

THE DOBERDO PLATEAU HELD BY ITALIANS

First Stage of Bitterly Contested Action on Isonzo Drawing to Close.

NEW ARTILLERY IS FACTOR

Hand-to-Hand Fighting, However, Unprecedented—Austrians Not Demoralized, but Resist Every Step of Way.

ROME, via London, Aug. 11.—The Italians have occupied the entire Doberdo plateau, the War Office announced today.

The Italians also have captured Rubbia and San Martino del Carso. They have reached the line of the Vallone River. The Austrians have retired to the east of the town of Vallone.

By their new victories the Italians appear to have taken an important step toward clearing the salient formed by the bend of the Isonzo below Gorizia. The Doberdo plateau was the scene of heavy fighting early in the war, but the Austrians obstinately withstood efforts of the Italians to win this important position.

Armies Approach Trieste. This fighting took place on a front some distance below Gorizia, the capture of which enabled the Italians to push forward in the direction of Trieste in this region. San Martino del Carso is 20 miles from Trieste. It is about 20 miles from Trieste.

Reports show that the lower Isonzo is drawing the Austrians to the first stage, with the list of Austrian prisoners growing. The number of men killed or wounded is large. Neither side has made an accurate estimate of the casualties, though those of both sides will probably reach 30,000. From evidence arriving here the belief prevails that the victory of the Italians was not due to the demoralization of the Austrians, as the fighting was the fiercest seen on this front.

Austrians contested every foot of the ground about Gorizia, even after the loss of strategic points of Monte Sabotino and Monte Michel.

Fighting Appalling in Feroocity. While the success of the Italians undoubtedly was due largely to the new heavy artillery, which reached the front after a year of waiting for their manufacture, the heavy 305-millimeter guns, yet the hand-to-hand fighting was appalling in feroocity.

Knives, bombs, cavalry swords, pistols and arms of every description being used.

Personal deeds of heroism were plentiful, especially in connection with the Italian use of a new method for detecting the smoke from the muzzles of the almost certain death of the soldier who plants the bomb for this purpose.

The victory of the Italians is considered all the more creditable, since the Austrians on the lower Isonzo had long prepared for an attack on a large scale, having successfully resisted many previous ones at similar points.

The staking of Monte Sabotino, the key to Gorizia and that vast section is regarded as the biggest feat in all the fighting in the lower Isonzo region.

GROUND STREWN WITH BODIES Battle Continues to Gorizia Suburbs, Then Aspect Changes.

PARIS, Aug. 11.—"Entering Gorizia by the Via Leonia, the sight that meets the eye is most striking," telegraphs the Petit Parisien from the Isonzo front.

"It is here that a furious battle was fought for possession of the town. The Austrians are half destroyed by shells or riddled with bullets.

"The ground is strewn with bodies, uniforms, helmets and rifles. The Austrians continued above our heads and enemy aeroplanes whirled across the sky, shot at by our gunners, while in the distance could be heard the furious clacking of machine guns.

"The spectacle before us was superb. Over the bridge, the Austrians passed at a trot. The Austrian artillery sent towards them whirlwinds of shells, the smoke from which completely blotted out our view from time to time. When the smoke blew away one could see the batteries still proceeding on their triumphant way. The men of the line regiments yelled, wept and clapped their hands in their enthusiasm. Some of the gunners fell wounded, but the bridge was passed and our guns began to get near the enemy.

"As soon as one passed the first houses and got into the city, the aspect of things changed completely. Normal life was resuming its course, and if it had not been for the fact that the struggle one would not have known that a battle was in progress nearby. In the Carso, one of the principal streets, a big case was open, filled with officers and civilians, the troops and citizens fraternizing freely in their joy over the Italian entry into the city. Our flags floated from the windows of all the houses.

"The population has almost all returned to their homes. The Austrians forced the inhabitants to leave the city itself, but they remained scattered throughout the environs of the place awaiting the retreat of the enemy to make their way back."

POLISH STATUS IN DOUBT

Germany and Austria Said to Be Deadlocked Over Policy.

BERLIN, via London, Aug. 11.—An official communication today says that the Imperial Chancellor, Baron von Bethmann-Hollweg, accompanied by Gottlieb Jacow, the German foreign minister, has gone to Vienna to visit Baron Burián, the Austro-Hungarian foreign minister, to continue the conference concerning territory occupied by the central powers.

AMSTERDAM, via London, Aug. 11.—German newspapers received here say negotiations between Germany and Austria-Hungary on the future political status of Poland have been broken off, but will be resumed shortly on a new basis. The newspapers explain that the negotiations are of a difficult nature, as both parties seek to exercise control over an autonomous Poland.

MOOSE TICKET HELD USELESS. DENVER, Aug. 11.—Clarence F. Dodge, of Colorado Springs, presented his resignation as state chairman to the state Progressive assembly here today. Mr. Dodge recommended that no state ticket be put in the field, as he felt it would be useless without a National ticket.

OFFICIAL WAR REPORTS

Russian. PETROGRAD, Aug. 11.—The text of today's official report is: "Fierce fighting is continuing on the River Stokhod, in the region of Mikhlachabey, the village of Vuiski Lubachevska, the town of Stobyyv and the village of Zarochy.

"On the River Sereth our troops are advancing as a result of fierce fighting. The enemy is making a desperate resistance, alternating between defensive actions and counter attacks. Notwithstanding the enemy's efforts to stem our advance, our gallant troops under General Scharshov by series of repeated attacks, pushed the enemy out of villages and woods on the right bank of the river and have reached the village of Zolotye Gory. They are fighting before the village of Troianesgrove. We took here 2000 men and the commander of an Austrian regiment with the entire Austrian staff and chaplain.

"In a westerly direction our troops reached the left bank of the Zlota Lipa, capturing during the engagement the village of Lazaruvka and taking more than 1000 Austro-German prisoners. One of our Grenadier Cossack regiments launched here a cavalry attack, taking more than 200 prisoners and capturing three machine guns.

A German regiment, having crossed the River Zlota Lipa near the village of Zedaruw, attempted a counter attack on the position we occupied, but was repelled with enormous losses. Our brave cavalry detachments, having forded the mouth of the River Zlota Lipa, attacked the enemy and, pursuing him, reached the left bank of the Dniester in the bend to the villa south of Uscielone (southwest of Monasterzyka).

"The total number of prisoners taken during the battles of August 8 and 9 amounts to 6000.

An official statement issued late tonight says: "On the night of August 9-10 French aerial squadrons bombed the railway station and barracks at Voussiers and the station at Bazancourt."

French. PARIS, Aug. 11.—The text of today's official report of the War Office is: "North of the Somme our artillery directed a destructive fire against the defenses of the enemy. In the course of our operations we took prisoners and captured two machine guns in the small wood north of Hardecourt.

"On the left bank of the Meuse (Verdun front) we made a surprise attack on German trenches east of Tilly and brought back prisoners. On the right bank of the river there was the usual artillery fighting, as well as skirmishing with grenades and throwing of Thaumont works. On the remainder of the front intermittent artillery fighting occurred.

On the night of August 9-10 French aerial squadrons bombed the railway station and barracks at Voussiers and the station at Bazancourt."

Friday's War Moves A FURTHER series of surprising successes by the armies of General Scharshov and Letchitzky were announced yesterday by the Russians. The most important of these successes were the capture of the important railway junction town of Stanislaw, the definite occupation of Monasterzyka and the capture of important positions of the Zlota Lipa line.

Coupled with these victories was the capture of many thousands of prisoners, especially on the right bank of the Zrath, where the prisoners taken numbered 6000. The Germans appeared to regard the Kovel-Lemberg great as the most critical on the eastern front, and the appointment of Field Marshal Paul von Hindenburg does not hold the controlling command over the troops guarding the southern approaches to Lemberg, where General Letchitzky, having taken Stanislaw and being within striking distance of Halich, is rapidly completing his encirclement of the army of General Gortchakow.

Possession of Stanislaw and Kolomea makes secure the Russian possession of Bukovina and gives them a base for an invasion of Hungary.

The German official statement yesterday admitted that a regrouping of the Teutonic forces was taking place in order to meet the new positions of the Russian army.

Nothing sensational is happening on the western front, where the entente allies maintain a steady pressure. Although the British forces have had little activity north of the Somme, the French report the capture of additional German trenches near Maurepas and fortified quarry north of the Hem wood.

The Wilson River route which will make it a 65-mile trip. They carried a pack average of 40 pounds, one made up entirely of bedding and the others containing blankets, cooking kit and other supplies. They expected to reach the beach under two and a half days. Baggage suits and fishing gear were included in their packs for use along the way and they plan to put in about a week or ten days altogether on the coasting. Miss Schneider has been engaged to teach in the Gaston School the coming year.

LONDON, Aug. 11.—Fighting between the British and Turkish forces in Egypt, east of the Suez Canal, continued on August 9 and 10, with no important changes on either side, according to an official statement issued tonight.

The counter-attacks caused the British to fall back to their entrenchments. The statement follows: "On August 9 the Turks, who were holding a line running approximately north and south through Birelad, with their right on the Bardawil lagoon and their left thrown back in a curve to the east, were driven back by our mounted troops. They made three counter-attacks, all of which were repulsed. About 2 P. M. they made a general counter-attack along the whole line. Our cavalry then fell back slowly. Our guns shelled large stacks of stores and conveyed the evidence of only 2000 yards, the Turks replying to this bombardment with what are reported to be six-inch howitzers.

"The enemy's strength is estimated at about 6000 men, including a fresh regiment which was not engaged in the action at Boman. His casualties were heavy.

"On the 10th our cavalry remained in observation of the enemy, who required to his entrenchments.

General Sarrail commands a magnificent Anglo-French and Serbian army. With the Russian, the French, the British and finally the allied offensive in full swing, the drive from Saloniki would find a weakened opposition.

Reports reaching London lately declared that Bulgaria was seeking a separate peace. Some dispatches from Athens even have declared that Czar Ferdinand was now ready to transfer his allegiance to the allies. Whatever action Bulgaria takes, the offensive through Serbia will have a great effect on Greece and Roumania.

If Venizelos is elected premier, Constantine will be forced to declare for the allies. Bucharest has been wavering, and a show of allied power in the Balkans, coupled with the Russian victories, may prove the final inducement to bring her into the allied ranks.

JUNCTION CITY HAS BIG CONCERN. JUNCTION CITY, Or., Aug. 11.—(Special.)—The combined Harrisburg and local bands, assisted by members of Albany and Eugene bands, gave a concert last night to a large attendance from Northern Lane County. Director of the Albany band, Charles Cochran, cornet soloist for three seasons with McElroy's band, and S. F. Humps, of Eugene, were present. William L. Perman is the local director. Royal Thomas gave a trombone solo.

Madrid's great brickyards, employing 40,000 men, may have to close because of a lack of coal. Labor conditions there are not of the best.

Family Takes 65-Mile Hike. GASTON, Or., Aug. 11.—(Special.)—Mrs. George Schneider, Miss Clara Schneider and Albert and Walter Schneider, of Gaston, left Tuesday on a hiking trip to Garibaldi beach taking

corps against the following objectives: Zeppelin shed at Brussels, railway sidings at Mons, railway sidings and air-ship sheds at Namur, Busigny railway station, Courtray railway station twice. Of the 53 machines which participated only two failed to return."

Germany on Eastern Front. BERLIN, via London, Aug. 11.—"Today's official report on the fighting on the eastern front says: "Front of Archduke Charles Francis—Southwest of Monasterzyka and in the angle formed by the Dniester and Bystritsa, strong Russian forces attacked us. The superiority of the enemy compelled the brave defenders to give way at some points. Our counter attacks intercepted storming attacks of the enemy and brought the fight to a standstill. A regrouping of the allies (Teutonic) troops, which was ordered so as to take into account the altered positions of the Russians, is now taking place.

"In the Carpathians the enemy made futile efforts to wrest from us Advan-ship and gained south of Zabie. "Balkan front—South of Lake Doiran the enemy made sham attacks with weak detachments, which were repulsed by our fire without serious fighting."

Request for Permission to Publish Lusitania Note Was Inadvertence.

BERLIN FINALLY MISLED Germany, Not Informed of Changed Plan, Said to Have Attached Undue Importance to Apparent Settlement.

WASHINGTON, Aug. 11.—State Department officials today explained that the request to the German Embassy for permission to publish one of Count von Bernstorff's notes on the settlement of the Lusitania case was an inadvertence.

"At first it was denied that any such request had been made but an investigation of the department's files disclosed that a letter prepared by subordinate official has been signed either by Secretary Lansing or Acting Secretary Polk and had been transmitted to the German Embassy.

State Department officials declared that too much importance had been attached to the request by the official quarters and that it was not, as interpreted, an indication that German proposals were to be accepted as satisfactory.

Signing of Letter Admitted. State Department officials today broke their silence on the subject and asserted that what really happened was this: "A subordinate official who assembles the diplomatic correspondence periodically compiled an account published as a White Book, wrote the German Embassy a letter, which Mr. Polk admitted was signed either by himself or by Secretary Lansing, for permission to publish one of the Lusitania notes submitted by the German Ambassador on December 11, 1915, and giving its assent with the suggestion that the last note, dated February 16, be published at the same time. This suggestion was not answered. On the other hand, the suggestion that any of the correspondence be published was dropped at once on the decision of higher officials that the circumstances which intervened to prevent a conclusion of the negotiations had not been altered and that the situation still was in a condition which did not warrant publication of any of the correspondence.

Embassy Not Informed. The Embassy was not informed of the changed plan. Word was sent to Berlin that the note would be made public when it was not.

When information was received here of the request to the Embassy and its reply German Embassy officials were questioned and they led inquirers to believe they considered the proceeding as an indication of acceptance on the latest proposal.

The view of the situation was laid before Acting Secretary Polk Wednesday by a proposal, based on German official circles. Mr. Polk's reply was a refusal even to discuss the Lusitania case.

Today, however, as a sequel to publication of a statement of the situation as it had been gained from German sources, the State Department for comment, the explanation was made as in the foregoing.

WAR DEPARTMENT CALLS FOR CAPTAINS' REPORTS. Captains Williams Directed to Furnish Data for Record of Each Commissioned Militiaman.

CAMP WITHYCOMBE, Or., Aug. 11.—(Special.)—Captain Kenneth P. Williams, United States Army, chief mustering officer for the state of Oregon, now in command at Camp Withycombe, has been ordered by the War Department to render individual reports on all officers of the Third Infantry, Troop A, Cavalry, Battery A, Field Artillery, and medical officers, Oregon Militia, mustered in the Federal service by him at Camp Withycombe during the months of June and July.

These data are to form the individual efficiency reports of all officers, and a recommendation as to their physical, moral and professional qualifications to perform efficiently all the duties of the grade or rank which they now hold in the militia in Oregon troops at the front.

The data are to be used under the provisions of section 7, of the National defense act, which is applicable to the organized militia in the service of the United States. It is applied in view to eliminating officers of the militia who have demonstrated their incapacity to command troops.

SALEM, Or., Aug. 11.—(Special.)—Final disbursement of \$4060 to members having claims against the Oregon Automobile Mutual Life Association, of Eugene, was made today by Harvey Wells, State Insurance Commissioner. This mutual organization, formed in 1912 by residents of Eugene to insure themselves against fire, suffered heavily in 1913 when a garage burned at The Dalles. An assessment was levied on the members to pay the claims.

When the insurance department took over the records of the association it found claims for losses amounting to \$476. The department has collected about 90 per cent of this amount.

SALEM, Or., Aug. 11.—(Special.)—For the week ending August 10 a total of 314 accidents were reported to the State Industrial Accident Insurance Commission.

The company today reported that it had orders on file for 79 open cars, 25 of which are in the shop. It has 300 empties available to fill these orders.

ORDERS FROM MILLS ALL OVER THIS SECTION OF OREGON TO THE COMMISSION FOR aid in securing more cars are being received daily, and unless substantial relief is obtained in a short time, many mills will be forced to close.

SALEM, Or., Aug. 11.—(Special.)—For the week ending August 10 a total of 314 accidents were reported to the State Industrial Accident Insurance Commission.

Commission. None of them were fatal. Of the total number reported 232 were subject to the workmen's compensation act, 42 were from public utility corporations and 40 were from firms and corporations which have rejected the act. Accidents by industry were as follows: Sawmill 39, logging 49, construction 59, railroad operation 33, paper mill 15, iron and steel 10, light and power 7, meat packing 4, mining 3, passengers 7, machine shops 10, transportation 4, transportation 2, sawnery 2, ice plant 2, laundry 2, and one each for bakery, printing, rock crusher, tin shop, tractor on highway, trespasser, bottling works, framing, drug company, fire extinguisher manufacturing, meat market, woolen mill, furniture manufacturing, grocery, woodwork, landscaping and fruit products.

SALEM, Or., Aug. 11.—(Special.)—Progress of the schools in Klamath County during the last year shows well, according to the annual report of County Superintendent Peterson, filed today with the State Department of Education. Of the 44 districts embraced in the report, 33 had school terms of nine months. Nearly 90 per cent of the teachers in the county are graduates of normal school and about 20 per cent are university graduates. The salaries paid teachers in country schools average \$71.90 a month, the highest of any county in Oregon. Men instructors received an average of \$103.20 a month, and women \$77.54 a month, making an average salary for the entire county of \$82.87. Read The Oregonian classified ads.
