

AUSTRIA CONCEDES CZERNOWITZ LOSS

Bukowina Capital Evacuated Only After Russians Have Penetrated the City.

FEW SURVIVE AT LUTSK

General Brussloff's Attack at Stry Treated as Joke by Archduke Frederick, Who Is in Midst of Birthday Celebration.

VIENNA, via London, June 18.—The evacuation of Czernowitz by the Austrians after the Russians had forced the passage of the Pruth and penetrated to the city was announced by the War Office today.

PETROGRAD, via London, June 18.—The capture by the Russians of Czernowitz, capital of the Austro-Hungarian Crownlands of Bukowina, was officially announced today by the Russian War Office.

LONDON, June 18.—The whole brunt of the first onslaught on Lutsk fell on two divisions, of which only forty remnants survived, according to Austrian dispatch. After the destruction of these divisions, the Russians moved through the Austrian lines, menacing the rear of Archduke Joseph Ferdinand's fourth army. This necessitated the precipitate evacuation of the whole Lutsk region.

Birthday Being Celebrated.

The day on which General Brussloff's movements began, says the dispatch, happened to be the 60th birthday of Archduke Frederick, the commander-in-chief of the Austrian army, who went to Archduke Joseph Ferdinand's staff headquarters at Lutsk to celebrate the occasion with the army. Lutsk was easily bagged with the Austrian and Hungarian colors and there were illuminations in the evening. There the troops were reviewed by the holders of the Order of the Iron Crown in the town hall square. Archduke Frederick extolled the valor and prowess of the soldiers whom he exhorted to fresh victories, which he declared would soon bring them to a long and happy peace.

Gaiety Turned into Despair.

"Both archdukes," continues the dispatch, "were among the gayest of the gay, sublimely unconscious of the imminent catastrophe. When Frederick was informed that the Russians had opened a hurricane of gunfire along the whole front, which seemingly presaged a general attack, he dismissed the notion as a joke, saying: 'We know these attacks; they just blow away to silence.'"

"As, however, hour after hour elapsed and the firing did not cease, Archduke Frederick became increasingly uneasy and when the news was brought that the Russians had broken the first line of the Lutsk defenses and the Austrians were being pursued by the Russians, he was overcome by despair. Strategic reserves were called up; the 13th Landwehr division was thrown into the main breach, but to no avail. It shared the fate of its predecessors."

STRIKE PICKET KILLED

NEGRO STRIKEBREAKERS OPEN FIRE IN SAN FRANCISCO.

Riot Call Is Turned In and Negroes Are Driven Back to Their Barge by Police.

SAN FRANCISCO, June 18.—Thomas Olsen, a picket of the Longshoremen's Union, was shot and instantly killed tonight outside the American-Hawaiian Steamship Company's pier, when three negro strikebreakers fired two volleys with revolvers at Olsen and two other union pickets.

The sound of the shooting aroused 50 other negroes, strikebreakers housed on a barge moored at the American-Hawaiian pier, and they rushed out from the wharf shed and gave chase to the two pickets who, when they saw the overwhelming force after them, took refuge in flight.

A riot call was turned in and the negroes driven back to their barge by the police, who up to a late hour had been unable to pick out the men who did the shooting.

According to the pickets who escaped, the negroes opened fire without either warning or provocation from a distance of about 12 feet. Olsen survived by a widow and three children. The pickets, according to the police, were unarmed.

Maternity! The Word of Words

It is written into life's expectations that motherhood is the one sublime accomplishment. And it is nothing, no matter how simple, that apparently trivial it may seem, if it can aid, help, assist or in any way comfort the mother. You apply it over the stomach muscles. It is gently rubbed on the surface, and makes the muscles pliant; this relieves the strain on ligaments, natural expansion takes place without undue effect upon the nerves. And as the time approaches, the mind has gone through a period of repose, of great expectancy, and this has an unquestioned influence upon the future child. That this is true is evidenced by the fact that three generations of mothers have used and recommended "Mother's Friend." Ask your nearest druggist for a bottle of this splendid remedy. He will get it for you. And then write to Bradford E. Plator Co., 407 Lamar Bldg., Atlanta, Ga., for a most interesting book of information to prospective mothers. It is mailed free. Write today. It is a book you will enjoy.

CHIEF OF GERMAN SUPPLEMENTARY STAFF OF ARMY DIES SUDDENLY AT MOURNING SERVICE.

LIEUTENANT-GENERAL COUNT HELMUTH VON MOLTKE. AMSTERDAM, via London, June 18.—Lieutenant-General Count Helmuth von Moltke, chief of the supplementary general staff of the army, died of heart aneurysm today at a service of mourning in the Reichstag for the late Field Marshal von de Goette, says a Bulletin telegram tonight.

CHURCH FOR PEACE

United Brethren Refuse to Indorse Preparedness Policy.

YEAR'S ASSIGNMENTS MADE

Bishop O. J. Alwood, of Hillsdale, Mich., Presides at Radical Branch of Organization Just Concluded at Plainview.

ALBANY, Or., June 18.—(Special.)—Refusing to indorse a policy of preparedness for defense, but adopting a peace-at-any-price resolution and renewing its determined stand for National prohibition and against joining secret societies, the annual session of the Oregon conference of the radical branch of the United Brethren ended at Plainview this evening. Bishop O. J. Alwood, of Hillsdale, Mich., preached the closing sermon. The bishop made his appointments for the coming year in the afternoon. The conference reports indicated a healthy growth during the past year and several important undertakings were planned for the coming year.

Under the auspices of the Woman's Missionary Society, a new mission is to be built in Portland. The location of the new structure has not been determined but thus far \$4772 has been raised for the purpose and as much more as may be needed to equip the institution properly will be forthcoming. During the conference \$35,503 was raised by voluntary subscription to be used in extension work. Several important changes were made in the apportionment of the charges by the bishop.

Assignments Are Announced.

The new list follows: Presiding elder, H. D. Taiman; Salem Christian Mission, Portland; Myrtle Point, Hillsboro circuit, C. W. Corby; Philomath, A. S. Henderson; Lane circuit, W. H. Miller; Oregon City, Harry Hart; Yamhill circuit, C. W. Corby; Marion circuit, Reim; Mountaine Home, Harry Hart; Salem Mission, to be supplied; Plainview, C. W. Tibbett; Cowitz circuit, Myrtle Point, Gold Beach, Roseburg mission, to be supplied; conference missionary, R. Miller; Dennis, Seattle, Wash.; city missionary, T. J. Cocklin, Portland.

Three trustees were elected for the church college at Philomath. The college has not been operating for several years past. It bears the same name as the school operated at Philomath by the Liberal branch.

The new trustees are A. S. Henderson, Philomath; C. W. Tibbett, Plainview; and Mrs. C. N. Clark, Philomath.

One Minister Received.

Rev. C. W. Corby, of Sifton, Wash., was received into the conference in full membership and granted ordination papers. He has been preaching at Sifton the past year.

New officers were selected for the late United Brethren Christian Endeavor, the Ministerial Institute and the Woman's Missionary Society as follows: Christian Endeavor—Mrs. Rose Stanton, Sifton, Wash., president; Mrs. A. S. Henderson, Philomath, first vice-president; Professor L. B. Baldwin, Corvallis, second vice-president; A. S. Henderson, Philomath, secretary; Harry Hart, Oregon City, treasurer. Ministerial Institute—W. Tibbett, Plainview, president; C. W. Corby, Philomath, first vice-president; L. B. Baldwin, Corvallis, second vice-president; Mrs. C. W. Tibbett, Plainview, secretary; Mrs. M. M. Bogie, Glenoma, Wash., treasurer.

GUARD ORDERED MOBILIZED.

(Continued From First Page.)

Members of the Second and Third companies Coast Artillery corps, Oregon National Guard, returned from the rifle range, where they had been engaged in practice today to read on the bulletin board the announcement that President Wilson had called militia from all states for service on the Mexican border. At the Army excitement prevailed while officers and men awaited official notice. The Second and Third companies, with headquarters in Eugene have an enrollment of about 150 men. The guardsmen to a man are eager for service and are hoping the Coast Artillery will be called.

organization, organized militia, and not elsewhere required for duty in state administration, be ordered to camp for duty as camp staff officers. Such number of these staff officers as the Department Commander may determine may be mustered into the service of the United States for the purpose of proper camp administration and will be mustered out when their services are no longer required.

Staff Officers Called.

"Where recognized brigades or divisions are called into service for a state, the staff officers pertaining to these units under tables of organization, United States Army, will be mustered into service and the authorized inspectors of small arms practice pertaining thereto. Except for these two purposes of the prescribed camp service and of the mobilization staff service with tactical units, officers of state headquarters under table one, above mentioned, will not be mustered into service at this time.

"If tactical divisions are later organized, the requisite number of staff officers, with rank as prescribed for division staff, will, as far as practicable, be called into service from these states which have furnished troops to such divisions.

NEWTON D. BAKER, "Secretary of War."

The Governor was at Corvallis tonight, but in a telephone conversation he declared that the Oregon National Guard was in a high state of efficiency at the present time and expressed the greatest confidence that the Oregon troops would stand up bravely with the same bravery and with equal honor to the state as did the members of the famous Second Oregon Regiment during their service in the Philippines in the Spanish-American War.

Governor Praises Oregon Troops.

In a telegram which the Governor sent tonight to Adjutant-General White he said he was much pleased to learn from the Adjutant-General of the splendidly efficient condition of the Oregon National Guard.

"As mobilization and possibly active service for the Oregon National Guard seems imminent," telegraphed the Executive to General White, "I am especially gratified by your report that our militia is in first-class shape and ready to respond promptly. I am sure that the Oregon boys will bring credit to themselves and to the state in the past. I am with them absolutely as Governor and citizen.

"This is to assure you of my utmost co-operation in any step that may be necessary for you to take as Adjutant-General to insure the most efficient mobilization and fulfillment by Oregon of her share of the obligations of practical National preparedness."

Weeks ago, plans by which the Guard could be mobilized quickly were suggested by Adjutant-General White upon suggestion of Governor Withycombe in anticipation of a possible emergency.

Militia Is Efficient.

"I am told by Adjutant-General White," said the Governor in a telephone conversation tonight, "that the Oregon National Guard is in a high state of efficiency. All plans have been perfected for weeks for quick mobilization. Some time ago I suggested to General White the desirability of holding a practice mobilization in July instead of the usual training camp. It was planned to issue the call for such mobilization in a most stimulating manner, as nearly as possible simulating the actual conditions of mobilization; and I am doubly glad for the foresight which prepared for the fore-sighted preparations that have been made.

"The Oregon militia will make good. The men who have enlisted were made our enthusiastic support, and the men who will enlist should be helped. I sincerely hope this does not mean anything in the world. But I am glad that we are preparing to fulfill our obligations and protect our citizens."

COAST ARTILLERY EAGER TO GO

Companies at Eugene Hope Call Will Be Extended in Oregon.

EUGENE, Or., June 18.—(Special.)—Members of the Second and Third companies Coast Artillery corps, Oregon National Guard, returned from the rifle range, where they had been engaged in practice today to read on the bulletin board the announcement that President Wilson had called militia from all states for service on the Mexican border. At the Army excitement prevailed while officers and men awaited official notice. The Second and Third companies, with headquarters in Eugene have an enrollment of about 150 men. Ride now on

"Tires of Renown!"

AGAIN they bear away the Palm! On Sunday, June 11, at the Chicago Derby, 300-mile Race, all of the FIRST, NINE cars were Silvertown-ed! The 1st, 2nd, 3rd, and 4th Places, and Prizes, were won on SILVERTOWN CORD TIRES. —These, by Resta, De Palma, Christiaens and O'Donnell respectively.

Some Silvertown Triumphs

De Palma.—Indianapolis, May 31st, 1915 500 Mile Race, at 89 1/2 Miles per hour. Resta.—Chicago, June 26th, 1915 500 Mile Race, at 97 1/2 Miles per hour. Resta.—Chicago, August 7th, 1915 100 Mile Race, at 100 1/2 Miles per hour. Cooper.—Minneapolis, Sept. 4th, 1915 300 Mile Race. Anderson.—Sheepshead Bay, Oct. 9th, 1915 350 Mile Race, at 102 Miles per hour. Mulford.—Sheepshead Bay, May 4th, 1916 24 Hour Race, at 75 1/2 Miles per hour. Resta.—Indianapolis, May 30th, 1916 500 Miles, on Brick Track, at 83 1/2 Miles. Resta.—Chicago, June 11th, 1916 300 Mile Derby, at 98.6 Miles per hour.

OBSERVE the Giant Cords here pictured. Note that there are only TWO (2) layers of these giant Cords, in any Silvertown Cord Tire, whatever its dimensions,—with a layer of live Rubber between, to absorb friction. Then bear in mind that each of these TWO flat, rubber-impregnated, Cords is STRONG enough to lift a man's weight.

You have here the secret of that marvellous ENDURANCE, in Silvertown Cord Tires, which has made it possible for the Gladiators of the Race-Track to TAKE OUT OF the Motor Cars they drive, ALL the speed which the Builders of these Cars can put INTO them.

That no "Thread" Tires, (calling themselves by the Silvertown name of "Cord" Tires), show pictures of their 5 to 7 layers of Thread construction,—is significant.

But, that none of them are SEEN, or HEARD from on the Race-Track (which is the Crucible for testing Tire ENDURANCE)—is MORE than significant.

Silvertowns have never been intended as mere RACING Tires. But, the fact that the Speed-Kings of the Race-Track elect to PAY FOR THEM, when they could have other Tires free for the asking, is mighty well worth noting.

SILVERTOWN Cord Tires, not only give PRESTIGE, Ease-of-Riding, and Aristocratic Elegance to Cars equipped with them but they also add: —1st—17% more Net-Power and Speed to same Car.

—2nd—30% further Coasting Quality. —3rd—25% more Mileage, per Gallon of Gasolene.

And,—this latter feature soon pays for the relatively small additional cost which SILVERTOWN Cord Tire Construction makes necessary, per Tire. No Thread (or so-called Cord) Tires average "LARGER."

The demand for Silvertown Cord Tires has, for nearly two years, far exceeded our capacity for production. But Silvertown Cord Tires may NOW be had through all GOODRICH Dealers and Branches. The B. F. Goodrich Rubber Co., Akron, Ohio.

EUGENE, Or., June 18.—(Special.)—The Summer school of the University of Oregon will open tomorrow morning. When the books for registration closed Saturday, the opening day for registration, 77 persons had been enrolled, the largest first day's registration in the history of the Summer school. The registration on the first day last year was 59.

The school authorities expect the session to be the largest ever held, with 300 or more persons in attendance. The fourth interdenominational Ministerial conference, to be attended by ministers from all sections of the state, will be held June 24 to 27.

GREAT FIELD IS SHOWN

REV. L. R. DYOTT SAYS AMERICA'S POSITION IS PROVIDENTIAL.

Reconstruction Period at Close of War Is Theme—Press Preparedness Attitude Is Indorsed.

While the question of military preparedness is one that must not be neglected, America stands in a providential position which calls for a preparedness in a far broader and more significant field; a preparedness that looks beyond the immediate sweep of events into the time of reconstruction following the close of the great war in Europe.

This was the opinion expressed by the Rev. Luther R. Dyott, pastor of the First Congregational Church, preaching on "The Right Attitude Toward the Question of Preparedness," last night.

As to military preparedness, he did not minimize its importance, but he touched upon the programming of the League to enforce Peace as the best solution to this problem.

In reviewing the views of the various elements of society on military preparedness, he called attention to the changed attitude of President Wilson on the subject, and the fact that the entire press is committed by its utterances to the idea of military preparedness.

"In this matter," he declared, "I believe that the press is to be trusted. It has a higher ethical sense than the public may be aware of. It senses a condition more quickly than the general public, and interprets tendencies of the times with a better light than the general public has. Hence much importance must be attached to the position in which it stands on this matter."
