

TROOPERS FREED; CRISIS IS STAYED

Break With Carranza Not to Be Immediate.

NOTE FROM MEXICO WAITED

Whether Rupture Is Prevented or Merely Postponed Is Yet Uncertain.

PREPARATIONS NOT HALTED

Rush of Troops to Border Continues—Situation as It Was Before Carrizal Clash.

WASHINGTON, June 28.—An immediate break between the United States and the de facto government has been averted by compliance with the American demand for release of the 23 troopers captured in a fight at Carrizal.

Whether a state of war has been prevented or merely postponed no one here would attempt to say tonight. Official information as to the attitude of General Carranza was lacking. Until his response to Secretary Lansing's note, dispatched Sunday, making two peremptory and distinct demands, is received, there will be no decision on whether President Wilson shall lay the crisis before Congress.

High Officials Relieved.

The news of the release of the prisoners, received early tonight in press dispatches, brought undisguised relief to high officials. It was accepted as correct, although no announcement has come through official sources. Moreover, it was assumed that Carranza, impressed with the urgency of the situation, had ordered the captured cavalrymen started for the border without waiting for his announcement of the action to reach Washington.

While it is generally conceded that this move lessens tension and makes the crisis less imminent, no one conversant with the grave problem is losing sight of the fact that the all-important question of Carranza's attitude toward the American expedition across the border to protect the territory and citizens of the United States from bandit outrages remains unsettled. If the de facto government stands upon the orders of General Trevino to attack Pershing's men when they move otherwise toward the border, the situation actually is just what it was before, except that there now is a possibility of diplomatic negotiations that did not exist while the Americans were held prisoner in Chihuahua.

Preparations Go Forward.

The preparations of the United States War Department will go steadily forward. There will be no interruption of the rush of National Guardsmen to the border, and General Funston will continue disposition of the forces under his command as though he expects an immediate attack from the Mexicans.

The fact that Carranza has complied with one of the demands is accepted by the more optimistic officials here as an indication that he is striving to prevent a break.

During any negotiations, however, the United States will insist upon freedom of movement of troops in Mexico, and any attempt to interfere with them will be met by such force as is necessary. This will apply, too, to any period of delay occasioned by attempting to arrange mediation or arbitration.

The possibility of Latin-American offers of mediation in the crisis again was widely discussed tonight. Ignacio Calderon, Minister from Bolivia, will make a second call upon Secretary Lansing tomorrow to discuss the subject. He will endeavor to ascertain for the benefit of himself and his colleagues whether tender of good offices by the South and Central American republics would be entertained at this time.

Pressure Brought on Carranza.

It is known that powerful influences have been brought to bear on Carranza in the last few days to make him at least turn over the American prisoners. Prominent Mexicans in the United States, as well as Amer-

PORTLAND BOY CHARGES CLEAR THROUGH CARRIZAL.

Officers Declare Troopers Would Have Beaten Mexicans if They Had Not Lost Boyd and Adair.

FIELD HEADQUARTERS, June 28.—(By wireless to Columbus, N. M.)—Major Jenkins and Howze, returning from their relief expedition toward Carrizal, gave it as their opinion that the negro troopers of the Tenth Cavalry would have beaten the Mexicans had they not lost their officers.

The death of Captain Boyd and Lieutenant Adair and wounding of Captain Morey took the heart out of the soldiers, they said.

Lieutenant Adair charged completely through the town. He had only five men with him when he returned, but he got these safely back to the irrigation ditch before he fell.

Major Howze's command today completed upwards of 1000 miles of horse-back riding since entering Mexico and in addition has marched 250 miles in order to save the horses.

The men of General Pershing's command drill briskly every day. The American camp is on a hot, shadeless plain, but the men, hardened to campaigning, stand the intense heat with ease.

OREGONIAN NEWS BUREAU, Washington, June 28.—Representative McArthur, who yesterday telegraphed General Funston urging him to do everything possible to recover the body of Lieutenant Henry Adair, slain in the Carrizal massacre, tonight received a reply stating that it was expected the body would be recovered and brought back to the United States, but nothing definite has yet been accomplished.

FUNSTON RECEIVES REPORT

Tension at Border Relieved by News. Mexicans Contend Action Shows They Do Not Want War if It Can Be Avoided.

SAN ANTONIO, Tex., June 28.—General Funston received tonight a report from Brigadier-General George Bell, Jr., at El Paso, which stated General Bell had been notified by Mexican Consul Garcia that the American prisoners taken at Carrizal now are on their way north to Juarez and probably would arrive there tomorrow morning.

According to the report, Consul Garcia had received word from General Jacinto Trevino that the American prisoners, with their arms and accoutrements, were to be delivered at once to the American authorities.

Report Sent to Washington.

The report was forwarded at once to Washington by General Funston.

There were no indications at headquarters here that Trevino's order for the liberation of the prisoners would in any way affect the movement of National Guardsmen toward the border. There was a feeling among Army officers that the release of the prisoners would not change the situation between the United States and Mexico in any material way and that the basic demands exhibited in the note of the Department of State to General Carranza still remained to be answered.

General Funston has urged the War Department to expedite the transfer of recruits for the regular Army from Eastern recruiting stations to the border. These men are needed at once, not only to fill up the ranks of the new regiments provided by the Army increase bill, but to strengthen the old regiments depleted by the transfer of soldiers to the new regiments.

MEXICAN CONSUL URGES ALL TO STRIVE FOR PEACE.

El Paso Official Says Americans Will Suffer Heavy Losses in Conquering Trained Forces.

EL PASO, Tex., June 28.—"All the good people of both countries ought to get together and work for peace, for this war, if it comes, will be hell on earth while it lasts—and it will last a long time," Andres Garcia, the Mexican Consul at El Paso, said today.

He made the declaration in army headquarters at Juarez in front of which armed civilians kept guard. General Gonzales and his staff were in the office, but the Carranza regulars were nowhere in sight.

Mr. Garcia continued: "The United States will have to face a united people, and a people determined to fight to the last ditch. Besides, we have more than 200,000 veterans, trained to a style of warfare that makes the best use of our peculiar natural conditions. The Americans will encounter heavy losses in exterminating the Mexican people; for that is what the war would be."

600 MORE OREGON TROOPS OFF TO WAR

Second Battalion Goes in Longest Train Yet.

BATTERY AND TROOP LEAVE

Artillery Ordered Direct to Calexico, on Border.

CAPT. WHITE WITH CAVALRY

Four Huge Locomotives to Drag Train Southward as Fast as Possible—Others Giving Way to Hasten Soldiers Along.

CAMP WITHYCOMBE, Or., June 28.—(Special.)—Six hundred more Oregon troops are speeding south tonight, with right of way over all trains between here and San Diego, Cal., for duty on the Mexican border.

They are moving as two contingents, in separate trains, one bound for Calexico, Cal., right on the frontier, and the other for San Diego, where the Third Battalion of the Oregon Infantry, which entrained yesterday, is proceeding there.

The troops moving today comprised Battery A, Field Artillery, for Calexico, which entrained first, and the Second Battalion of the Third Infantry, with Troop A, Cavalry, for San Diego.

Train Longest Yet.

The battery, recruited to its full war strength of five officers and 175 men, under Captain Charles W. Helme, got away at 11:30 o'clock this morning on a train of 15 cars.

The other officers of the battery are First Lieutenants Clayton and Johnson, and Second Lieutenants Stevens and Hayes. First Lieutenant V. C. Birney, medical corps, accompanied the battery as medical officer.

The second battalion and Troop A did not get away until 7:38 o'clock tonight, after an afternoon and evening of the most feverish preparation. It moved out in a troop train containing 22 cars, said by Southern Pacific officials to be the longest troop train ever moved in Oregon. It is two cars longer, than the longest train of regular troops the company has handled.

Four Locomotives to Pull Train.

The total weight of this huge train is 1200 tons, and it left Clackamas station drawn by one of the most powerful freight "hog" locomotives on this division of the Southern Pacific. At Oregon City a second locomotive of the same type was hooked on, thus insuring a fast run.

It will take more of these same powerful engines, making four in all, to drag it over the Shastiyoku. Trainmaster A. L. Downs is in charge of the train.

The Second Battalion is composed of Companies E, F and H, of Portland, and G, of Oregon City. Following are

SAMUEL HILL GOES TO WORK FOR CZAR

EFFORT TO LIFT SIBERIAN RAIL BLOCKADE TO BE MADE.

Task of Opening Road to Traffic Given Portland Capitalist by Entente Allies.

Samuel Hill, millionaire son-in-law of the late James J. Hill, and noted as a railroad executive and road builder and as president of the Home Telephone Company, has left Portland for Vladivostok at the request of the Russian government, to take charge of the traffic department of the transcontinental Siberian railway in order to facilitate the movement of war supplies.

The information was disclosed to a friend in Portland by letter after Mr. Hill had reached Seattle. Mr. Hill will be gone until some time in September at least. He has arranged his business for a long stay. He sailed from Vancouver, B. C., about two weeks ago, just after arriving home from the East.

Mr. Hill is a close personal friend of King Albert of Belgium, and last Spring visited the Belgian monarch. While a guest of King Albert he attended a meeting of the war council of the entente allies, and discussed with them the congestion on the Trans-Siberian railway.

At the conference in Paris last May, King Albert is said to have suggested that Mr. Hill be employed to untangle the traffic congestion of the Trans-Siberian and as a result of the conference the Russian government gave Mr. Hill the commission.

Mr. Hill hurried home from Europe in time to attend the Republican National Convention at Chicago, to which he had been elected alternate from Washington. Immediately after the convention he returned to Portland, arranged his personal affairs and left incognito for Vladivostok to begin his work.

DAYTON HAS CLOUDBURST

DAYTON, Wash., June 28.—(Special.)—Water from a cloudburst which struck Mustang Hollow, four miles out of Dayton, tonight, flooded the streets and business blocks of the town, carried away bridges, fences and farm implements and destroyed seven miles of county road on which construction was under way.

The greater part of the population was attending Chautauqua lectures in the city park when the storm struck. The flood of water which swept down the canyon was 100 feet wide.

ROOSEVELT OFFERS TO AID

Ex-President Declares His Willingness to Make Speeches in Fall.

NOMINEE HIGHLY PLEASSED

Interview Described as "Delightful"; Campaign Issues Are Discussed.

NEW YORK, June 28.—Charles E. Hughes, Republican nominee, announced tonight at the end of an interview with Theodore Roosevelt which lasted for more than two hours and a half, that he and the ex-President were in "complete accord."

Mr. Hughes issued the following statement:

"I was very much pleased with Colonel Roosevelt's letter of endorsement, and he has expressed himself in a very kindly way with respect to my telegram to the Progressive committee.

Interview Termed "Delightful."
"I wanted to talk with Colonel Roosevelt fully with respect to the issues of the campaign and asked him to dine with me, so that we might have that opportunity. He dined with me tonight, and we had a very delightful interview. We talked very fully over all matters and are in complete accord. The evening has been a very pleasant one."

It is understood that Colonel Roosevelt told Mr. Hughes he would cooperate heartily with him in any of his plans, even to the extent of making a speaking tour if Mr. Hughes so desired.

Crowd Gathers in Lobby.

Colonel Roosevelt called on Mr. Hughes at the nominee's invitation, and they remained together for more than two and a half hours. A crowd had gathered in the lobby of the hotel where Mr. Hughes is staying when Colonel Roosevelt arrived. The ex-President lifted his hat and bowed, then hurried into an elevator, which took him to Mr. Hughes' apartment, the parlor of which had been fitted up as a dining-room.

The Republican nominee and Colonel Roosevelt dined alone. The waiter who served them was barred from the room except when summoned by a call button. After the interview Mr. Hughes emerged with Colonel Roosevelt, escorting the former President

OREGON TROOPS AT THE FRONT.

Arrangements have been made by the Oregonian to give complete news reports of the operations of the Third Oregon on the Mexican border and later in Mexico should war be declared. Special telegraphic news, feature articles and illustrations will be received by The Oregonian from its correspondents at the front. These will be supplemented by the Associated Press service and special reports of military activities as now received by this newspaper.

George A. White, Captain of Troop A, Oregon Cavalry, will act as correspondent for The Oregonian. Captain White has relinquished temporarily his position as Adjutant-General of the Oregon National Guard and left yesterday with his command. Before his appointment to head the Guard he was a prominent newspaper man. He is a skilled writer, besides being a thorough student of military tactics.

George Palmer Putnam, private secretary to Governor Withycombe, will also be a regular contributor to The Oregonian. Mr. Putnam has gone to the border as corporal in Company M, of Salem. His journalistic work is well known through articles contributed to The Oregonian prior to his appointment as secretary to the Governor.

Other correspondents also will report for The Oregonian the activities of the Third Oregon.
