Bedlam broke loose in the stand and neither Fisher nor McCredie seemed to know what was coming off until the Swede tore over the plate with Houck holding the ball.

It proved to be the winning run, as neither team could get a man past second during the remainder of the game. McCredie took Ward out of the game today, put Rodgers in as captain and second baseman and otherwise shifted his lineup, but he forgot to fortify himself against boners and con-

Several Heats May Be Necessary in 100 and 220-Yard Dashes and Meet May Be Started at 1:30 Instead of 2 o'Clock.

Entries for the annual Portland Inercholastic League track and field meet slated for Multnomah Field toterday by Hopkin Jenkins, secretary of the league. For the first time in many years the Portland Academy will be without representatives when Starter Bill Hayward fires the first shot in the 100-yard preliminary.

Hill Military Academy has but one entry, and he is John Dand, in the javelin and shotput. From the number of entries from the various achools in the sprints, it may be necessary to run semi-finals as well as preliminaries.

T. Morris Dunne, referee of the meet. will make a decision as to the number of heats.

The light showers of yesterday afternoon did not prevent many of prospective stars to scamper around a bit. Coach May had his Jefferson High athletes out for a half-hour workout, but nothing strenuous was attempted.
If several heats are required in both
the 190-yard dash and the 220-yard
event, the meet will be started at 1:30

o'clock tomorrow afternoon, instead of 2 o'clock, in order to be completed early in the afternoon. While starting a quartet of his run-ners during yesterday's practice, Ed Springer was spiked severely on his hand. It is rather odd that the Seals should be the club most seriously hit in the outfield and with the aid of three great catches by Harry Hooper, shut the visitors out, 4 to 0.

The Red Sox batted savagely, both Hooper and Ruth driving in runs. Hooper's prettlest performance was in pulling down a terriffe drive by Veach with one hand while on the dead run. The score:

Billy Phyle, umpire, recently sent a baseball to President Baum by parcel post. Said ball was conflicated from Jack Quinn and is labeled exhibit A. Phyle regards it as a perfect specimen of the "emery ball," and for that reason is sending it to the league prexy for inspection. Jack, it seems, wet the ball, and then roughed it by contact with the rubber. He says that as none of the other ruppings objected to this of the other umpires objected to this, he did not realize he was doing wrong.
