the letter said, "the American Red Cross has invited contributions of money and supplies with which to aid the wounded and suffering of all the belligerents. We have shipped to the Red Cross societies of each belligerent hospital supplies contributed to us for that purpose. We have found no difficulty in sending such articles to the various allies. We have had to obtain permits from Great Britain for the shipments to the Red Cross of the central powers. Until September, 1915, there was substantially no delay in the granting of these permits by Great Britain. Since that time we have had much difficulty in securing the permits, and the supplies designated for the use of the central powers have accumulated in our warehouse in Brooklyn. A permit was granted for only one shipment since that time—in January of this year.

Germany Agrees to Reciprocity.

"We are now in receipt of a communication from your department, inclosing a dispatch from the British Government in which it definitely withdraws its consent for the shipment of such articles by the American Red Cross, and thus in effect announces its purpose to treat them as contraband of war. The reason as given by the British government for this conclusion in the dispatch of March 22 is that while it had consented to exempt from treatment as contraband of war articles serving exclusively to aid the sick and wounded, nine months had passed since that communication and no definite communication had been received from the German, Austrian or Turkish governments on the subject of these lists.

Germany Agrees to Reciprocity.

"In view of the fact that the German government did consent to a reciprocal course on October 15, 1915, and that fact was communicated to the British Foreign Office, we venture to hope that the conclusion of the British government was based on a misconception."

\$200,000 IN TAXES TIED UP

Coos County Proposes to Take Action for Collection.

MARSHFIELD, Or., May 11.—(Special.)—Judge G. F. Skipworth has advised District Attorney L. A. Liljeqvist he will be in Coos County within

'Y' DELEGATES MEET

Christian Association Men Gathering at Cleveland.

3000 EXPECTED TO ATTEND

Harry W. Stone, of Portland, Will Introduce Resolution Providing That Convention Shall Become Deliberative Body.

SALOON REFORM URGED

EX-PROSECUTOR SAYS PEOPLE OPOSE PROHIBITION.

LOUISVILLE, Ky., May 11.—Members of the National Wholesale Liquor Dealers' Association of America held the final session of their annual convention here today.

Mark Sullivan, of Boston, ex-District Attorney, speaking on the subject, "The Faddism of Over-Legislation," declared that National state prohibition is but one of the fads of the present day tendency toward over-legislation and over-administration.

Joseph DeBar, of Cincinnati, was chosen president and Edwin V. Dougherty, of Philadelphia, was re-elected treasurer.

The resolutions affirm an unalterable determination to enforce obedience to law as well as to conduct every branch of the industry "in strict accord with the best thought and most advanced standards of the times"; declare National prohibition would inaugurate an era of proscription, legislation, and recte that true temperance is achieved only by the exercise of self control.

AVIATOR FLIES AT NIGHT

Washington Guard Officer Makes Flight at Ellensburg.

ELLENSBURG, Wash., May 11.—(Special.)—Lieutenant Teraf T. Maroney, recently appointed aviation officer in the Washington National Guard, made a night flight over Ellensburg in his Curtiss biplane in a 25-mile gusty wind tonight.

Lieutenant Maroney had contracted to make flight for the old settlers' celebration today, but a 46-mile gusty wind blew all day. When it moderated slightly after sundown Maroney decided to brave the wind and make a night flight. He said it was the most difficult flight he ever made. It was bitterly cold up in the air.

Packard "TWIN-SIX" \$2900-\$3300 F.O.B. PORTLAND

Fact No. 60

The Packard Twin Six is the logical car for the West, because of its short-turning ability and lack of gear shifting, a mountain road can be ironed out without effort to car or driver.

ARE YOU KEEPING ABREAST OF THE TIMES?

- There was a time when the things that were good enough for our Fathers and Mothers were thought good enough for us. Those days are in the past with the oil lamp and the quill pen. We have got to keep abreast of the times. The coal and wood range has state the oil lamp and the quill into the shades of the past. The gas range takes its place. The cost of fuel is no more, results are certain, it is clean and hours of useless labor are saved. This is
