The sophomores gave a dainty "Coming Through the Rye" dance. They were costumed in flowered pink dresses and bonnets which were exception-

TEACHER FINED \$10 IN ASSAULT CASE

Notice of Appeal Given on Behalf of L. D. Roberts, Accused by Myer Brown.

COURTROOM IS CROWDED

Alleged Attack by Principal of Holman School on Pupil Related, and Defendant Praised by Children and Associates.

L. D. Roberts, principal of the Holan School, was fined \$10 by District Judge Dayton yesterday for "unreasonably violent punishment" of 12-year-old Myer Brown, a student, for a disturbance of school discipline. Notice of appeal was given by Attorney Robert Maguire.

The boy, who weighs about 70 pounds, it was contended by the proseution, was badly bruised and scratched by the principal, a man weighing 209 pounds. The defense held that Mr. Roberts shook the boy without unnecessary force, and that the bruises were caused by the boy throwing himself on the floor in a rage,

A crowded courtroom, chiefly of Mr. Roberts' sympathizers, witnessed the trial, which concluded at 6 o'clock. Out-burst of murmured approval and dis-approval culminated in hand-clapping as Mr. Roberts scored a point in the cross-examination, and Judge Dayton demanded order Teachers, parents and pupils of the school were in the audi-

The teacher took the pencil from desk. The teacher took the pencil from the other lad in the morning, and in the afternoon Myer demanded his pencil and was told he could only get it from the principal. He set up a wall for his pencil. The principal entered the room, shook him, and upon his promise to be good, left.

The howling commenced again and Mr. Roberts a second time went to the classroom and dragged the lad from the room to his office. Testimony was divided as to the vigor of the shaking. "I took him by the shoulders and pulled him out of his seat," said Mr. Roberts of his first visit to the classroom. "He resisted and tried to get away and backed against the black-board. I shook him and he threw himself on the floor. I shook him again self on the floor. I shook him again and pushed him in his seat."

Injury Declared Self-Inflicted.

Of the second visit, the principal said: "When I was called in again, I led Myer by the shoulder from the room. I shook him in the hall and he threw himself flat on the floor and squealed. I raised him and he slipped from my Parents' Educational Bureau committee of the Oregon Congress of Mothers,

makes fried foods more delicious and wholesome. It makes digestible pie crust. Crisco cake is as rich as the most expensive butter cake.

Try Crisco in your favorite recipe. For shortening, use a little less than you would of butter or lard and in cake making, cream it thoroughly. Use plenty for deep frying, for the same Crisco can be used over and over.

Additional Crisco Facts

Crisco takes proper frying temperature without smoking up the kitchen. You can fry fish, then onions, then potatoes in the same Crisco, merely

by straining out the food particles after each frying. Crisco in place of butter in cookies, cakes, scalloped dishes, etc., gives proper richness at much less expense. Salt should be added when used in place of butter.
