Public Service Commission to Hear Marshfield Case.

RATE HEARING SET

SCHEDULE AVERRED UNFAIR

Coos Bay Chamber of Commerce Expected to Send Big Delegation to Freight Case Meeting at Eugene July 27.

MARSHFIELD, Or., July 19 .- (Spe-cial.)-The State Public Service Commission has submitted to the Marsh-field Chamber of Commerce the Southern Pacific's schedule of rates on freight to become effective when the Willamette-Pacific opens traffic. The commission has set July 27 for the date of hearing at Eugene

The figures have been considered by the Chamber of Commerce, but they were obscure in some respects and therefore the trustees have made no report or determined what proceeding they desire to take. Some of the rates are looked upon with amazement. For instance, the coal interests here had expected to market coal in the Willam-ette Valley towns and southward as far as Ashiand. The rates on coal from here to Eugene and nearby points south do not favor the traffic in coal. Portdo not favor the traffic in coal Port-land secures a rate of \$1.75 per ton on coal, while Eugene must pay \$2.40 and further south the price increases. The highest rate quoted on coal is \$8.95. from the mines to Lowell, Lane County. The rates decrease northward from The rates decrease northward from Eugene to Portland and all towns with the exception of a few are given a cheaper rate than Eugene. The rate to Woodburn 1s \$2, Tillamook, \$3.75; Natron, \$3.55; Grants Pass, \$3.74; Rose-

The product is \$4, Tillamook, \$3.75, Natron, \$3.55; Grants Pass, \$3.74; Rose, \$3.96 and Marshfield area \$4, Tillamook, \$3.76, \$3.96 and \$4, \$4.96 and \$4.96 and

In a short time medical aid was ob-tained, and Mrs. Johnson's life was saved. She is about 30 years old and was born in Milton. About six months ago she lost her husband after the latter had been an invalid many months.

Douglas County Will Appeal.

ROSEBURG, Or., July 19.--(Special.) --Following receipt of word from Eu-gene that Judge G. F. Skipworth had denied a new trial in the case of R. M. Buttle vs. Douglas County, District At-torney Neuner announced that he would appeal the action to the Supreme Court. Mr. Buttle was recently awarded \$1300 damages for injuries sustained while riding on a stage between Drain and Sectioner. Scottaburg.

Hermanns Adopt New Policy.

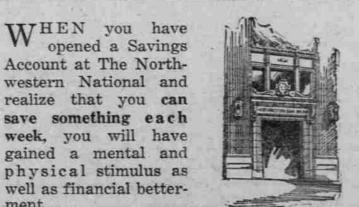

SPOKANE, July 19.—The Washington State Grand Lodge of the Sons of Her-mann voted today to redeem with cash the insurance policies when the policy-holders become 70 years old. The con-vention, it is expected, will close to-night.

Halibut Strike Settled.

SEATTLE, July 13.—The strike of halibut fishermen which began four and a half months ago and which resulted in tying up more than 20 halibut schooners has been settled, it was an-nounced today. The terms were not made habile,

REGARDING PORTLAND'S FUTURE

A PLAIN STATEMENT

All who have made the least study of the serious problems of Portland are agreed that our future industrial and commercial development is dependent upon the establishment of transportation lines to carry products of the factory and soil to the markets of the world.

We are now involved in a fight to eliminate the higher charges for handling cargo in this port.

The laboring men, who for years controlled the handling of cargo here, went out on June 1st, in sympathy with workers in other ports, who demanded an advance in wages and a change of conditions. Organized labor now indicates that it may desire to return at the wages and under the conditions which prevailed May 31.

With us in Portland, the various union rules which were enforced were in reality a greater handicap than the excess in wages which shippers were obliged to pay here. If a return to work were permitted under the old wages and conditions prevailing May 31st, the most serious handicap of the past would be re-established. The re-establishment of such handicap would certainly retard, and perhaps preclude, the establishment of certain steamship lines which Portland must have if she is to advance as a city and as a seaport.

We declare that the scale of wages and conditions recently adopted and announced by the Portland Chamber of Commerce and the Employers' Association shall stand without alteration.

Employers must have the right to employ for efficiency and discharge for inefficiency.

Independent workers must have the right to work when wages and conditions are acceptable to them, and they must have such protection as is necessary to guarantee their safety and peace in the community.

The people of this city in general, and the employers in particular, are called upon to support the Chamber of Commerce and the Employers' Association in the present fight to remove the most serious of the several local handicaps which have made it difficult in some, and impossible in other cases, to secure steamship lines to operate from and to this port.

WATERFRONT EXECUTIVE COMMITTEE of the PORTLAND CHAMBER OF COMMERCE and EMPLOYERS' ASSOCIATION OF OREGON.

Portland, Oregon, July 19, 1916.
