### Success in Demand for Improvements Is Predicted at Association Rally.

### 2000 NOW ARE ENROLLED

### Organizations Promise Assistance in Campaign for Marquam Gulch Fill and Playground for Children of District.

A spirit of determination and co-operation was in evidence last night at the mass meeting held in the Evening School under the auspices of the South Portland Improvement Association. The membership roll passed the 2000 mark.

"You are united to win. You cannot fail. Two thousand determined people will be heard. There is no argument against the improvement of Marquam Gulch." These were some of the sentiments expressed by W. L. Cronan, one of the speakers of the evening. Mr. Cronan said he brought greetings and encouragement from the Portland Realty Board, a body made up of 500 business men.

**Success Is Predicted.** "I predict that you will have the endorsement and the support of every association in all parts of the city," said Mr. Cronan. "There is no doubt of the need of the improvements in South Portland. All you need now is to show that you are in earnest. Appropriations will be necessary. This year's campaign will be accomplished. But you will meet some difficulties. However, with such spirit as you are showing you cannot fail. Go ahead with your programme."

"South Portland may become a beauty spot, a playground will be built for these bright little children, an athletic field may be arranged, a stadium may be built—all can be accomplished with the energy and openness of spirit found in this meeting."

The auditorium which seats several hundred was filled to capacity and thunders of applause greeted Mr. Cronan and the other speakers, all of whom spoke encouragingly.

**Mr. Ferrera Expresses Help.** J. C. Smith, second vice-president; David Foulkes and B. F. Jones gave encouraging reports of progress, saying that the Commissioners had been approached and that the work is well in hand and instruments are coming in from men of influence and from big organizations.

B. F. Ferrera gave his views as an attorney. He, too, prophesied success. "If the Commissioners haven't the money to fill that gulch," said Mr. Ferrera, "when they see how much it is needed and how thoroughly in earnest you are, they will go out and get it."

Calls of "We want to hear from Mrs. Kelly" were answered by the vice-president of the association, Mrs. J. E. Kelly, who gave greetings and told of the progress she had made in a visit to the Commission.

"I shall tell the Parent-Teacher Council on Friday of the splendid spirit you are showing and of the fine organization South Portland has," she said.

**738 Are Added to Week.** A. Rosenstein, president, announced that 738 members had been added this week, and that 502 of these had been enrolled in the Evening School.

Fannie Porter, principal, and the orchestra of the school received a vote of thanks. The orchestra is made up of 18 gifted youngsters who play with remarkable skill. The leader is Albert Creita.

Miss Signa's class of little children gave an attractive drill and Rose Wynn, pianist, played two piano solos. Miss Dastmar Inez Kelly contributed two brilliant solos. She played with excellent technique. It was a live meeting throughout.

Even letters, read by the secretary, Mrs. Benedlaender, and the speakers voiced the endorsement of the Portland Kindergarten Council, the master plumbers and other organizations.

The next meeting will be held Tuesday, June 13, in Holman School.

# CHURCH IN SESSION

### United Brethren Are Told That Spiritual Revival Is Near.

Rev. W. M. Bell's address on the "Significance of Modern Life" and the reports of the district superintendents took up most of the time of the session of the Oregon Conference of the United Brethren Church at the opening yesterday afternoon, at Second Church, East Twenty-seventh and Summit streets. What was considered the best and most comprehensive report was made by Mrs. C. H. Waymire, superintendent of the Coos Bay district, it being so excellent as to call forth the commendation of the presiding bishop.

In his opening address to conference, Bishop Bell spoke of the conditions of modern life and the trend toward materialism, that had largely neutralized spirituality, which he said invaded all departments of human industry.

"But there has come a change," said Bishop Bell, "and we are on the eve of a general revival and returning to a consideration of the spiritual side of humanity, for no race can endure and exist in materialism. A lot of cracks are being so growing worse. It is not. It is growing better, and there is already a drift toward peace, justice and the spirituality of mankind."

Conference organized by the election of E. O. Shepherd as secretary. C. C. Whitney, S. S. Hough and A. C. Siddell, heads of the church extension and mission departments, were introduced to conference by Bishop Castle as coming to it with conference and study its problems.

G. E. McDonald, superintendent of Seattle district, reported conditions at Seattle and Everett hopeful and generally progressive. J. D. Niswender, of Portland district, reported the four Portland churches as having had an excellent year. Other districts also reported progress.
