

LEBANON GROWING: THE GREAT HOTEL Albert F. Wilson Puts Morning Oregonian Under Door of Patrons' Rooms. BANKS ARE PROSPERING Lebanon Express Conducted for Quarter of Century by G. L. Alexander and W. "Chauncey" De Pew Operates the Criterion.

LEBANON, Or., May 24.—(Special.)—The first thing that attracts the attention of the stranger entering Lebanon is the neatness and beauty of its streets, which comes not simply through well-paved and well-washed surfaces and the sidewalks of the same sort, but from the beauty of the buildings on either side of the streets. White is the predominant color of the buildings and they look to be newly painted as if for some sale.

Business Is "Very Good." I went to the proprietor and asked him how the business was. It is called "Good, very good, indeed." And then he went on to tell me some of the secrets of his success, which will not recalculate about the hotel business, but about the Lebanon Express. It is one of the best and cheapest advertisements he yet has struck.

LEBANON NATIONAL BANK The Lebanon National Bank was started in December, 1910. It has a capital of \$35,000, surplus of \$4,650, with deposits of \$114,814.98. S. C. Stewart is president and H. H. Corey is vice president. Like the First National, the Lebanon National has fine banking quarters.

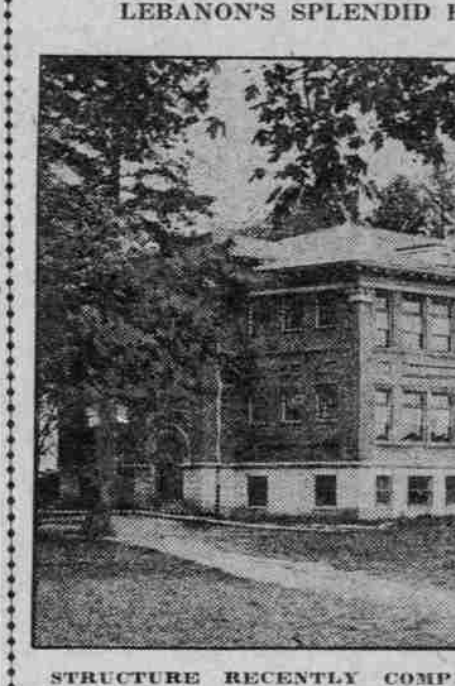

LEBANON EXPRESS OLD PAPER The Lebanon Express is one of the old newspapers of the West. It has been established in 1887. Its present owner and editor has conducted it for the last 25 years. During all of that time G. L. Alexander has published a nice, clean newspaper, has built up a large circulation, has an up-to-the-minute office and is doing a fine job of business. There are not many newspaper editors or owners in the state who have been at the helm of the same paper in the same office for a quarter of a century.

FINE FARMS SITUATED NEAR Making mention of the farms reminds me that two of the finest cow farms in Oregon are located near Lebanon. Percy Stearns has a fine place about one mile northwest of town, and the home of the great Jersey cow, J. G. Reed, Jr., is situated four miles southeast.

A cream receiving station in the town. These two institutions handle a large amount of cream and pay out a vast sum of money in the course of the year to the farmers and dairymen near the town. There is no better dairy country anywhere.

HOLSTEIN NEARS RECORD Cow, Owned at Amity, May Give 20,000 Pounds of Milk in Year.

GASTON, Or., May 24.—(Special.)—If Johanna De Kol, of Rush Court, keeps up her present rate of 2000 pounds of milk a month for another six months, it will mean a world's record for Holstein cow for Oregon. Johanna is a registered Holstein cow, 26 months old, owned by Herbert Jones, of Amity, Or., and on May 19 finished the first barrel of milk for a cow with her record for a junior 2-year-old.

PUBLIC SERVICE JOB IS APPARENTLY WON BY COMMISSIONER'S SECRETARY.

H. H. Corey. SALEM, Or., May 24.—(Special.)—Official returns received here today by H. H. Corey, from Lake County, show that he carried off 183 over Edward Wright, of La Grande, his nearest opponent, in the contest for the position of Commissioner. Mr. Corey said the returns from Lake, according to his figures, now places him 637 ahead of Mr. Wright, and he is confident that he has received the Republican nomination for Commissioner.

\$241,000,000 NAVAL BILL RECOMMENDED

House Measure Provides for 5 Battle Cruisers and 75 Hydroaeroplanes.

MINORITY DEMANDS MORE

Measure Declared Inadequate; Insists on Mobilization of Industry to Provide Munitions Automatically Provided.

WASHINGTON, May 24.—An elaborate report explaining the \$241,000,000 naval appropriation bill was submitted to the House today by the Naval Com-

missioner. At the same time the Republican members of the committee joined in a minority report to be presented tomorrow, attacking the measure as inadequate and demanding that Congress provide for a Navy ranking second among the world's fighting forces on the sea. The bill, which authorizes a building program for next year, including five great battle cruisers, is to be taken up in the House next Monday or Tuesday under a special rule limiting debate and providing for a final vote before the end of the week.

WORLD CUP IS SUGGESTED.

A provision that may cause considerable discussion would empower the president at the close of the present war to invite all world powers to conference for the purpose of organizing an international tribunal for settling disputes among nations. The armament, and would provide that if before the bill's appropriations are passed the president should be rendered unnecessary, expenditures inconsistent with any engagements entered into might be suspended and the president should be authorized to issue orders to that effect.

\$160,000,000 IS FOR NEW SHIPS.

The total cost of the new ships recommended is placed at \$160,000,000 of which \$52,244,326 is appropriated in 1917, together with \$28,367,127 for continuing present building. The bill carries an appropriation of nearly \$14,000,000 for ammunition in addition to \$1,900,000 for ammunition for the five proposed battleships.

HEALED BY CUTICURA SOAP AND OINTMENT

"Dandruff first started by my scalp being too dry. I washed my hair often but in two or three days big flakes of dandruff would peel off. My scalp itched all of the time and the itching was so intense during the day that I had to irritate my scalp by scratching. My hair fell out and became dry and lifeless. The trouble lasted about four months before I started using Cuticura Soap and Ointment. I rubbed the

Ointment on my scalp at night and washed it out in the morning with the Cuticura Soap. In six weeks I was completely well." (Signed) Miss Ruby Beck, Lehi, Utah, July 15, 1915.
