

HANLY'S FRIENDS IN CONTROL OF PROHIBITION

Nomination of Indiana Man for President at Today's Session Predicted.

STEAM ROLLING CHARGED

Convention Chairman, Chosen by Organization Forces, Has Sentiment With Him, However, and His Rulings Stand.

ST. PAUL, July 19.—The nomination of J. Frank Hanly, of Indiana, as the Presidential candidate of the Prohibition party was conducted tonight by friends of Hanly and leaders of the so-called organization forces in the Prohibition National Convention, following the unanimous re-election today of Virgil G. Hinshaw, Chicago, to the chairmanship of the National Committee.

Further impetus was said to be given to the Hanly candidacy by the selection of Robert H. Patton, of Springfield, Ill., as permanent chairman. Howard Korchardt, of Topeka, was named permanent secretary.

Hanly Followers Win Point. Hanly followers succeeded at the afternoon session in obtaining the adoption of a recommendation of the race committee providing for the nomination of a Presidential candidate tomorrow instead of Friday. The question will come up for discussion on the floor of the convention tomorrow.

The Indiana delegation at a closed session agreed on Friday to place in nomination the name of Mr. Hanly.

With Mr. Patton in the chair the Hanly program met few obstacles at the afternoon session. Some delegates charged Patton with steam-rolling methods, declaring that he failed to recognize several delegates who sought to speak against certain motions. He had the great majority of the delegates with him, however, and there was no effort made to change any of his rulings by an appeal to the convention.

Hinshaw National Chairman. Mr. Poling, a Hanly supporter, nominated Mr. Hinshaw for National chairman, after rule providing for filling the office during the convention had been adopted.

Charles H. Hall, of California, with Oliver W. Stewart and other leaders, seconded the nomination, and when no other candidates were nominated Mr. Hinshaw was elected by acclamation. His popularity was attested by the reception that greeted him immediately after his election. He was carried to the platform on the shoulders of several delegates.

Temporary Chairman Sounds Keynote.

The call of the hour is the challenge of a supreme opportunity, to an unequalled sacrifice. These are the words of triumph—Peace, prosperity and prohibition. Elect prohibition. Write women into the constitution. Turn out the exploiters of the people. Take private profit from war. Stop the slaughter of peace. Save America and serve the world.

In these words temporary Chairman Poling concluded his keynote address at the outset of the convention. Mr. Poling, declaring that the Prohibition party was now the sole representative of progressivism in National politics, extended an official and hearty invitation to the 4,000,000 voters who supported the Progressive party ticket in 1912 and suggested that whatever the technical name of his own party should be upon the official ballot this year, it would be known henceforth as the Liberal party of the United States.

Expressing the evidently overwhelming sentiment of the convention, Chairman Poling assailed the campaign of preparedness, arraigned the Republican and Democratic parties alike for what he alleged to be an extravagant waste of National funds, eulogized Jane Addams, attacked at length the activities of the Navy League and advocated unequivocal loyalty to the Monroe Doctrine, the establishment of a world court of arbitration, international reciprocity of trade, radical reform in the treatment of immigrants and the development of a National program for the constructive use of the United States Army in time of peace.

MALHEUR FARMS PAYING OWNERS' NET LABOR INCOMES ARE \$921 PER YEAR.

Small Tracts, Corn and Hogs Are Most Profitable in Irrigated District, Test Analysis Shows.

OREGON AGRICULTURAL COLLEGE, Corvallis, Or., July 19.—(Special.)—Irrigated farms in Malheur County are giving a good return, according to a report just prepared by Farm Management Demonstrator Keyes, of the extension service of the college. The analysis of 44 farms in that section shows a net labor income of \$921. This return is figured after all expenses of operation are deducted and allowances made for interest on the total investment. It is also exclusive of the cost of the labor of the members of the family and the supplies used by the family which were taken from the farm.

The analysis shows that farms from 80 to 140 acres pay best under the conditions obtaining there. It also indicated that corn brought the highest returns per acre, and fall grain the lowest. Hogs proved to be very profitable. With the market in fair condition, the farmers of that section seem to be getting good returns in feeding their corn and alfalfa to hogs.

While the analysis is based entirely upon the figures from one year's returns, it is felt that they are essentially reliable. Analyses will be made each year for the next year on these farms in order that the average production and market conditions may be determined and the various factors entering into the agriculture of that section classified as to their relative merits.

CASTRO OUT OF CUSTODY

Venezuelan ex-President Says He Expected Favorable Decision.

NEW YORK, July 19.—Ex-President Cipriano Castro, of Venezuela, was released from Ellis Island today.

He said that the decision of Secretary Wilson overruling the special board which had denied him admission to the United States was what he expected. He declined to discuss his plans.

FORMER GOVERNOR OF INDIANA WHO LEADS RACE FOR PROHIBITION NOMINATION FOR PRESIDENT.

J. FRANK HANLY.

ARMOR PLANT KEPT

Senate Refuses to Strike Provision From Bill.

FINAL VOTE THOUGHT NEAR

Senator LaFollette Prevents Action by Speech Against Preparedness, in Which He Declines It is Necessary.

WASHINGTON, July 19.—An attack by Senator LaFollette on the general preparedness program as the product of the agitation by moneyed interests, aided by the metropolitan press, prevented a final vote in the Senate today on the naval bill. The Wisconsin Senator had not completed his speech when the Senate adjourned tonight, and he did not indicate how long he planned to continue. The general belief, however, was that a vote would be reached tomorrow.

Most of today was taken up with an unsuccessful fight by Senators Oliver and Penrose on the section of the bill providing for a \$11,000,000 Government armor plant. By a vote of 17 to 17 the Senate defeated a motion to strike out the section, and then voted down, 49 to 16, the Oliver amendment to refer the armor controversy to the Federal Trade Commission for settlement.

Senator LaFollette contended that neither conditions confronting the nation nor the testimony given before the Congressional naval committees warranted the proposed Navy increases. "A total of \$84,000,000 is the load that goes on the backed backs of the American people," he declared. "Why is this to be done? If it is necessary now, why was it not necessary four years ago? You knew then the naval and military strength of all the foreign countries. But then the interests had not been appealed to. Bethlehem Steel at 40 was not Bethlehem Steel at 80. The interests behind this preparedness plan do not fear Germany or England. The plan merely fits into their imperialistic schemes."

The Senator charged that men had been forced into preparedness parades under threats of having their wages reduced. Workmen in Washington, he said, had told him they marched in the demonstration here for that reason. The larger newspapers of the country, he declared, were influenced by the advantage of the "interests" behind the preparedness propaganda, to devote most space to the testimony of witnesses before the Congressional committees who favored preparedness.

TAXPAYERS WILL MEET

Session of Eastern Clackamas League to Be at Barton.

ESTACADA, Or., July 19.—(Special.)—The Eastern Clackamas Taxpayers' League will hold its July meeting next Monday night at the Barton Hall at Barton. Owing to the urgent farm work, now confronting the members, it was decided to hold the July meeting in the evening, instead of in the afternoon as formerly.

Among the speakers will be County Assessor Jack, who will explain in detail the workings of his department. The programme is in charge of John Ely, of Carrsville, Harvey Gibson, of Barton, and E. W. Bartlett, of Estacada.

ITALIANS MAKE NEW GAIN

Upper Posina Ground Won; Austrians Repulsed in Pasubio.

ROME, via London, July 19.—A new advance for the Italians in the Upper Posina Valley, where they succeeded in improving positions on Corno del Caston, was announced today by the War Office. Attack by the Austrians on the Italian line in the Pasubio sector was repulsed.

THREE CONVICTS PARDONED

Conditional Releases Granted by Governor Withycombe.

SALEM, Or., July 19.—(Special.)—Mose Lifer, serving a Penitentiary sentence for burglary, received a conditional pardon today from Governor Withycombe, who acted on the recommendation of the Parole Board. Lifer

was received at the prison in November, 1912.

The Governor also issued conditional pardons to Jack Mulcare and Bert Donnelly, who have been serving in the Multnomah County Jail for larceny and assault, respectively. Mulcare was sentenced to nine months in jail by Circuit Judge Morrow. He was convicted with Frank Webber and Clause Smith for the same offense. The two latter were sentenced to serve from one to ten years in the Penitentiary, but were paroled from the bench on their showing that they could obtain work outside the state. Both Mulcare and Donnelly were recommended to leniency by the prosecuting officers and presiding Judge.

MILWAUKIE CHILDREN LEAD

Industrial Clubs Meet Together and Hear Interesting Addresses.

MILWAUKIE, Or., July 19.—(Special.)—Clackamas County leads the state by 80 per cent in the number of school children engaged in gardening, according to County School Superintendent Calavan yesterday at the mass meeting of the industrial clubs of Milwaukie, Oak Grove, Concord, Adair and Homony school districts, held in the Milwaukie schoolhouse.

Talks on corn and hog growing were made by Judge Grant B. Dimick and Professor Allen and the clubs were urged to take up these two lines. N. C. Morris, head of the industrial clubs of the state, and H. C. Seymour, of the extension work of the Oregon Agricultural College, spoke on industrial club work.

Miss Helen Cowgill, of Oregon Agricultural College, gave an instructive talk on domestic science.

ESTACADA SEES WARDEN

Mr. Shoemaker Pays First Visit Following Patton Protest.

ESTACADA, Or., July 19.—(Special.)—State Game Warden Carl D. Shoemaker, of Roseburg, was an Estacada visitor early this week, having made the trip by auto, accompanied by E. H. Clark, Multnomah County Deputy Game Warden.

This was Mr. Shoemaker's first visit to this part of the county and probably was prompted to some extent by the violent protest which arose recently against the proposed appointment of a successor to the Clackamas County Game Warden, Ben B. Patton, of Estacada.

Mr. Shoemaker will be in Estacada again on July 28, when he will give a free lecture, illustrated with moving pictures of Oregon's bird, animal and fish life.

TRACY SCHOOL TAX LOSES

Proposal to Send Pupils to Estacada Is Defeated.

ESTACADA, Or., July 19.—(Special.)—At a meeting of the Tracy school district of Garfield, held this week, the budget calling for the sending of 10 to 15 pupils to the schooling of the district's pupils in the Estacada schools, was defeated.

The outcome of the meeting was a surprise to many of the taxpayers, who had supposed that the consensus of opinion was in favor of having the 10 or 15 pupils transported daily to and from the Estacada schools, a distance of about four miles, and the consequent elimination of the rural school.

PENDLETON CASE APPEAL

Mayor Carries Fight for Change of Venue to Supreme Court.

PENDLETON, Or., July 19.—(Special.)—A notice of appeal to the Oregon Supreme Court was filed today with the County Clerk by Attorney J. A. Best in the case in which he is charged with the use of improper language at a public place.

ITALIAN CITY IS BOMBED

Austrians Lose One Plane in Attack on Treviso.

BERLIN, July 19.—(By wireless to Sayville, N. Y.)—A squadron of naval aeroplanes dropped 90 heavy and light bombs on railway and military establishments in Treviso, Italy, during the night of July 16-17, says an official Austrian statement of July 17.

CAMP CONDITIONS SAID TO BE GOOD

War Department Preparing to Refute Charges That Militia Is Neglected.

BLISS PRAISES FUNSTON

Major-General, on Tour of Inspection of Entire Border, Reports Men Are "Reasonably Well Sheltered and Fed."

WASHINGTON, July 19.—The War Department issued today a series of reports on the mobilization of the National Guard for border duty. All designed to refute charges that the men have been improperly rationed and have not received the facilities available in their trip south. Secretary Baker is preparing a report to Congress on the subject, in response to a resolution adopted a few days ago.

To show the present conditions in border camps, Major-General Tasker H. Bliss, assistant chief of staff, now is inspecting the entire border force. His first report came by telegraph from Mission, Tex., and is as follows:

"Finished inspection Monday of Illinois and Wisconsin troops at Fort Sam Houston. Will report today. Finished inspection of Virginia and Illinois troops at Brownsville yesterday. Will finish inspection of New York, Indiana, Minnesota and Texas troops between Mission and San Benito by night of 20th. Will mail report soon afterward."

"Have found camps in excellent sanitary condition. Men are reasonably well sheltered and well fed. Have interviewed all regimental and company commanders, and taken down their statements by the stenographer. Thus far they are unanimous in expressing satisfaction and contentment of officers and enlisted men. Deficiencies in equipment are being made up as rapidly as possible. General Funston and his staff receive great credit for efficient handling of problem."

Summing up the reports the War Department today issued this statement:

"The War Department regards the handling of the details of the movement of troops to the border as excellent in every respect."

The department made public a preliminary report from Dr. Thomas Darlington of New York City, who has been making an inspection of the National Guard camps on the border at the instance of the National Civic Federation, and with the consent of the War Department. Dr. Darlington's message told of his inspection of the camps at San Antonio, Tex., where 14,000 men are quartered, and added:

"Reassure relatives and friends of soldiers. General medical and sanitation conditions reassuring thus far. No contagious diseases."

SUBMARINE MAKES READY

(Continued From First Page.)

Captain Paul Koenig, the dapper and daring commander of the submarine, is doing everything in his power to keep up their spirits and make them look on the bright side of the affair, but the men cannot see this side of the venture.

"We are praying every night, and are getting our friends to pray for us," Second Engineer Karl Pruechte told a friend he has been spending his evenings with since the crew have obtained shore leave. This same friend today told the story of the terror-stricken crew to a representative of the New York Tribune, not knowing at the time that he was talking with a reporter.

Orders Given to Leave. "The crews have orders to be ready to leave at any moment," said this friend of Pruechte this afternoon.

"The men bring themselves to believe the Deutschland will escape the enemy off the Cape. All the men have been talking about since they have been in the Atlantic. It is the cannon and the other guns the men fear—it's the nets that the enemy cruisers will stretch."

The sailor added: "Her engines would be crippled and she darkened her gray hair."

SHE DARKENED HER GRAY HAIR

A Kansas City Lady Darkened Her Gray Hair and Stimulated Its Growth by Simple Home Process.

She Tells How She Did It.

A well-known resident of Kansas City, Mo., who darkened her gray hair by a simple home process made the following statement: "Any lady or gentleman can darken their gray or faded hair, stimulate its growth and make it soft and glossy with this simple recipe, which they can mix at home: To half pint of water add 1 oz. of bay rum, 1 small box of Barbo Compound and 1/4 oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. This mixture relieves itching and is excellent for dandruff. It does not stain the scalp, is not sticky or greasy and does not rub off. It will make a gray-haired person look 10 to 20 years younger."—Adv.

it will be a slow and agonizing death to all of us on board. When the engines stop, the lights will go out and the air will stop. That is what the men fear. They talk of it continually while with me at night and they ask every one to pray for them."

Net Trap Is Feared. Knowing the tactics of the British and French and realizing that scores of German submarines have been caught in these nets that were stretched across the English Channel, those that man the Deutschland fear that the British will resort to this method off the coast. The reinforcement of cruisers that is reported to have arrived just beyond the three-mile limit is causing the men great anxiety, for with these to aid the two which have been reported on guard, they say it is possible for the Allies to stretch nets many miles from the coast.

Such being the case, the Deutschland will be emeshed, crippled and sunk, and all on board will die martyrs to a lost cause.

WHO SHIPPED NICKEL? ASKED

Question Has Important Bearing on British-Canadian Policy.

OMAHA, July 19.—The question who supplied the nickel that will be a valuable part of the submarine Deutschland's cargo on her return to Germany became of added interest here today with the announcement that an official statement will be issued within a few days on the whole policy of the British and Canadian governments in respect to the sale of the metal.

Officials of the International Nickel Company challenge the statement of George P. Graham, the minister of railways in the Laurier Cabinet, that Canadian nickel sold to American firms on condition that it shall not reach England's enemies, can be obtained without difficulty in the open market in the United States.

It is asserted that the United States produces 240,000 tons of nickel annually and that all Canadian nickel exported to the United States has been accounted for by the International Nickel Company, the purchase of virtually all of it. No change of policy is foreshadowed.

STRAITS PROMISED RUSSIA

Russian Parliamentary Delegate Makes Formal Announcement.

LONDON, July 19.—That Russia has been promised possession of both sides of the Dardanelles is stated categorically in a summary of the proceedings of the army and navy committee of the House of Commons, as published in the Petrograd newspaper Russky Slovo. The newspaper summarizes the report of the Russian parliamentary delegates to the committee on their return from a recent trip to the entente allied countries, and adds that the most interesting statement was made by Professor Miltkoff, who said:

"The most important question in which we were interested was the problem of the Dardanelles. An agreement has been made between Russia and her allies whereby we are promised both sides of the straits. This agreement has not been published, but we consider it our duty to make it known."

VOTE BY GUARD PROPOSED

Idaho Representative in Congress Introduces Bill.

OREGONIAN NEWS BUREAU, Wash.

The Most in Value. The Best in Quality

Special Announcement

This Store Will Close Thursday At 1 P. M.

During JULY AND AUGUST

During July and August our store will close on Thursday at 1 P. M., thus allowing our employees a much-needed and well-earned half-holiday each week during these hot months. Lend your support to this movement by arranging to do your shopping in the forenoon on Thursday. We'll appreciate it; so will our employes, we assure you.

Excursions East

VIA THE "MILWAUKEE"

Every day until September 30.

Through car Portland to Chicago leaves Union Depot 7 P. M. daily via Spokane, Butte, Aberdeen, S. D.; Minneapolis, St. Paul, Milwaukee. Electrification and other literature gladly furnished upon request.

Portland Office, cor. 3d and Stark Sts. Phones: Main 8413, A 2601. E. K. Garrison, District Freight and Passenger Agent.

ington, July 19.—Representative Addison T. Smith, of Idaho, is author of a bill under which the officers and men of the National Guard on duty on the Mexican border, in Mexico, or at camps away from home next November, may vote by mail in the Congressional and Senatorial elections, provided the states themselves have not passed laws which enable these militiamen to vote when away on duty.

Mr. Smith, in pressing this bill, argues that it is manifestly unfair to deprive the citizen soldiers of the right to vote because they happen to be called away on military service at the time of election. He says that during the Civil War many of the states provided by law for holding elections in the field, but there has never been Congressional action.
