PUGILISTS ARE IN JAIL.—Twenty-four hours in the City Jail, was the sentence pronounced yesterday by Municipal Judge Langguth upon Joe Benjamin and Billy Nelson, two Spokane pugilists who were arrested on the charge of gambling. Both are mere boys, although they have somewhat formidable ring records. The complainants in the action were two newsboys, who declare the defendants aroused them from bed and forced them to "shoot craps." Benjamin was scheduled for a bout at a local athletic club last night and was reluctant to forego the engagement, but Judge Langguth proved obdurate.

ELECTRICAL CODE CHANGED.—A new electrical code changed in a number of respects to bring the city code up to the National electrical code was passed by the City Council yesterday to take effect immediately. PLAINTIFF PUT UNDER BOND

Presence of Woman for Second Trial Is Insured by Court.

District Judge Bell, acting on the recommendation of Deputy District Attorney Ryan, placed Harriett Peterson, complainant in an action pending, under bonds as a material witness yesterday.

Mrs. Peterson charges Carl Erickson with stealing a pair of shoes and silken garters from her room in a lodging-house managed by Carmen Dreyfus. Prosecutor Ryan charged that the action was brought merely to insure the presence in the city of Erickson at the time of a trial in which the woman was concerned in the Municipal Court. That being over, he feared the woman would return to her home in Astoria without prosecuting the criminal case started, and for that reason asked that she be placed under bonds of $50.

The trial will be held this morning.

Portland Criticised for Slow Relief to Armenians.

$15,000 IS MARK SET

Subscriptions in One Day Amount to $270—1,250,000 Christians Reported Driven Out of Homes by Moslems.

Additional contributions for the Armenian relief fund subscribed yesterday reached the sum of $270.35, according to the record given out by Ben Selling, treasurer, last night. This makes the grand total of subscriptions to date $1354.35.

Portland is expected to contribute $15,000 of the $5,000,000 asked in the United States for the relief of the Armenians, and, with five days of the campaign already gone, Mr. Selling last night declared only a decided impetus can provide sufficient funds to meet expectations. He declared that for such a worthy cause the money should come in much more rapidly. He pointed out that Portland always has responded unusually well to work of relief and should do so again.

It is said that practically 1,250,000 Armenian people are suffering from want as the result of having been driven from their homes by the Moslems, and that many of them have been massacred.

Of the contributions made yesterday $100 was subscribed by Cartozian Bros. William Gadsby & Sons gave $25, and the rest was in small amounts.

HOUSES OVERLAP STREET

Objection to Tents Is Applied to Other Structures Also.

In trying to devise a means of ousting tent-houses owned and rented by Mrs. C. A. Wells in the Heights Terrace district the City Council has struck a snag. The residents of the district have demanded that Mrs. Wells remove the tents she has in Sixteenth street, which has not been improved for traffic. Commissioner Dieck has prepared a map showing that if tents are to be forced off the steret area the same rule must be applied against a number of houses which are in the street also.

One building which is in the street in the district is a three-story apartment. Other smaller houses occupy street space also. The proposition was referred to Commissioner Dieck and City Attorney LaRoche, who will endeavor to work out a solution.

OFFICIALS INSPECT LINE

Southern Pacific Bridge on Umpqua Is Expected to Be Ready by July.

D. W. Campbell, assistant general manager of the Southern Pacific, has just returned from a visit to Coos Bay and points in that district. He was accompanied by Charles S. Fee, passenger traffic manager of the Southern Pacific, and J. A. Ormandy, chief clerk in the general passenger office in Portland.

But they did more than merely inspect the construction work now in progress on the Coos Bay line. They took occasion to test the fishing on Tahkenitch Lake, north of the Umpqua River.

Mr. Campbell was well pleased with the progress on the new bridge across the Umpqua River. The work will be finished late in July, Mr. Campbell says.
