## RELATIVESUSPECTED OF KILLING FARMER

Walla Walla Sheriff Intimates Arrest Will Be Made Within Few Hours.

### SLAYER THOUGHT SHIELDED

Features of Shooting Lead Officers to Think Murderer Was on Bed Directly Over Victim

as He Fired.

WALLA WALLA, Wash, June 23 .-(Special.)—No arrests were made today in the Charles A. Sams murder case, but Sheriff Barnes intimated tonight that he expects to make a more within a few hours that will land someone is jail charged with killing the aged farmer in his bed just after midnight Thursday morning.

farmer in his bed just after midnight Thursday morning.

There has been trouble for years among different branches of the Sams' family, which is numerous, and Sheriff Barnes, while declining to name the suspect, intimated that it was a relative of the murdered man who was suspected. The elder Sams was involved in some

The elder Sams was involved in some lawsuits a few years ago. About four years ago he became converted and joined the Nazarene Church, and friends say this entirely changed his life. He would have nothing more to do with lawsuits, and endeavored to live an upright life. He possessed a bad temper, members of the family said, and had he met with someone outside and had a quarrel with a fatal ending they would not have been surprised. The end came while Sams was peacefully sleeping. The murderer shot him from above and at very close range, the builets entering his head. The wife was awakened by the shots, and dimly saw someone leaving the room, she told the officers.

someone leaving the room, she told the officers.

There are several points in this case that are puzzling the officers and lead them to suspect some relative, and the possibility that the guilty person is being shielded.

Sams slept in the back of his bed with his face to the wall, his head resting on his left hand. The first shot went in just below the right ear and passed through the head and left hand. Sams apparently turned over on his back before the second shot, as it went straight into the right eye. The bed was made, and to have fired the last shot the murderer must have been on the bed and the weapon pointed directly at Sams, the officers assert.

Summer Police."

Take advantage of an opportunity to use "reel" and "real."

Assert that the moving picture industry is "still in its infancy."

RECRUITING OFFICE TO KEEP OPEN TO MEET REJECTIONS.

Two in Montana Are on Way to Rejoin Militia, Leaving on Receipt of Mobilization Order.

Ten recruits were added to Battery
A. Field Artillery, yesterday and sent to Camp Withycombe to receive examination. That number brings the strength of the battery up to a war footing of 171 men. However, the officer in charge of the recruiting office in the Armory has decided to keep the office open both today and tomorrow to receive additional recruits, as it is expected that a few applicants will fail to pass the rigid medical examination. Those who reported to Lieutenant Clayton yesterday for places in the battery were George W. Stiveson, L. C. Maddix, A. Chrisman, C. Rhelberg, C. A. Norris, J. Kelly, R. Foust, C. Stockman, James O'Neil and Thomas Laughlin. Mr. Stockman was formerly a member of the battery.

Lieutenant Clayton yesterday received information through the sister of Norman E. Tufford that Mr. Tufford was on his way here from Moniana to rejoin the battery. He is the oldest member of the battery in point of service, and one of the oldest in the Oregon National Guard, having enlisted more than 18 years ago.

Beside Mr. Tufford, only one other member of the battery whose names were on the muster roll prior to the call for mobilization has not yet appeared. He is Thomas Kennedy, who is also in Montana. Mr. Kennedy is expected to arrive in this city before the battery is mustered into the Federal service.

Measure Prohibiting Playing in Poolrooms Near Passage.

An ordinance putting cards and card tables under the ban in pool and billiard-rooms was sent up to third reading by the City Council yesterday for final passage in two weeks. The measure apparently has the approval of the majority of the Council.

Under its terms cardrooms will be prohibited in connection with any pool and billiard-room. They will be allowed only on special permit granted by the Council and in no case in connection with pool or billiard places. The ordinance also requires extensive public notice before any poolroom is established in the city. The cardroom part of the measure does not apply to pool and billiard places in private clubs.

DIVORCE DENIED PARENTS of 10 Children.

For the sake of their 10 children Cir-cuit Judge Davis yesterday demanded that Elizabeth Weldenkiller and Con-rad Weldenkiller adjust their differ-ences, and dismissed the divorce action

The land is the property of J. B. True and lies in the curve where the high-and lies in the curve where the high-way swings through the village of Springdale.

Although the county's right of way along the whole course of the highway is 66 feet wide, the paving is only 16 feet wide and is laid in the middle of the road.

But in paving around the curves the pavement was carried to the inside and the curves the pavement was carried to the inside pavement was carried to the inside pavement was carried to the inside and the curves the pavement was carried to the inside pavem

Store Obstructs View.

When the highway was built a twostory building stood on the True propcrty. Mr. True conducted the store.
The building was within 20 feet of the
road on either side and obstructed the
view of motorists traveling either way.
The road slopes gently there, and machines coming down the road from
Crown Point are apt to travel at the
speed limit of 25 miles an hour.

Realizing the danger presented by
this situation, Roadmaster John B.
Yeon, many months ago, appealed, on
behalf of the county, to have the store
building moved back a short distance
so that this "blind corner" might be
climinated and all element of danger
removed.

But Mr. True protested. The county
offered to pay for the removal and to
reimburse him for all expenses or losses
incurred. Mr. True again refused.

Move Increases Danger.

> GIRL'S ASSAILANT SOUGHT Unidentified Man Attacks Young Woman Here From Holland.

The police are in quest of an unidentified man who attacked Miss Van Staaveren, in Macleay Park at 5:30 Thursday afternoon. The young woman, who is the guest of felatives at the Macleay Park Dairy, was strolling in the park with two small children, when the man appeared and, without parley, threw her to the ground, choked and kicked her. The screams of the frightened children caused him to fies. Miss Van Staaveren came here from Holland three weeks ago. She is able to give a measure description of the man. He is described as about 25 years of age, height 5 feet and 10 inches, weight 150 pounds, dressed in brown suit, tan ahoes and checked cap.

A man answering this description was observed by others earlier in the day. He told them that he was employed in "patrolling the park."
