People of Piedmont rubbed their eyes last night and wondered if a fragment of the Midsummer Night's Dream had somehow or other strayed into their orthodox community.

Por in the witching hour before daylight slips quietly into its kimono of invisibility, all the population of Fairyland suddenly appeared on Cleveland avenue, advancing in an elfish pageant of flowers and color.

Of course the papes and mamas and sisters and brothers, and also the aunta and uncles who rushed out and assembled along the curbing to watch them pass, knew that it was in reality the youngest generation of the community, and not a procession of jolly little changelings or a parade of the Amalgamated Order of Gnomes and Fairles, for under the chaplets of flowers and the improvised masks and daubs of large and the la

Dorothy Hesseldenz was maid of honor and Langton Rose escorted them in soidler costume, as a guard.

Bobbie Johnson was hauled in a flort built like half a gigantic eggshell and assisted vigorously in the applause that marked his passage and Betty Goldstein pedaled a marvelous blue and white velocipede, canopied with flowers. Alice Glover drove with white streamers a joily little dancing blonde clf that answers ordinarily to the name of Clara Garrow. There were two little humble bee fairles tugging a floral cart in which was enthroned little Catherine Dekum, and after them came an endless train of decorated doil carriages and carts with "real. the name of Clara Garrow. D. V. Stearns, of Vancouver, was injuried Monday night at Union avenue and Alberta street when he was hit by an automobile. He suffered a fractured collarbone and other injuries. He was taken to the office of Dr. L. C. McCabe, where his injuries were treated. Mr. Stearns is well known in Vancouver and has a number of friends in Portland.

Benjamin Franklin Nichols, Who Carries His 91 Summers Lightly and Who Recalls Mexican War of '46, in City for Pioneers' Reunic

VOU folks who date every important Y happening from the 18-year-old Spanish War, or even you who think that the Civil War was the dividing line in a more or less eventful existence, how would you like to be in position to revert to the first Mexican War, back in '46, or the gold rush to

Such is the unique distinction of Benjamin Franklin Nichols, the patriarch of the Tumaio flats in Central Gregon, a man who bears the weight of his 91 Summers as lightly as the boys now starting for the Mexican border carry their knapsacks and rifles.

Mother-to-be

We are all greatly indebted to those who tell their experiences. And among the part of immediate importance to the expectant mother, is a splendid external remedy called "Mother's Friend." This is applied over the muscles of the stomach. It is deeply penetrating in its influence. Mothers everywhere tell of its solding effect, how it allays palns incident to stretching of cords, comfort, of calm, peaceful nights, an absence of those distresses peculiar to the priod of expectancy, relief from morning sickness, no more of that apprehension with which so many young women's minds become burdened. It is a splendid help, Get a bottle of "Mother's Friend" from your nearest druggist. Ask your husband to get it for you. Then write to Bradfield Resulator Co., 468 Lamar Bidg., Allanta, Ga. for a very handsome and instructive book. It is filled with suggestive ideas of great help to all women interested in the subject of maternity. And best of all are some letters from mothers that are real inspirations.
