### WHEAT MARKET STRONGER

Bids at Local Exchange Are Advanced 1 to 3 1-2 Cents-Oats Sales Posted at Higher Prices. California Grain Strong.

Wheat bids were raised 1 to 3% cents at the Merchants' Exchange yesterday, and July bluestem again stood at the dollar mark. The margin between buyers' and sellers' views was lessened, as the asked prices for August club, fife and bluestem reduced, but this did not result in The market is on a better footing, with a

fair increase in the demand. For several days past interior mills have been buyers in a limited way. A number of flour orders from the Southern States have been placed in the Northwest, and as the mills were carrying light stocks of wheat, they entered the open market to replants. The Paret days past interior mills have been buyers in a limited way. A number of flour orders from the Southern States have been placed in the Northwest, and as the mills were carrying light stocks of wheat, they entered the open market to replenish. The Puget Sound mills have since come into the market for wheat and are offering somewhat higher prices than are current here. It is denied that the sound mills are buying wheat for account of Oriental or other export flour orders. It is known the tidewater mills have been effered southern flour business, but it is said they cannot compete against the country mills for the trade. The amount of southern business placed to date is understood to have reached respectable proportions. Its appearance at this time is ascribed to the flurry in the Middle Western markets, occasioned by the black rust scare.

Two hundred tens of July oats were sold at the Exchange at \$27 and 200 tons of August 50x18. These prices: Bran. \$26,225.50 and \$25,000 per ton; rolled barley, \$21,06,932.50.

Express Company Buys Horses.

KLAMATH FALLS, Or., July 13.—(Special.)—Bight head of fine draft horses were shipped yesterday morning by express to Oskiand. The stock was collected here by George Manning, purchaser for the Wells-Fargo Express Company. Mr. Manning says that he is now engaged in getting together sight carloads of horses for his company, and that among this stock he will have three carloads of horses each weighing 1800 pounds. Already this year the company has shipped 15 carloads of draft horses from Klamath County.

Shorts Wage Attack Against Speculative Issues.

RAILS AFFECTED

Trading Is Larger and at Expense of Values, Except in Last Hour. When Covering Causes Partial Readjustment.

NEW YORK, July 13.—Selling of a broader and more promiscuous character than that of any recent period broke out afresh today, depressing prices of erstwhile favorites to lowest prices of the year, and for a time causing unsettlement in standard bares. The decline gathered much of lits momentum from the short interest, that faction extending its operations into new fields, incidentally adding to the impairment of stocks which siready had suffered severe stritton.

Tracing was on a large scale and wholly at the expense of values, except in the last hour, when short covering brought whould a partial readjustment, and moderate recoveries from lowest levels.

The motor group was the chief center of disturbance, those issues recording extreme declines of 4 to 7 points, with 11 for General Motors, while stocks of accessories declined 2 to 4 points.

United States Industrial Alcohol struck the new low level of 97, a maximum loss of 32 points since last Saturday, but closed at 103. American Beet Sugar yielded only 4½ points under heavy pressure, but other mercurial issues of the same class lost more ground.
