Rev. Mr. Grant Tells How New Movement Has Doomed "Society Leaders."

CAMPAIGN NEARING END

East Aligned Against West in Choice of President of Federation. Speakers From Suffrage States Are Heard.

NEW YORK, May 28.—The Woman's Club has doomed the "society leaders" in this country, according to the Reverend Percy Stickney Grant, rector of the Church of the Ascension, of this city, who spoke here today at a vesper service attended by more than 2000 delegates and alternates to the 12th biennial convention of the General Federation of Women's Clubs.

"In the face of your great organization," Dr. Grant said, "I see no place left in American life for the 'society leader,' or the woman of only social influence. Your leadership is on the brain and the heart united for humane and patriotic purposes.

"The woman's club is the instrument and symbol of woman's new place. In her new place, woman has two things to do. She must face the problems of home cleaning and of house management. If I may be allowed to exhort the members of the federated clubs, I would cry out, 'Clean up America.'

Great Works Expected of Women. "Preventable disease, high death rate—all these are your enemies. Clean up not only the defective and destructive human material, but defective and destructive ideas.

Western Women Heard. Thousands of delegates and visitors crowded Carnegie Hall tonight to hear women from 12 enfranchised states tell of the benefits the vote had brought them.

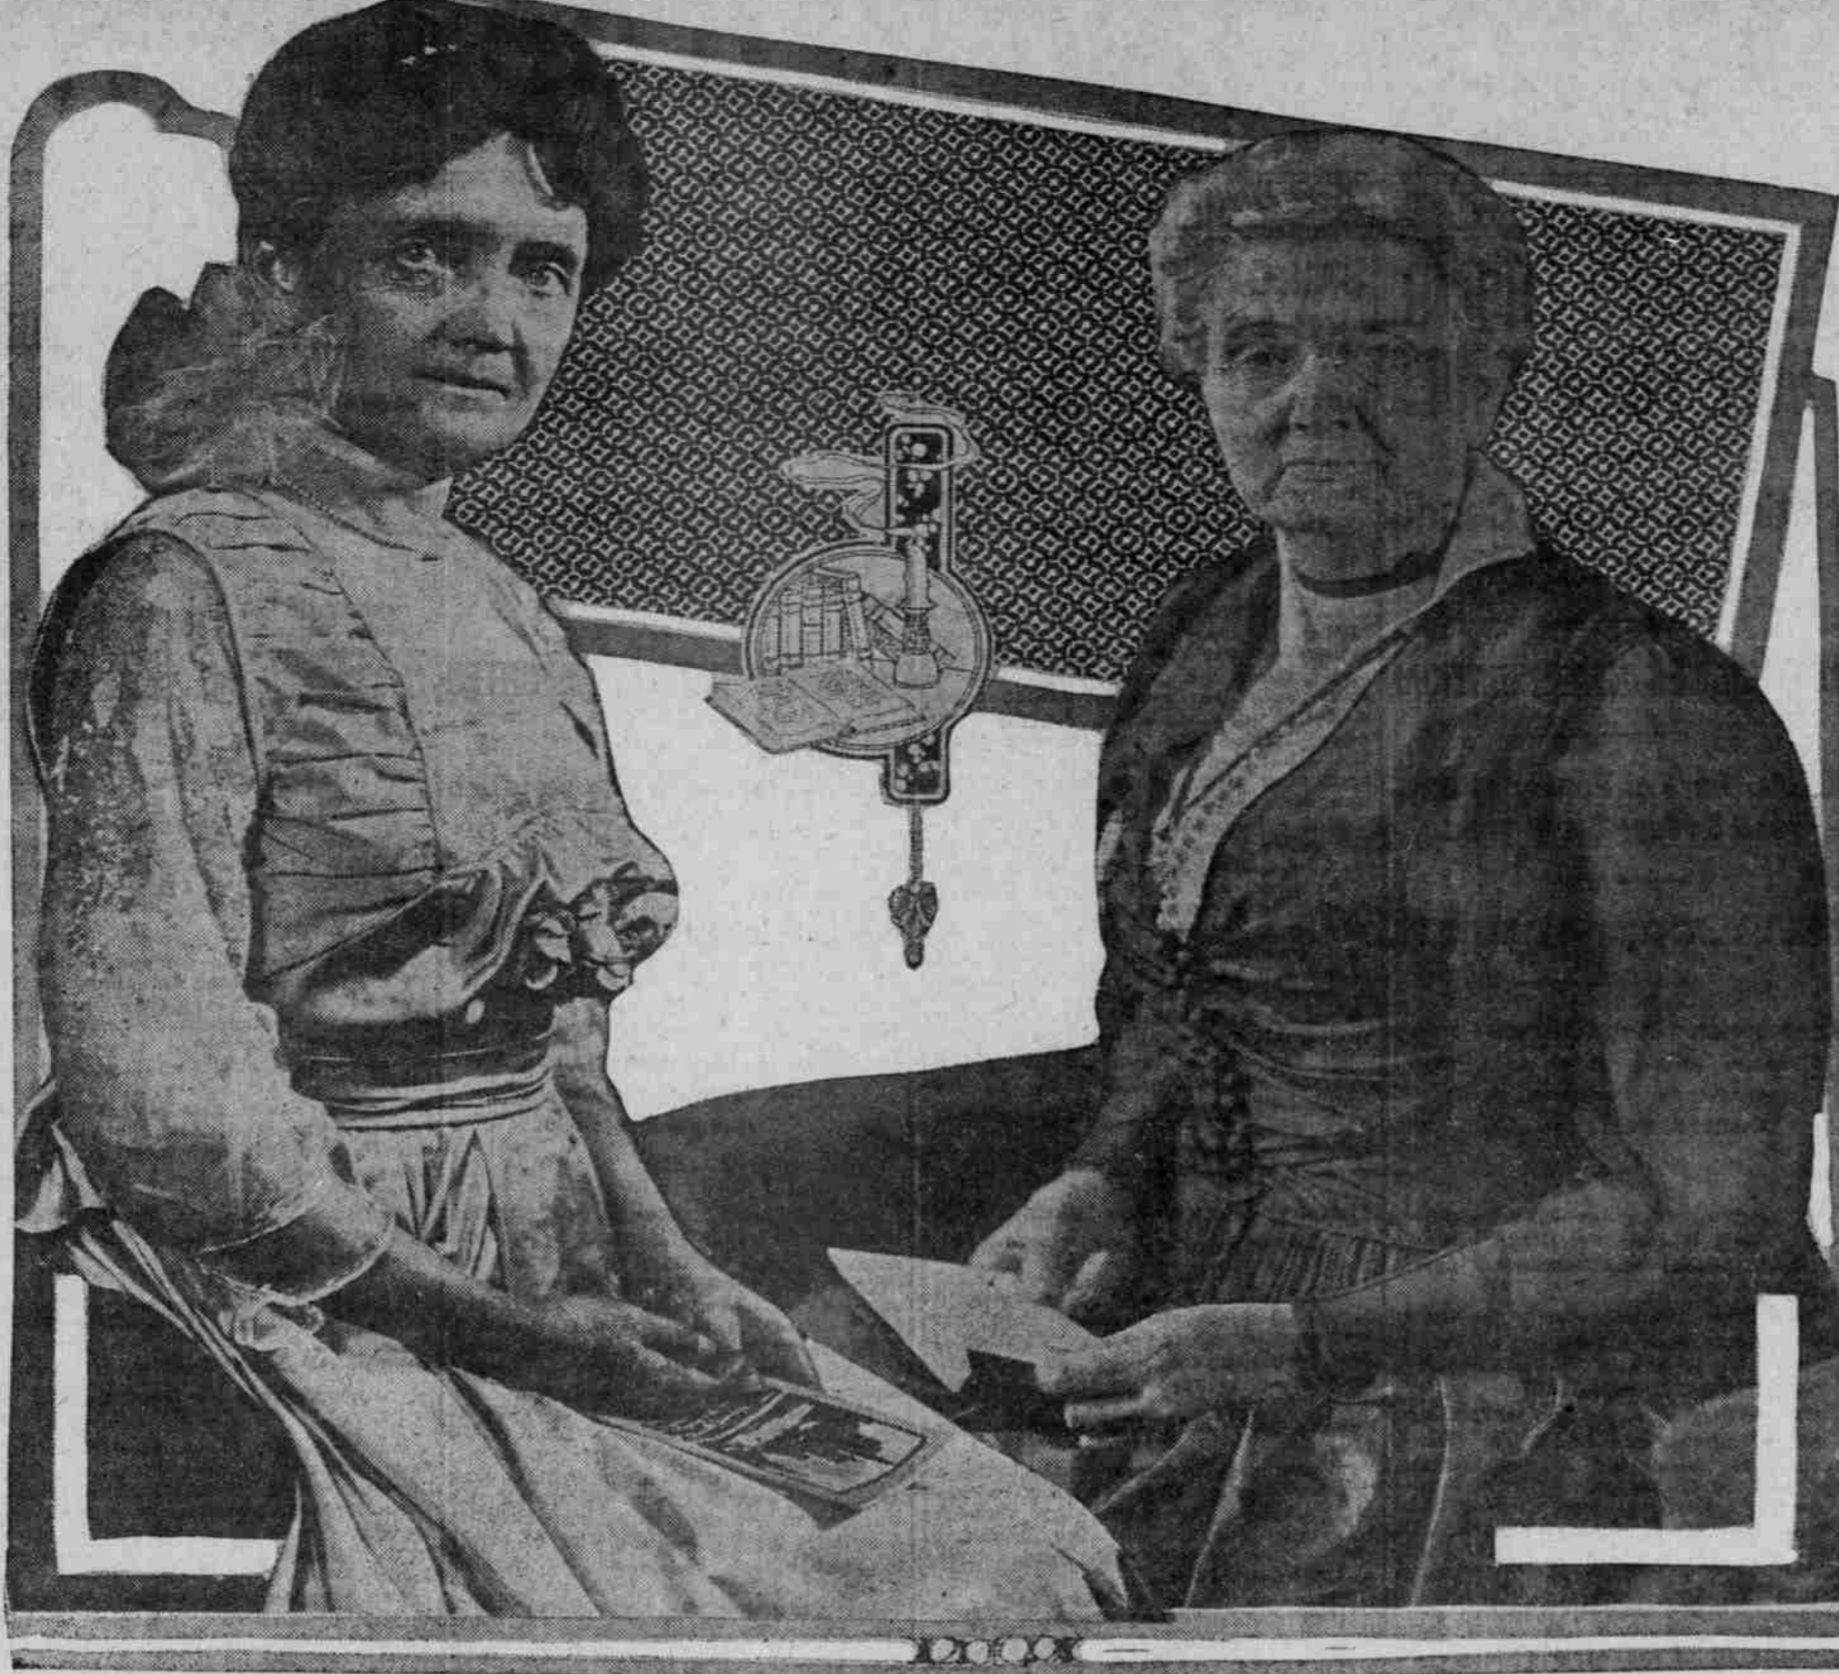

Preparedness Is Issue. Mrs. Sneath's champions are in-dorsing her candidacy on the theory that the East is better prepared than inasmuch as the last three presidents have been from the West of the Mississippi.

HYPHEN LIMIT ASKED

New Creed Offered by German-American Press.

AMERICANISM PUT FIRST

Publishers' Association Will Form Central Body to Guide Followers in Politics—Secret Session Held in Chicago.

CHICAGO, May 28.—(Special.)—"They may be hyphenated Americans, but their Americanism is unhyphenated."

This is but one of a number of epigrammatic phrases contained in a "creed" which was submitted this afternoon by the German-American Newspaper Publishers' Association to a gathering of Germans from all over the country meeting at the Kaiserhof Hotel.

Between the lines of the creed submitted for the approval of this gathering, and which will be acted on tomorrow, it was said, can be read slogans at both President Wilson and Colonel Roosevelt.

Some of the things which the tentative creed advocated are: An adequate preparedness based on patriotism; American ships for our foreign commerce; maintenance of the Panama Canal free to American ships; insistence by America of the freedom of the seas.

The phrase that readers of the creed interpreted as a slap at President Wilson was read into the following sentence: "We believe—in frank diplomacy and international good will as opposed to the double standard in foreign relations, which judges with harsh acerbity the mistakes of one nation and condones with academic disapproval the offenses of another."

JOINT RATES ARE ORDERED

Great Northern and Northern Pacific Lose Rate Case and Must Fix Lumber Tariffs on Basis of Eastern Washington Group.

OREGONIAN NEWS BUREAU, Washington, May 28.—Following the principle laid down in numerous decisions heretofore rendered, the Interstate Commerce Commission, in ordering the establishment of joint rates on lumber, from Eastern Oregon, via the Northern Pacific and Great Northern to points in Montana and the Dakotas, based on differentials over the rates from Spokane, again asserted that the right of a carrier to reserve or restrict markets on its own line cannot be sanctioned.

It appeared in the case of the Eastern Oregon Lumber Producers' Association vs. Northern Pacific, Great Northern and other roads that the Northern Pacific and Great Northern have refused to establish joint rates with the O.-W. R. & N., because they desire to reserve the Montana and Dakota markets on their lines for the mills on their lines. This purpose was admitted in the course of the argument of the case.

Complaint was filed by the Eastern Oregon Lumber Producers' Association on behalf of its nine members having mills at Ferry, Le Grande, Baker, Malheur and Elgin, Or., on the line of the O.-W. R. & N., and grew out of the refusal of the Northern Pacific and Great Northern to join with the O.-W. R. & N. in establishing through routes and joint rates on lumber to points on the Northern Pacific and Great Northern east of Silver Bow, Mont.

The rates now in effect, based on the local rates to and from the Northern Pacific and the Great Northern in conjunction with the O.-W. R. & N. were said to be unreasonable, and were said to give the mills on the northern roads in what is known as the Spokane group an undue preference. Some of the Eastern Washington lumber mills intervened in opposition to the complainants.

7 BISHOPS CONSECRATED

RT. REV. M. S. HUGHES, TO COME TO PORTLAND, AMONG NUMBER.

Methodist Conference Which Closes Today Characterized as One of Most Important Ever Held.

SARATOGA SPRINGS, N. Y., May 28.—Seven new bishops and two missionary bishops of the Methodist Episcopal Church were consecrated this afternoon at an impressive service which was almost the last important business of the 27th general conference before final adjournment tomorrow.

The bishops consecrated and the stations to which they have been assigned were: Herbert Welch, Seoul; Corea; Thomas Nicholson, Chicago; Alina Wright Leonard, San Francisco; Matthew Simpson Hughes, Portland, Or.; William Fitzjames Oldham, Buenos Ayres; Charles Bayard Mitchell, St. Paul; Franklin Hamilton, Pittsburg.

The missionary bishops were Eben Samuel Johnson, Africa and Alexander Priestley Campbell, the only negro chosen to the Episcopacy this session, Liberia, Africa.

The conference is characterized by the delegates as one of the most important held, principally because of the plans adopted, which it is believed, will lead to the unification of Methodist churches within four years and perhaps by 1918.

Announcement

This is our birthday anniversary. We are ten years old today. Being deeply sensible of the confidence and endorsement of an approving public, we take occasion to express our cordial greetings and hearty good will.

As we enter our second decade, we feel a determination to excel the success of the preceding one. This we will do by continuing the efficiency of our service, and by continuing to lend tangible assistance to the business life of the community.

During our first ten-year period we have not become the largest bank in the city of Portland, but we have aimed to build a strong bank—a conservative bank. In this we have succeeded, and it is with this idea in mind, and upon this foundation that we are building day by day.

With renewed confidence in the city and state, we turn our attention with increased energy to a greater future, and urgently seek your co-operation and continued friendship.

PASTOR IS FOR DEFENSE

BUT REV. MR. AIRHEART ASKS WHO IS BACKING PARADE.

Methodist Minister Says It Is Easy to Put Preachers in Position to Be Laughed At.

"I am for preparedness for peace. I believe we must have arms and armaments sufficient to make ourselves heard in defense of peace and I stand for all the preparedness that may be necessary for this," said Rev. Walter Lee Airheart, assistant pastor of the First Methodist Church, who spoke yesterday morning on the subject of "Faith in God."

"But I want to know what forces are back of the preparedness parade movement," said Mr. Airheart. "I want to know who is financing it; for, I have often discovered that in political matters it is very easy to convert a bunch

of preachers into a pack of asses and then laugh at them." The speaker paid tribute to the Civil War veterans and to all men who had demonstrated their patriotism.

"Wherever upon the seas the stars float they stand for the Monroe Doctrine," he continued, "and the dangers that called forth this statement of National policy are the same dangers that most defiantly confront us today.

"It is dangerous to fight, but it is far more manly to die fighting, if need be, than finally in contempt to be crushed by the hand you have licked. Our need is for soldiers of the Cross, brave and true, who are willing to give their all, having faith in the ever-present God."
