SENATOR BACKS UP MR. HUGHES' CHARGE

Removal of Director of Census Made to Create Vacancy for Political Reasons.

RESIGNATION FORCED ONE

Real Issue Declared to Be Deliberate Misrepresentation of Facts by Secretary Redfield in Denial of Accusation.

WASHINGTON, Aug. 10.—Senator Townsend, Republican, of the census committee, made a statement in the Senate today supporting the declarations of Charles E. Hughes that E. Dana Durand, ex-Director of the Census, was removed from office to make a vacancy for political reasons and taking issue with Secretary Redfield's rejoinder that Mr. Durand retired voluntarily.

"The Secretary of Commerce easys Mr. Durand resigned," said Senator Townsend. "That is not correct. The fact is that Secretary Redfield called on Durand in April and said that he desired his position. Durand replied that much important work was in progress and that he ought to be allowed to finish it. The next day Mr. Harrie' (William J. Flarrie) nomination was sent to the Senate and the next day it was announced that Mr. Durand had resigned."

Facts Explained to Committee. Senator Townsend said he had ex-plained the facts to the census com-mittee and delayed the confirmation of

plained the facts to the census committee and delayed the confirmation of Harris.

"I believe it is well for the country to know the facts," continued Senator Townsend. "Mr. Durand was practically removed. He resigned under pressure, after he had stated he ought to remain until the census reports were completed. The telegram sent out by Secretary Redfield absolutely was unfaithful to the facts. Mr. Harris was appointed for political reasons and his name sent in after Mr. Durand was forced out of office."

Senator Smith, Democrat, of Georgia, said he Jesired to "congratulate the other side in that they have at last found an issue. My criticisms of the President and Secretary of Commerce in this matter." Senator Smith continued, "is that they did not remove Mr. Durand frankly and openly from office. He was inefficient as an executive officer. There were waste of money, duplication of work and carelessness of management in his administration. He was a man utterly without executive capacity of the kind needed in a director of the census."

Redfield Is Real Issue.

Redfield Is Real Issue.

Mr. Harris is now a member of the Federal Trade Commission.

Senator Penrose said that Durand was not the issue.

"The issue here," he said, "is that the Secretary of Commerce deliberately and publicly stated that Durand resigned and was not removed, and it later turns out that he was removed and the Secretary of Commerce, to put it mildly, is detected in deliberately misrepresenting the facts to the American people. I am not a fanatical civil can people. I am not a fanatical civil service reformer myself, but I abhor the hypocriey which characterizes this whole transaction."

WASHINGTON, Aug. 10.—A net profit excise tax on all manufacturers selling goods to foreign governments, as a substitute for the munitions tax in the pending revenue bill, is being seriously considered by Democrats of the Senate finance committee.

The tax on munitions of war, including copper products, as proposed in the House bill, has been giving Democratic Senate leaders considerable trouble. They have been told by experts, however, that the substitute virtually agreed on would not constitute an export tax and would be constitutional. WASHINGTON, Aug. 10.—The shipping bill was taken up in the Senate today just before adjournment, when Senator Jones began a speech on it with the announcement that he would not be offended at Senators whose business drew them from the chamber. Most of the members took him at his word and left.

Senator Jones charged that the bill, with its \$50,000,000 appropriation, was a violation of the sconomy promise of the Democratic platform of 1912. He estimated that more than \$750,000,000 tin all would be needed to create the tonnage necessary to care for American shipping.

An effort to arrange a tour up the Williamette Valley for Mr. Hughes has been under way, but Mr. Rodway doubts that this can be done, although the plans are still being attempted.

Should the Valley trip be found impracticable, it is possible an afternoon meeting for women will be arranged at which Mr. Hughes will speak. This will be in addition to the regularly scheduled night meeting at the Ice Palace.
