BUYERS TO STORM CITY

RECORD CROWD IS EXPECTED TO ATTEND ANNUAL EVENT.

Merchants Respond to Invitations in Sufficient Number to Insure Success of Buyers' Week. Nearly every merchant who has ever been in Portland for Buyers' week in previous years will be here for Buyers' week this year. This is plainly indicated by the response of the Chamber of Commerce has received to its invitations. Buyers' week next month will be the fourth annual affair of the kind. Every year the number of visiting buyers has been greater, and this year will be no exception.

One of the most enthusiastic of the prospective visitors is A. B. Means, of Umatilla, who won first prize for the best talk describing the superior advantages of his home town at the buyers' luncheon last year. "I surely will be on hand unless something awful happens," he writes. "My attendance at buyers' week has taught me that it is an institution that helps the merchant. He cannot keep in close touch with the stocks carried by the jobber in any other way."

Mr. Means reports that Mrs. Means will accompany him. Special attention has been provided for women visitors. A general reception will be extended to all visitors at the Chamber of Commerce building, opening evening, Monday, August 7. The Ad Club will provide another luncheon entertainment this year, and another series of live talks on home towns will be included in the programme.

LABOR'S ATTITUDE SHOWN

Picketing Injunction Case Arouses Central Council to Action.

Organized labor will be out in force Monday afternoon, when the Longview Canning will be required to show cause before Judge Woverton in the United States Court why the injunction that now restrains them from picketing the Answorth dock shall not be made permanent. The Central Labor Council Thursday night voted to encourage a representative crowd of union men to be in court to demonstrate the interest of organized labor.

If the injunction is made permanent a monster mass meeting will be arranged. Speakers advised the longshoremen to violate the provision for the purpose of getting themselves arrested and jailed. Thus, they pointed out, public sympathy would be aroused in their favor. The council also endorsed the proposed constitutional amendment proposed for the manufacture of beer in Oregon.

CHILDREN ARE VICTIMS

MAYOR ALBEE SAYS PLAYGROUNDS WILL NOT CLOSE AUGUST 11.

Question of Source of Appropriation Only Matter Which Troubles Commission, Is Assured.

"There is no danger of the playgrounds of the city being closed August 11." This positive assertion from Mayor Albee yesterday put to rest the fears of hundreds of mothers and thousands of youngsters.

"We have not intended that the playgrounds would be closed, and the question of their being provided for has just been an effort to determine from what source the appropriation would come," continued the Mayor. "We had hoped, and some of the Commissioners still think, that Commissioner Baker would be able to transfer the necessary \$2000 from one of his appropriations still unincumbered to the use of the playgrounds. But if that course is not possible, it will, of course, have to come from some other source."

Mrs. H. J. Kelly, of the Vernon Park Teachers Association, and Mrs. G. Nealand, playground chairman of the Portland Parent-Teacher Association, called on Mayor Albee and J. D. Conville yesterday. The Mayor assured the women that there was no probability of the playgrounds being closed before the close of the season.

"The fact that the Council refused to make an appropriation from the general fund of \$2000 at the meeting of the Council did not mean that they intended closing the playgrounds," said the Mayor. "All of the Commissioners are heartily in favor of keeping them open."

Under the direction of Mrs. Nealand, therefore, the women and their children went ahead with their plans in playground work for the remainder of the season.

Mrs. Nealand has called a meeting of the heads of the playground work in the parent-teachers' associations for next Tuesday at the Central Library. The meeting will be held in room G at 3 P. M.

MR. DIECK WANTS TRUCK

EMERGENCY MEASURES PASSED BY CITY COUNCIL.

Treasurer Authorized to Receive Interest Without Installments on Assessments Year Old.

A number of ordinances with emergency clauses attached passed by the council at their meeting yesterday morning. Upon the request of Commissioner Dieck, the purchasing agent was authorized to receive the title to trucks, from which one will be selected for the use of the department of public works. Commissioner Dieck asked for the motor-truck, saying that additional transportation in connection with emergency sewer repair and similar work made the purchase imperative.

The Council also passed an emergency ordinance permitting the water-works department to erect a dam at reservoir No. 2, owned by the city.

The Council adopted the recommendation of the department of public affairs that the contract for furnishing the vacuum cleaning equipment for the public Auditorium be awarded to John H. Niedermark for \$18250. An ordinance providing for the erection of a temporary floor in the public Auditorium was also passed by the Council. By ordinance, the City Treasurer was authorized to receive without interest on bonded assessments made prior to July 1, 1916. According to the report of the Treasurer, the city interest on bonded assessments made prior to July 1, 1916, is having a difficult time to meet installments.

Honest Man Comes Forth; Stolen Wagon Paid For.

Convert of Apostolic Mission Returns Owner of Property.

DIAGENES and his lantern, once more are put to shame. In St. Johns another honest man has come willingly to light and paid for a wagon which he stole two years ago, when need was pressing and his sense of right and wrong not so acutely developed.

As a result W. S. Laughters, of the Laughters Mercantile Company, St. Johns, has had restored to him \$40 or \$50 which he never knew he rightfully possessed.

The hero of this story, finding himself in need of a wagon two years ago, appropriated one from Mr. Laughters' wagon yard. He said nothing about it and Mr. Laughters did not miss it until several others in the yard were stolen. Recently the honest man became a convert at the Apostolic Faith mission.

POOR NEED CLOTHES

Charities Appeal for Hundreds of Women and Children.

PICNIC DEPENDS ON GIVERS. Nearly 600 Are Listed to Go on Outing if Garb is Provided Before Thursday, Date of Excursion to Salem.

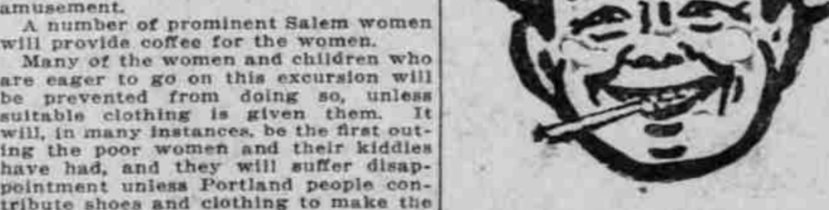

The Associated Charities is appealing for clothing for women and children. Hundreds of women and children of this city have been invited to attend the all-day excursion and picnic to Salem, Thursday, August 3, at 10 o'clock. The Southern Pacific Railroad has agreed to make up a train of 10 cars to take the gathering to Salem.

Through the efforts and kindness of Mrs. Edith Tozier Weathered, secretary of the board of directors of the State Fair, the fair grounds will be turned over to the merry-makers, and the Arnold Amusement Company will donate the use of merry-go-rounds, swings and various other forms of amusement.

A number of prominent Salem women will provide coffee for the women. Many of the women and children who are eager to go on this excursion will be prevented from doing so, unless suitable clothing is given them. It will, in many instances, be the first outfit the poor women and their kiddies have had, and they will suffer disappointment unless Portland people contribute shoes and clothing to make the trip possible.

Between 500 and 600 persons are expected to be taken on the picnic. Groups are to be sent by the juvenile court, Visiting Nurse Association, Fruit and Flower Mission, British Benevolent Society, Salvation Army, Volunteers of America, Portland Commons, Catholic Women's League, People's Institute, West Side and Albina branches and the Mothers' Pension Bureau.

One of the most needy and urgent cases before the Associated Charities is that of a mother of six children, the seventh child being expected shortly. The family is utterly destitute. There is no clothing of any description for the unborn babe, and scarcely sufficient to cover the other six. The mother also is in need of clothing and nourishment.

Yes, we'll put a straw halo round your dome for as low as ninety-five cents. Or a Panama belfry for \$3.85. Or a Mackinaw top for \$1.45. All the hat styles here for less during the twice-a-year clearance sale in all departments.

SEARCH FOR BOYS FAILS

GEORGE AND CLARENCE BURCHESKI NOW BELIEVED DROWNED. Police and Mother Comb Territory for Lads Who Have Not Been Heard From for Three Days.

For the three-day absence of George and Clarence Burcheski, aged 15 and 7 years, from their home in St. Johns, members of the searching party, which has necessarily scoured the district for trace of the missing boys, can offer no explanation save that both have probably met death by drowning in the Columbia sloughs.

The boys were last seen Tuesday afternoon when they left the Scott Lindley dairy ranch to return to their home. The ranch is near the sloughs. When they did not come home, the parents told of the disappearance to Lieutenant Jenkins, of the St. Johns police substation. Searching parties were organized and for three days every possible place has been thoroughly searched.

Yesterday Lieutenant Jenkins sent the police auto out with Mrs. Burcheski on a tour of the surrounding country in search of her sons. The mother is frantic with grief, while the father has spent practically every moment since the boys were missed in the futile quest for them.

The proposal to drag the sloughs has been advanced, but the large area to be investigated, and the lack of any accurate knowledge of the probable location of the bodies, if the brothers were drowned, makes dragging practically prohibitive.

The father is Stanislaus Burcheski, who came from Washington several months ago to work for the Western Coöperative Company. He has been without employment for the last week. The eldest boy, George, was dressed in a brown woolen shirt, bathing suit, overalls and black shoes. He is four feet eight inches tall and weighs 30 pounds. Clarence was barefooted and dressed in a blue shirt and overalls. He is dark and has brown eyes.
