

JOHN MOCK, PIONEER OF 1852, IS DEAD

End Comes Rapidly to Donor of Columbia University Site in Portland.

TERM SERVED IN COUNCIL

Dr. W. F. Amos, Son-in-Law, Called From Mazama Outing to Be at Bedside of Early-Day Livestock and Mining Man.

John Mock, 73 years old, ex-City Councilman of Portland and pioneer mining and livestock man, who crossed the plains with the memorabilia of 1852, died last night at his home on Willamette boulevard, near Columbia Park.

Mr. Mock was the father of Mrs. J. B. Yeon, Mrs. William F. Amos and Miss Margaret Mock, all of Portland, and of John Mock, who is in the Okanogan country in Washington.

Daily did not have anything to do with removal of the 5 per cent penalty until recently required of patrons by the Portland Railway, Light & Power Company, is not correct. He says:

In March, 1914, Mr. Daily wrote a letter to the company asking that the inequitable penalty on monthly bills be abolished.

John Mock, Pioneer of 1852, Civic and Educational Patron, Who Died Last Night at Age of 73.

Mr. Mock was born in Mechanicville, Pa., October 4, 1838. At the age of 5 years he moved with his parents, who were natives of Germany, to Platte County, Missouri.

After a few years Mr. Mock had been sinking rapidly and yesterday a message was sent to his son-in-law, Dr. W. F. Amos, who is with the Mazama on the Three Sisters outing, urging him to hurry home.

FILM AT HELING GRIPS

"CIVILIZATION" DECLARED TO BE MOST WONDERFUL PICTURE.

Manager Fange Holds Reception at Which Expressions of Amusement Are Heard Often.

"Civilization," a film production which opens one's eyes to undreamed-of possibilities in the motion picture, was watched last night at the Helling Theater by an audience of specially invited guests.

The film, which is a tense and utter silence, for the most part, which paid tribute to the exquisite perfection of artistry and the terrific grip of its dramatic work.

Not the minutest detail that would tend to the perfection of the production had been overlooked. From the raising of the curtain on the prologue, which is in pantomime instead of motion picture, to the last dramatic feature which follows the final scene on the film, the audience was immersed in a tremendous dream—a dream that seized hold of their feelings so that they came back to reality almost dazed by the power of the spectacle that had passed before them.

The special exhibition last night was tended, on invitation, by the managers of the city, representatives of the press, City Commissioners and other officials.

PLOT ON PIER LEAKS

Conspirators Overheard as They Plan Deed.

SEATTLE, Wash., Aug. 18.—The plot to destroy the Pacific coast shipping terminal here, which was slightly damaged by an explosion of dynamite early yesterday morning, was planned before August 8 and was made known to the police by a member of the Coast Steamship Company, owners of the wharf on that date, it was learned today. Special guards were placed at the pier by the dynamite men, who were through an opening in the seawall 200 feet away and escaped undetected.

Several important members were arrested by the police, who were seen in a restaurant discussing plans to destroy Pier D if the longshoremen's strike was not settled by August 15, it was learned today.

Mr. Irvine, manager of the Employers' Association, of Washington, said today that a man, whose name he withheld, informed him 10 days ago that he had overheard three men in a restaurant discussing plans to destroy Pier D if the longshoremen's strike was not settled by August 15, it was learned today.

RIVER HOLDS MAN CAPTIVE

Overturned Auto Pins D. H. Gibson in Cowllis; Rescued Later.

D. H. Gibson, a broker, who lives at 1051 East Morrison street, was pinned to the bottom of the Cowllis River by an overturned automobile near Toledo, Wash., yesterday morning. He was rescued by his chauffeur, and came back to Portland by train last night, but suffered injuries to his hip, but will recover.

Mr. Gibson says that the machine, which he had hired in Portland, turned over twice before entering the water. The driver was cut by flying glass, but managed to rescue Mr. Gibson, who does not know the chauffeur's name.

BORAH'S PLAN REJECTED

SHIPMENT BILL PASSED WITHOUT IMMIGRATION RIDER.

Effort to Incorporate Literacy Test Also Falls—President Authorized to Take Retaliatory Action.

WASHINGTON, Aug. 18.—The Administration shipping bill, creating a shipping board and allocating \$20,000,000 for its use in Government purchase or operation of ships, was passed by the Senate late today, by a strict party vote of 38 to 21. It already had passed the House in a slightly different form.

An effort by Senator Borah to attach the immigration bill to the measure as a rider was defeated, 22 to 27.

Several important amendments were agreed to just before the final vote, among them one by Senator Hoke Smith, which would reduce the salary of the shipping board members from \$10,000 to \$7,500 a year. Other amendments passed included one by Senator Fletcher, which would authorize the President to seek adjustment of tariff discrimination against American shipping through diplomatic negotiations and to take retaliatory action if such negotiations failed. Another by Senator Thomas would authorize the treasury to withhold clearance from masters of vessels who deliberately refuse to accept freight from American citizens without satisfactory reasons.

Senator Borah first offered an amendment incorporating the literacy test section in a provision to prevent the transportation of aliens to American shores. The amendment was voted down 20 to 23. He then offered the entire immigration bill as a rider and it was rejected, 22 to 27.

STEAMER IS SUNK IN GULF

Three Men Washed Ashore Alive; Ten Probably Dead.

GALVESTON, Tex., Aug. 18.—The steamer Pilot Boy, sunk in the Gulf of Mexico outside of Texas Christi Bay today, probably carried 10 men to their death.

The crew numbered 12 when the steamer left Galveston yesterday. It was said that three of the men aboard were washed ashore at Port Aransas, alive, according to reports.
